Dear Ms Madden

Acorns Nursery

Settings requiring local authority monitoring following inspection

As you know, the local authority has been monitoring the progress made by the setting since the inspection in November 2017. An officer from the local authority has recently provided a written report to Estyn, which summarises the setting's progress in addressing the inspection recommendations.

Outcome of the local authority monitoring

Acorns Nursery is judged to have made good progress in respect of the key issues for action following the inspection in November 2017. We will now remove the setting from the list of settings requiring local authority monitoring.

In order that further progress can be made, the local authority will provide you with a written summary of their findings.
