

Cabinet Response to Scrutiny Recommendations

To:	Cabinet Member for Place and Environment
From:	Place Scrutiny Committee
Date of Scrutiny Meeting:	13 th December 2022
Report Topic:	Waste Management and Recycling Strategy Review

Scrutiny Committee consideration:

The Place Scrutiny Committee were asked to consider the progress made to date, and the three-year review of the Waste Management and Recycling Strategy 2018-25, and to provide suggestions where improvements could be made.

Scrutiny Committee Recommendation:

The Place Scrutiny Committee noted the progress made to date and recommended that Cabinet approve the updated Waste Management and Recycling Strategy. The committee also recommended that Cabinet consider the following suggestions:

- A review of receptacles provided to residents to ensure they are fit for purpose;
- Where appropriate and practical, for litter pickers to separate the waste collected for recycling; and
- A programme of targeted engagement activity be undertaken to reach the 70% recycling target.

Cabinet Response to Scrutiny Committee recommendations

Please indicate by ticking the relevant box, whether the recommendation will be accepted, rejected or accepted in part, and provide detail where required.

Recommendation Accepted	Recommendation Rejected <small>(include reason for rejection and Cabinet decision – Cabinet Member to be invited to scrutiny committee)</small>	Recommendation Accepted in Part <small>(include detail and what the full decision is – Cabinet Member to be invited to scrutiny committee)</small>
