Review of Hackney Carriage/Private Hire Vehicle Driver's Licence

The Licensing Enforcement Officer explained that the matter had been brought before the Committee to review a Hackney Carriage/Private Hire Vehicle Driver's Licence, following a complaint received from a member of the public on the 3rd November, 2019 that the Licence-holder had overcharged a customer.

The Officer explained that the complainant was a disabled 72 year old lady, and had hired the licence-holder for a journey on the 25th October, 2019 from Nantyglo to the Learning Action Centre in Ebbw Vale and a return trip. The Licence-holder had charged the lady £40 for the journey, and the lady paid £35 as this was all the money she had in her possession at the time.

The Officer informed Members that calculated on a meter the charge for the journey should have cost in the region of £19 to £22. Following the complaint being received by the Licensing Department, the Licence-holder was asked to attend an informal meeting. At that meeting the Licence-holder did not deny the charge levied against him, and added that he had travelled from Six Bells, Abertillery to pick up the fare and this was the reason for the extra charge. The Licensing Officer had explained that this was not allowed and that all fares should be recorded by the meter in the taxi, and the meter should not start until the driver picks up a fare.

The Licence-holder was then invited to attend the meeting under caution, and the Officer outlined the comments of the interview to Members. The offence outlined was that of overcharging and the Licensing Officer also stated that by not using the meter fitted to the taxi, this was also in breach of a by-law of the conditions of the Hackney Carriage Driver's Licence.

The Licensing Officer informed the Committee that the licence-holder had been issued a HCD's Licence since 2006 and since that time the Department had received complaints in 2009 and

2018.

In relation to the current complaint and the issues surrounding the fare, the Licence-holder explained to Members that he had travelled from Six Bells to Ebbw Vale, and then Ebbw Vale to Six Bells on the return journey, and as a result was 'out of pocket'. He also informed that the lady had told him that her son would be meeting her at Wetherspoon's in Ebbw Vale, however, when he arrived in Ebbw Vale the lady's son was not there to help her. He had no other comments to make other than he was not a carer who should be expected to assist people in and out of his vehicle.

The Committee considered the evidence and the representations received from the Licence-holder and the Licensing Enforcement Officer. Members expressed concern regarding the issue of overcharging and agreed that Hackney Carriage Drivers should be using meters in accordance with agreed procedures. Members were of the opinion that the licence-holder was no longer a fit and proper person to hold a Hackney Carriage Driver's Licence, and it was therefore

RESOLVED that the licence be revoked in accordance with Paragraph 6 of the Conditions of Licence, incorporating Code of Conduct, and Paragraph 3.2 of the information and guidance, including conditions related to Hackney Carriage Drivers Licences and Private Hire Vehicle Drivers Licences which stated that: "Where there is doubt about the fitness of an applicant or licence-holder, the Council will adopt a precautionary approach and may refuse the application, or revoke the licence, as the case may be".

The licence-holder was advised that he could appeal against the decision of the Committee, to the Magistrates Court, within 21 days of today's date.

Application for a new Hackney Carriage/Private Hire Vehicle Driver's Licence

It was reported that the Applicant had failed to appear before the Committee, and it was therefore

RESOLVED that the application be **DEFERRED**.
