THIS IS A MEETING WHICH THE PUBLIC ARE ENTITLED TO ATTEND

22nd July 2021

Dear Sir/Madam

PUBLIC SERVICES BOARD SCRUTINY COMMITTEE

A meeting of the Public Services Board Scrutiny Committee will be held in Virtually Via Microsoft Teams (if you would like to attend this meeting live via Microsoft Teams please contact committee.services@blaenau-gwent.gov.uk) on Tuesday, 27th July, 2021 at 4.30 pm.

Please note that a pre and post meeting will be held 30 minutes prior to the start and following the conclusion of the meeting for members of the committee.

Yours faithfully

Michelle Morris
Managing Director

We welcome correspondence in the medium of Welsh or English. / Croesawn ohebiaith trwy gyfrwng y Gymraeg neu'r Saesneg.

1. SIMULTANEOUS TRANSLATION

You are welcome to use Welsh at the meeting, a minimum notice period of 3 working days is required should you wish to do so. A simultaneous translation will be provided if requested.

2. APOLOGIES

To receive apologies for absence.

3. DECLARATIONS OF INTEREST AND DISPENSATIONS

To receive any declarations of interest and dispensations made.

4. PUBLIC SERVICES BOARD SCRUTINY COMMITTEE 3 - 12

To receive the Minutes of the Public Services Board Scrutiny Committee held on 15th April, 2021.

(Please note the Minutes are submitted for points of accuracy only)

5. MOVE TOWARDS REGIONAL GWENT PSB 13 - 30

To consider the report of the Managing Director.

To: Councillor M. Cook (Vice-Chair)
Councillor S. Healy (Chair)
Councillor P. Baldwin
Councillor M. Cross
Councillor G. A. Davies
Councillor C. Meredith
Councillor J. Millard
Councillor M. Moore
Councillor J. P. Morgan
Councillor G. Paulsen
Councillor S. Thomas
Councillor H. Trollope

WITH: Service Manager, Policy and Partnerships
 Alison Palmer, Deputy Chief Executive Officer GAVO
 Kathryn Cross, Service Lead Integrated Wellbeing Networks
 David Arnold, Policy Officer (PSB)
 Scrutiny and Democratic Officer/Adviser

ITEM	SUBJECT	ACTION
	The Committee observed a one minute silence in memory of His Royal Highness Prince Philip, the Duke of Edinburgh.	
No. 1	<p><u>SIMULTANEOUS TRANSLATION</u></p> <p>It was noted that no requests had been received for the simultaneous translation service.</p>	

No. 2	<p><u>APOLOGIES</u></p> <p>There were no apologies for absence reported.</p>	
No. 3	<p><u>DECLARATIONS OF INTEREST AND DISPENSATIONS</u></p> <p>Councillor M. Moore and Councillor G. Paulsen declared an interest in item 6 - Age-friendly Communities Programme - Progress update.</p>	
No. 4	<p><u>PUBLIC SERVICES BOARD SCRUTINY COMMITTEE</u></p> <p>Consideration was given to the Minutes of the Meeting held on 25th February, 2021.</p> <p>The Committee AGREED that the Minutes be accepted as a true record of proceedings.</p>	
No. 5	<p><u>ACTION SHEET - 25TH FEBRUARY 2021</u></p> <p>Consideration was given to the Action Sheet from the meeting held on 25th February, 2021.</p> <p>The Committee AGREED that the Action Sheet be noted.</p>	
No. 6	<p><u>AGE-FRIENDLY COMMUNITIES PROGRAMME PROGRESS UPDATE</u></p> <p>Councillors M. Moore and G. Paulsen declared an interest in the following item and remained in the meeting.</p> <p>Consideration was given to the report of the Chief Executive Officer, GAVO.</p> <p>The Deputy Chief Executive Officer GAVO advised that the report presented a progress update regarding the PSB's Age-Friendly Communities programme and highlighted the work being undertaken with the Council's Engagement Team to develop this programme. She reported that there had been delays due to the impact of Covid on communities, however, work was now starting to progress. A Steering Group was now operating and the Community Development Manager from GAVO was supporting the 50+ Forum to revise and strengthen their governance documents. A third sector Engagement Officer from GAVO</p>	

had been appointed shared between Blaenau Gwent and Caerphilly County Borough Councils to provide additional staffing to support the work moving forward.

A Member commented that the one positive aspect from Covid was that it had brought communities together to support each other. Tenants and residents in Tredegar and other areas had been helping to deliver food parcels in conjunction with Social Services and had established links with hard to reach groups such as the elderly and most vulnerable people and he hoped these links would continue post-Covid. The Deputy CEO agreed there had been a magnificent response from the community right across the county. There had been a wider range of age groups supporting the community, and the organisation were considering some intergenerational work with those younger people that had experienced volunteering, perhaps for the first time on a community level, to retain that volunteering role to continue that community spirit. She felt this would support the age friendly communities work and the understanding between generations.

The Policy Officer commented that all the information gathered through the community groups providing services in response to the pandemic, the Council's locality response teams, the volunteers they work with and the Integrated Wellbeing Networks programme, could be brought together and built into the Age-friendly Communities programme.

A Member referred to paragraph 2.4 virtual events and activities, the Deputy CEO said that in order to retain some virtual activities there would need to be a blended approach, for instance if support could be provided to those people who were housebound to learn new technologies this would widen their opportunities to be involved. Community centres were not fully open as there were still restrictions in place and as such there was a need to look at different ways to provide services whilst recognising there were individuals who still did not have links to digital technologies.

A Member referred to CHAD a disabilities group who refurbish computers bespoke to the individual's disability. The Deputy CEO was aware of this group and other similar

	<p>groups such as Digital Cymru, the Wales Co-op initiative who loan out equipment and other initiatives whereby tablets and laptops were provided to Care Homes for residents to communicate with their families and would look at how to build on these initiatives in the near future.</p> <p>The Committee AGREED to recommend that the report be accepted and endorse Option 1; namely that the Public Services Board Scrutiny Committee accept the report and appendices as provided prior to it being submitted to the Public Services Board.</p>	
<p>No. 7</p>	<p><u>BLAENAU GWENT PARTICIPATORY BUDGET PROGRAMME</u></p> <p>Consideration was given to the report of the Service Manager Policy & Partnerships.</p> <p>The Service Manager Policy and Partnerships advised that the report provided an update on progress achieved towards a Blaenau Gwent Participatory Budget programme overseen by the Public Services Board. In relation to the Participatory Budget £100,000 had been identified to take this process forward in 2021/22, and he informed Members that further funding could be available during this financial year.</p> <p>In response to a Member's question regarding the use of consultants, the Service Manager said that additional funding had been requested from partner organisations to reduce the amount of money spent on a consultancy approach. Discussions had been held with the Participatory Budget (PB) Steering Group on the most suitable approach to take forward and they had recommended that the services of a consultant who specialised in delivering virtual Participatory Budget programmes be employed to oversee delivery of the programme. This would ensure that the Participatory Budget was effectively operated with appropriate advice and guidance and the community provided with the best opportunity to take forward grant arrangements. The Member felt it would be more appropriate to refer to consultants as specialist contractors in relation to the Participatory Budget programme.</p>	

A Member raised concerns regarding future increases to specialist contractor's fees and also stressed the need for a wide range of people from the community to participate on the PB Steering Group to ensure greater coverage of skills and suggested the Council's Citizen's Panel could be invited to participate as part of this programme. The Service Manager reassured Members that a capped fee arrangement had been put in place regarding the specialist contractor's fees to ensure value for money. In relation to the community involvement in setting out the Steering arrangements, he again reassured Members that the intention was to ensure that all communities were actively involved to represent the public and to ensure that it is an effective process. He felt that with the involvement of the specialist contractor, they would have the experience to reach the right people and advise on what had worked well in other areas. He would take the Members comments on board as part of the Steering process.

A Member enquired regarding the actual cost of the specialist contractor and other partner's contribution towards that cost. The Service Manager said from the £100,000, 10% could be deemed for administrative fees. Feedback from a specific specialist contractor was that the fee could potentially be £14,000 to £18,000, depending on the number of events held. This had been reported back to the Public Services Board to identify additional funding beyond this grant to support that process, and a number of Public Services Board partners had identified additional funding to support their arrangement, although there was no specific figure at this stage. From a scrutiny perspective there would be clarity on the actual spend and this would be monitored by the Public Services Board Scrutiny Committee and reported to the Public Services Board in accordance with monitoring arrangements outlined in the report.

He advised that the Steering Group would set the arrangements around what could be bid for and felt this was a good opportunity for elected Members to get messages out to community groups and organisations to take part in this opportunity. He added that as this was a community based project all elected Members would be kept up to date on progress and key information on how to be actively involved. He felt the use of a specialist contractor was a

	<p>real opportunity to ensure this was a success in Blaenau Gwent.</p> <p>A Member commented that the use of a specialist contractor in this instance was money well spent as a number of community groups and organisations would be looking to apply for money and the process needed to be open and transparent. The Service Manager pointed out that the specialist contractor was a very successful company in ensuring that the participatory budgeting processes across the UK were implemented effectively and provided the maximum benefits in the community.</p> <p>The Committee AGREED to recommend that the report be accepted and endorse Option 1; namely that the Public Services Board Scrutiny Committee accept the report as provided prior to it being submitted to the Public Services Board.</p>	
<p>No. 8</p>	<p><u>GWENT REGIONAL WELL-BEING ASSESSMENT</u></p> <p>Consideration was given to the report of the Service Manager Policy & Partnerships.</p> <p>The Service Manager Policy and Partnerships gave an overview of the report and advised that the report was provided to outline the statutory requirements for consultation on the assessment of local well-being and highlighted options for how the Public Services Board (PSB) Scrutiny Committee can fulfil their role as a statutory consultee.</p> <p>In relation to the regional grant funding from the Welsh Government, the Chair enquired when the outcome of the application would be known. The Service Manager advised there was £78,000 available for the region, the application that had been submitted was fully compliant with the terms and conditions as set out in the criteria and hoped to be informed of the outcome imminently.</p> <p>A Member commented that this was a large piece of work that needed to encompass hard to reach groups in the community such as the elderly, the most isolated, the disabled and young people especially Comprehensive age pupils and College students, who had had a difficult and</p>	

challenging year, especially with examinations due to the pandemic. Most schools now had a dedicated Well-being Teacher or Tutor and Link Governor in place to support youngsters and he felt the report should specifically reflect youngster's views.

The Service Manager clarified that this was a population based Well-being Assessment and encompassed all of our communities and would consider the different parts of the community to look at the differences and consequences and take this forward via the pillars of Well-being which were economic, social, environmental and cultural. Children and young people would have a big impact across these areas specifically from an education perspective and linking in with schools. He pointed out that one of the principles in para 6.1 read 'Consider well-being in Gwent in light of changing contextual circumstances and understand the implications of emerging challenges (e.g. COVID-19 pandemic, green recovery, EU Transition). He reassured Members that all areas of well-being would be investigated and would ensure links with schools through the Well-being Champions was progressed through the Engagement Team and Sub Groups. There had been a lot of progress in relation to well-being in schools and the new curriculum looked to place a strong focus on well-being, he was aware that Blaenau Gwent pupils had, in the past, participated in national well-being surveys and he would look out for that intelligence and data to investigate the issues raised.

A Member referred to old age pensioners and senior citizens and stressed they had no community connect at all during the pandemic and felt that every effort should be made to include this group of people. The Service Manager said that Members had identified two very important groups of populations and, as a whole population approach there was a requirement to look across the borough at all groups. He added that work was also being carried out around Community Impact Assessments in both of these areas at a Local Authority level and also with partners, he gave an example regarding the earlier paper which considered the Age-friendly community. The team were working closely with partners regarding understanding the impact of COVID-19 and other issues on specific populations and all that information would be tied into the Well-being Assessment process and allow the partnership to focus on

specific issues around the Assessment of Well-being moving forward. He added that the team would be actively looking to ensure that the appropriate links were made.

A Member requested clarification on the way this group would be set up and who would be responsible for producing the final report. The Service Manager clarified that the Public Services Board would be responsible for putting a Well-being Assessment in place. However, the PSB was made up of statutory partners so in essence it was the statutory partners responsibility to ensure this was delivered. He explained that a current project plan was being developed to ensure that the four pillars of Well-being i.e. economic, social, cultural and environmental aspects were fully analysed, considered and taken forward. Subject to agreement, there would be one document, an Assessment of Well-being, put in place for Gwent and that document would be presented for scrutiny to the appropriate committee for consideration. He reassured Members that Blaenau Gwent would be involved in all the key areas to ensure that comments from key groups were taken into consideration.

The Service Manager commented that this was the first time a Regional Well-being Assessment was being developed and said that discussions around the differences between the five local authority areas had been considered. It had been recognised that any Gwent Well-being approach needed to have a consistent way of considering the region as a whole. The current arrangements for the Blaenau Gwent Well-being Plan looked at the four Well-being areas in the borough, and negotiations were being held for those geographical areas to remain as they are. The report would consider geographical analysis from all five local authorities to look for differences and to ensure that any differences are highlighted and carried forward as part of that planning process.

A brief discussion ensued and upon a vote being taken;

The Committee AGREED to recommend that the report be accepted and endorse Option 2; namely that the Public Services Board Scrutiny Committee considered the report and provided the following specific comment for

	<p>consideration by the Public Services Board before approval;</p> <ul style="list-style-type: none"> • That a consistent approach to engagement be delivered with an emphasis on hard to reach groups, including youngsters and pupils from comprehensive schools and colleges and older people groups. <p>The Committee FURTHER AGREED to receive a further report on the movement to a regional PSB as part of the forward work programme.</p>	
<p>No. 9</p>	<p><u>INTEGRATED WELL-BEING NETWORK FOR BLAENAU GWENT</u></p> <p>Consideration was given to the joint report of the Director of Public Health, Aneurin Bevan University Health Board and the Service Lead Integrated Wellbeing Networks.</p> <p>The Service Lead Integrated Wellbeing Networks advised that the report provided an update on the progress made against implementation of the regional Integrated Well-being Network transformation programme in Blaenau Gwent. She informed Members that Covid had impacted greatly on this initiative and therefore had to deviate from the original objectives. In relation to health and well-being, efforts had been realigned with the community to support accessing services across the borough to maintain positive well-being at home during lockdown periods.</p> <p>A Member commented that Tredegar town centre was now a free wi-fi centre as funding had been secured for the next three years and felt it was important to make the community aware of this. The Service Lead agreed to advertise the free wi-fi in Tredegar town centre through network groups.</p> <p>In response to a Member's question regarding access to befriending services, the Service Lead advised that this was a specific befriending service, pre-Covid befriending was identified as a key priority. A voluntary organisation in Abergavenny had wanted to expand their befriending service into the Brynmawr area and after consultation, some befrienders had been recruited, pre-Covid, to that befriending service and as Covid developed the befriending</p>	

	<p>service was rolled out to the whole of Blaenau Gwent and further. Currently the voluntary organisation was at full capacity but had secured additional funding to be able to increase capacity across Blaenau Gwent.</p> <p>The Committee AGREED to recommend that the report be accepted and endorse Option 1; namely that the Public Services Board Scrutiny Committee accept the report and appendices as provided prior to it being submitted to the Public Services Board.</p>	
	<p>As this was the last Public Services Board Scrutiny Committee in the cycle the Chair thanked Members and officers for their contributions and support over the last year.</p>	

Agenda Item 5

Executive Committee and Council only

Date signed off by the Monitoring Officer: N/A

Date signed off by the Section 151 Officer: N/A

Committee: **PSB Scrutiny Committee**
Date of meeting: **27th July 2021**
Report Subject: **Move towards Regional Gwent PSB**
Portfolio Holder: **Cllr Nigel Daniels, Leader / Executive Member
Corporate Services**
Report Submitted by: **Michelle Morris, Managing Director, BGCBC**

Reporting Pathway								
Directorate Management Team	Corporate Leadership Team	Portfolio Holder / Chair	Audit Committee	Democratic Services Committee	Scrutiny Committee	Executive Committee	Council	Other (please state)
	12.07.21	15.07.21			27.07.21		30.07.21	

1. Purpose of the Report

- 1.1 To update members on the development of a regional 'Gwent' PSB, and the next round of the Assessment of Local Well-being and Local Well-being Plans, and to note any relevant governance changes required for the local authority and its committees.

A version of this report is being received by partnership Scrutiny Committees across Gwent for awareness and Cabinet/ Council for decision making as appropriate.

2. Scope and Background

- 2.1 The Well-being of Future Generations (Wales) Act 2015 is about improving the social, economic, environmental and cultural well-being of Wales. The Act sets out a collective well-being duty on specified public bodies to act jointly via public services boards (PSBs) to improve the economic, social, environmental and cultural well-being of their area by contributing to the achievement of the well-being goals.
- 2.2 As part of this collective well-being duty, the PSB must:
- Prepare and publish an assessment of the state of economic, social, environmental and cultural well-being in each community, and in the area as a whole, to be published no later than a year before its local well-being plan.
 - Prepare and publish a local well-being plan setting out its local objectives and the steps it proposes to take to meet them, published no later than 12 months after each local election.
- 2.3 The first [local well-being assessments](#) were published in May 2017. The [first local well-being plans](#) were published in May 2018 for Blaenau Gwent, Caerphilly, Monmouthshire, Newport and Torfaen. The next round of the well-being assessment and well-being plan are due to be published in May 2022 and May 2023 respectively.

- 2.4 The existing PSB partnership structure across Gwent is attached at Appendix 1.
- 2.5 The Act also provides for two or more PSBs to be able to merge if it would assist them in contributing to the achievement of the well-being goals.
- 2.6 There have been discussions at the Gwent-wide leadership group 'G10' and at each PSB about the merger of the Gwent PSBs to form a single regional PSB. The decision to do this must be agreed by each of the individual PSBs as the statutory bodies.
- 2.7 Each PSB in the Gwent region has agreed this in principle. The PSBs and G10 have also considered the importance of maintaining strong local partnerships in each area to support delivery of the Well-Being Plan and also other partnership work.
- 2.8 The future regional PSB partnership structure is attached at Appendix 2.
- 2.9 The drivers for the change to a regional approach and Plan considered by the G10 leadership were:
- improving the well-being of people across Gwent by strengthening governance, accountability, improving collaborative working and supporting a clearer partnership landscape;
 - providing the catalyst for a regional well-being assessment and well-being plan that maintains local accountability.
 - opportunities to align partnership legislation and PSB statutory duties for a more strategic overview of areas such the Crime and Disorder Act, Violence Against Women Domestic Abuse and Sexual Violence (VAWDASV) and the Childrens Act.
 - opportunity to develop regional scrutiny arrangements.
 - opportunity of aligning the focus of both the Regional Partnership Board (RPB) and PSB that will reduce duplication of activity, align strategic priorities and much closer collaboration over assessment, planning and delivery functions.
 - The approach supports the Welsh Government review on 'strategic partnerships' and specifically recommendation 3 of the recent Audit Wales Review of Public Services Boards¹.
- 2.10 There is a range of effective partnership work which takes place through the G10 leaders group and subgroup GSWAG (Gwent Strategic Well-being Action Group) which has also attracted funding through Welsh Government and delivery of work such as 'Climate Ready Gwent' however there is not one strategic direction for this work that a regional assessment and plan would provide.

¹ Recommendation 3 of the WAO Review of Public Services Boards includes '.....that Welsh Gov enables flexible models for merging, reducing and integrating their work with other forums such as Regional Partnership Boards; and – giving PSBs flexibility to receive, manage and spend grant monies

- 2.11 The current [Well-Being Plans \(2018-2023\)](#) form the delivery arrangements for the next two years and these will continue to be delivered by the local partnerships (One Newport; The Blaenau Gwent We Want; The Caerphilly We Want; Our Monmouthshire; Torfaen Public Services Board) supported by the regional PSB, and scrutinised by partnership Scrutiny Committees in each of the local areas.

A timeline for this activity can be found at Appendix 3 to this report.

- 2.12 Arrangements for Regional Scrutiny are being discussed among democratic services leads and the aim is to conclude this to meet the approval requirements of the local assessment of well-being needs. The scrutiny of the existing well-being plans is continuing through local Scrutiny in each individual area until 2023, as highlighted later in this report.

Options for Recommendation

3. Option 1 (Preferred Option)

The Committee consider and agree the following recommendations:

Recommendation 1: To move to a regional PSB as outlined in the report with the importance of maintaining strong local partnerships.

Recommendation 2: To establish regional scrutiny and the developing arrangements, and to receive further details as appropriate.

Recommendation 3: The local assessment of well-being, to be agreed by 5th May 2022, will be part of the PSB Scrutiny Committee work programme for 2021/22.

Recommendation 4: To support the proposed regional PSB terms of reference (Appendix 5), and requirements to make any relevant changes to committee structures and constitution.

Recommendation 5: The development of Local Delivery Partnerships to be considered in local scrutiny work programmes.

Recommendation 6: To continue to support Scrutiny of the [current Well-Being Plans](#) to 2023 through existing local partnership Scrutiny arrangements.

Option 2

The Committee consider and agree the recommendation in Option 1 and provide specific comment(s) for consideration.

4. Evidence of how does this topic supports the achievement of the Corporate Plan / Statutory Responsibilities / Blaenau Gwent Well-being Plan

This report is in-line with the requirements of the Well-being of Future Generations (Wales) Act 2015.

The Council will need to consider changes to its constitution and committee terms of reference, as a consequence of the proposed changes to delivering the statutory functions of the Act.

5. **Implications Against Each Option**

5.1 ***Impact on Budget (short and long term impact)***

Individual Public Service Boards are not core funded bodies, project activity is either core funded through partner organisations or via Welsh Government grant therefore there are no financial risks to developing a regional PSB.

5.2 ***Risk including Mitigating Actions***

Statutory Requirement for PSBs - Good progress is being made by officers of the PSB member organisations and development of the assessment of well-being is on track to meet statutory timelines. Subject to reports passing through internal governance structures the Gwent PSB should be able to form from September 2021, with provisional first meeting date looking to be set.

Once the regional body is in place there will be no local Public Service Board. Statutory functions and reporting will go to the regional board; however, local scrutiny arrangements continue to remain in place.

Delivery Blaenau Gwent Well-being Plan 2018-2023

The on-going objectives in each of the well-being plans will continue to be delivered through the local partnership teams, therefore any considerations and issues to the current well-being plan and projects associated with that plan will continue effectively met.

5.3 ***Legal***

Terms of Reference for Gwent PSB

The draft Terms of Reference at Appendix 5 have been developed based on the 5 existing terms of reference, Schedule 3 to the Act, the reported discussions at the meetings to dissolve the existing PSBs and the discussions at G10.

The terms of reference must be agreed at the first meeting of the Gwent PSB (Schedule 4 Article 4). However, further development is needed to support the proposed *Local Delivery Partnerships*. This is an important consideration raised by each local authority area and the supporting partner organisations.

The terms of reference can be agreed by the four statutory partners acting together, however given the 'collaboration' element of the sustainable development principle they will be agreed by the full set of members of the new board at its first meeting. It has been agreed in-principle that all members of the regional PSB whether statutory or invited will have equal voting rights.

The terms of reference and membership of the local Delivery Partnerships have not yet been drafted but will also need to be considered at the first

meeting of the Gwent PSB to ensure continuity of delivery of the 5 existing well-being plans which run until 2023.

Administering PSBs is a responsibility that falls to the local authorities. To ensure that this is shared equally there is in-principle agreement that this rotates around the five local authorities but on a two-year rotation to provide some continuity. The draft terms of references suggest that the Chair holds the role for a period of two years. Where a local authority holds the position of chair the administration role should move with that chair. Although other organisations may Chair a PSB, a local authority must chair the first meeting of the PSB and every mandatory meeting (after a local government election) thereafter.

5.4 ***Human Resources***

The regional Gwent PSB is being developed collaboratively with representatives from all Gwent local authority areas being actively involved from a governance and support perspective.

Progress against the overall move towards a regional PSB is reported to the PSB via a PSB Strategic Support Group, which in turn is supported by the PSB Engagement Sub-Group.

The Council's Policy, Partnerships and Engagement Team is responsible for the administration and coordination of the current Blaenau Gwent PSB so it is expected that role will continue for the new Local Delivery Partnership.

6 **Supporting Evidence**

6.1 ***Performance Information and Data***

Each of the five PSBs Blaenau Gwent, Caerphilly, Monmouth, Newport, Torfaen have discussed the proposal and agreed collectively to disband the local PSB and form a regional PSB.

6.1.1 Officer groups across Gwent have been reviewing and developing:

- Terms of reference
- Progress towards a Gwent well-being assessment and plan, including engagement
- Local Delivery Partnership arrangements
- Membership of the Gwent PSB
- Regional scrutiny arrangements
- Performance
- Links to other regional boards
- Openness, transparency and identity of the Gwent PSB

6.1.2 The terms of reference and membership of the local delivery partnerships have not yet been drafted but will also need to be agreed at the first meeting of the Gwent PSB to ensure continuity of delivery of the 5 existing well-being plans which run until 2023. Local delivery partnerships will need to include senior officers, with the ability to take decisions and direct resources, from all the Gwent PSB member bodies, and any local partners who are currently represented on the 5 PSBs but will not be at the Gwent PSB.

- 6.1.3 The local delivery partnership arrangements may differ in membership and scope but as a minimum will need to provide for the delivery of local priorities set out in the Gwent well-being plan and any local contribution to regional priorities.
- 6.1.4 The current thinking is that, for the new Gwent Well-being Plan 2023-2028, there are likely to be a set of overarching well-being objectives which will be met by regional and local activity. There are likely to be local actions which will be particular to a locality and determined by more local data and assessment. The local delivery partnerships will be tasked with contributing to the regional actions as well as delivering any specific local activity.
- 6.1.5 In order to meet statutory deadlines for the next iteration of the well-being assessment and well-being plan the engagement work is underway and there are regional sub-groups in place to develop and support delivery of the Gwent Well-Being Assessment.
- 6.1.6 The Gwent PSB inaugural meeting is proposed for September 2021 and the members will set their terms of reference and membership at that meeting.
- 6.1.7 All statutory and invited G10 member organisations (Aneurin Bevan Health Board, Blaenau Gwent CBC, Caerphilly CC, Gwent Police, Monmouthshire CC, Natural Resources Wales, Newport CC, Office of the PCC, South Wales Fire and Rescue Service, Torfaen CBC) are taking reports as appropriate within their own governance and this report forms part of the decision making for this local authority.
- 6.1.8 Each partner organisation is responsible for reporting to members and any necessary governance changes.
- 6.1.9 A robust performance framework is essential in facilitating the PSB to improve the social, economic, environmental and cultural well-being of Gwent. A framework is being developed to provide an integrated mechanism that focusses on the performance of partnership and collaborative activity that delivers the statutory duties, objectives and priorities of the PSB.
- 6.1.10 The framework will facilitate the regional PSB to hold the performance of delivery of its priorities and responsibilities to account and be accountable for its own performance. This will be closely linked to the development of other parts of the PSB governance arrangements including scrutiny arrangements, terms of reference, other Regional Boards and Local Delivery Partnerships.
- 6.1.11 The performance framework will need to be driven by a range of qualitative and quantitative data, experiences, research and evidence to allow the PSB to evaluate progress and impact. The PSB will need to have the skills and capacity to support the provision of up-to-date information, analysis and insight on well-being of people and places in Gwent.

6.1.12 Each of the current PSBs has an online presence, with their own [websites](#) that host key information e.g. the local assessment of well-being, the well-being plan, annual reports etc. It will be important that this is replicated for a Gwent PSB to ensure openness and transparency.

6.1.13 In addition, several PSBs have a social media presence through Twitter and Facebook. This includes social media guidance for partners in the use of the PSB identity and logos. The Gwent PSB will need to consider its own openness and transparency and potentially develop a Gwent identity, certainly this will be need for the next round of well-being planning. This will be an early consideration of the new PSB.

6.2 ***Expected outcome for the public***

The Gwent PSB, local delivery partnerships and the well-being assessment process, supported by local engagement and involvement processes, are crucial in ensuring that an effective well-being plan for Gwent is developed to improve local well-being for the area of Blaenau Gwent.

6.3 ***Involvement (consultation, engagement, participation)***

The regional well-being assessment (WBA) will need to be complete and signed off by the statutory members individually, and by the PSB collectively, by the 5th May 2022. The development of the well-being assessment also requires the input of the Future Generations Commissioner and Welsh Government. All groups are working to the assessment timeline attached at Appendix 4.

Consultation has taken place with:

- PSB Scrutiny
- All 5 Gwent PSB's and their existing partners
- G10 Executive Group
- Welsh Government
- Well Being of Future Generations Commissioners Office

6.4 ***Thinking for the Long term (forward planning)***

The Gwent WBA will outline future trends information and feedback from public engagement on what people consider would make the area a better place for the future. The Blaenau Gwent local delivery partnership will continue to deliver against the current Blaenau Gwent We Want Well-being Plan 2018-23.

6.5 ***Preventative focus***

The Gwent WBA process will focus on a situational analysis which will support the Gwent PSB to prioritise which issues it will focus on as part of its Well-being Plan. Following the prioritisation further work will be considered to understand the appropriate approaches to tackling the issues identified locally.

6.6 ***Collaboration / partnership working***

There are a multitude of partnership boards across the Gwent region that have been established in line with policy, programme or legislative drivers. This is outlined in a diagram at Appendix 4 which shows the Gwent PSB & RPB partnership landscape with statutory duties.

Connectedness and alignment of these boards could be improved and maximised under the Gwent PSB, particularly where boards are delivering activity in-line with the PSB statutory duties, as specified in the PSB statutory guidance.

The Gwent PSB, working closely alongside the Gwent RPB, has the opportunity to reduce duplication, maximise resources, identify shared priorities and achieve closer alignment of policy, programme and legislative agendas, which would potentially improve outcomes for citizens across Gwent.

Further work is required to map the various boards, key drivers and governance across Gwent.

6.7 ***Integration (across service areas)***

The Gwent PSB and WBA follow an approach of considering the evidence gathered under well-being and sustainable development pillars: economic, social, cultural and environment issues.

6.8 ***EqlA***

The engagement approach to the Gwent WBA is built on the national principles for public engagement. There are number of established forums which support engagement covered by the protected characteristics. A full EqlA for the WBA will be carried out.

6.9 ***Monitoring Arrangements***

6.9.1 The development of regional scrutiny arrangements for the Gwent PSB and its assessment and planning will continue over the coming months and will need to be collaborative in the approach to membership and interaction with the local Scrutiny Committees, particularly during the interim period ahead of the new Well-Being Plan.

6.9.2 Officers are working with the Scrutiny Managers in each of the five local authorities to work through how the proposed Regional Scrutiny will function in terms of its membership, terms of reference, continued scrutiny of the 5 existing well-being plans until 2023, community safety scrutiny (Police and Justice Act 2006), scrutiny of local delivery under the new Gwent Well-being Plan 2023-2028, host authority etc.

6.9.3 Ongoing Scrutiny of the current Well-Being Plans continues within the local partnership Scrutiny arrangements.

- 6.9.4 The work to develop regional scrutiny is ongoing and will need to be taken through Council decision making processes so that the new regional scrutiny can be formed to begin its role of scrutinising the Gwent PSB.
- 6.9.5 The first formal activity the regional scrutiny will be involved in will be as a consultee to the new regional well-being assessment (Section 38 of the Act). Given the timeline at Appendix 1 this is likely to be in February 2022. Thereafter, the proposed Regional Scrutiny will take oversight of the Gwent Well-being Plan from 2023.
- 6.9.6 The discussions with Scrutiny Managers are considering:
- Formation of the regional scrutiny
 - The continued scrutiny of the current well-being plan
 - Ongoing scrutiny of local level PSB activity once the new PSB is formed
- 6.9.7 To strengthen the relationship with the Regional Scrutiny Committee the Chair and Vice-chair should be aware of the Boards work and should be sent all agendas, minutes, and papers. It is proposed that the Chair of the Regional Scrutiny would also be invited to all regional PSB meetings.
