#### 1. Purpose of the Report

1.1 To present the Forward Work Programme for 2023-24 (Appendix 1).

#### 2. Scope and Background

- 2.1 The Work Programmes are key aspects of the Council's planning and governance arrangements and support the requirements of the Constitution.
- 2.2 The topics set out in the Forward Work Programme link to the strategic work of the Council as identified by the Council's Corporate Plan 2022-27, agreed by the Council in October 2022, corporate documents and supporting business plans.
- 2.3 The Governance and Audit Committee Forward Work Programme is aligned to the Scrutiny Committee, Cabinet and Council Forward Work Programmes.
- 2.4 The Work Programme is a fluid document and there is flexibility to allow for regular review between the Chair and the Committee.

#### 3. **Options for Recommendation**

#### 3.1 **Option 1**

To accept the Forward Work Programme.

#### 3.2 **Option 2**

To suggest any amendments to the Forward Work Programme.

#### 1. Purpose of the Report

1.1 This report provides the Governance and Audit Committee with the Audit & Risk Manager's (A&RM) objective review of the Authority's system of internal control operating during the financial year 2022/23 and the annual audit opinion of the A&RM.

#### 2. Scope and Background

- 2.1 <u>Background and Context</u>
- 2.1.1 The report highlights the work undertaken by the Internal Audit Service and complies with the Public Sector Internal Audit Standards (PSIAS) and the Terms of Reference for the Governance and Audit Committee.
- 2.1.2 In line with the PSIAS, the A&RM is required to produce an annual report for the Governance and Audit Committee. The report must include the following three items:
  - An annual opinion, including a summary of the audit work that supports that opinion;
  - A statement on conformance with the International Professional Practices Framework (IPPF), including the PSIAS; and
  - The results of the Quality Assurance and Improvement Programme.
- 2.1.3 The A&RM must demonstrate organisational independence, and this is achieved through a series of measures to include: the Committee approving the Internal Audit Charter; the Committee agreeing the Internal Audit Plan; and the Committee receiving periodic reports on the work undertaken by the Internal Audit Service.
- 2.1.4 In addition to this, the A&RM is able to report directly to the Chief Executive and / or the Governance and Audit Committee if the need arises.
- 2.1.5 The Committee has received progress reports throughout 2022/23 and was provided with the outturn position for 2022/23 at its April meeting.

- 2.1.6 The A&RM line manages the Insurance and Risk Management Service in addition to the Internal Audit Service. Appropriate reviewing and reporting processes have been put in place for conducting audit work in this service area. Audit output in respect of the Insurance and Risk Management Service bypasses the A&RM and is subject to sign off by the Chief Officer Resources to ensure independence is maintained.
- 2.1.7 The appropriateness of this arrangement was challenged as part of the External Quality Assessment referred to in section 2.3 below, but both the Corporate Leadership Team (CLT) and this Committee agreed that the arrangement was satisfactory and that any risk associated with this was minimal and would be tolerated.
- 2.2 Annual Summary of Audit Activity for the Financial Year 2022/23
- 2.2.1 The annual opinion is formed having consideration to three aspects of the Authority's arrangements, namely: Governance, Risk Management and Internal Control.
- 2.2.2 The Governance and Audit Committee have met throughout the year with meetings held via Teams. The Committee currently has a lay member vacancy, and a recruitment exercise is ongoing to fill this position.
- 2.2.3 CLT have received and reviewed the Corporate Risk Register periodically throughout the year. Members of the Governance and Audit Committee undertook a training session on risk management and have been provided with the current Risk Management Handbook and Strategy. Work is underway to review and update these documents, with the revised versions to be brought to this Committee during 2022/23. A further training session for Members is also being arranged.
- 2.2.4 The audit of the Statement of Accounts for 2021/22 have not been concluded. Audit Wales have identified an issue relating to the Council's Asset Valuations (and asset lives) which has the potential to have a material impact on the net book value of assets. Given the uncertainty around the potential impact, Audit Wales have indicated their intention to issue a modified opinion on the accounts. The Council has identified the actions required to resolve this issue for 2022/23 and has commenced implementation.
- 2.2.5 As a consequence of this issue, Audit Wales have indicated their intention to issue a modified opinion on the accounts.
- 2.2.6 During the year the Authority have worked towards bringing the services delivered by Silent Valley Waste Services Ltd back in-house. The transfer was successfully completed 1 May 2023. For internal audit purposes, the services transferred will form part of the normal audit process going forward and will be included in audit samples.

- 2.2.7 During 2022/23 the Corporate Leadership Team has undergone a number of changes with the appointments of a new Corporate Director of Regeneration and Community and a new Head of Governance and Partnerships. It has continued to operate with an interim Chief Executive and interim Corporate Director of Social Services throughout the year, and latterly (2023/24) an interim Corporate Director of Education has also been in place to cover periods of absence by the substantive post holder.
- 2.2.8 The Authority is faced with significant financial challenges in meeting the funding gap of £23m over the next 5 years and will need to develop proposals to deliver budget cuts to address this funding gap. The pressures on the budget will impact on services going forward and Internal Audit work will need to factor in the impact this has on capacity within the services and any consequential impact on the internal control environment. The risks associated with these budget pressures and consequences have been included in the corporate risk register.
- 2.2.9 The Internal Audit Service has experienced a number of staffing changes during the year that have impacted on the plan percentage achieved. A new Audit Apprentice was appointed along with a new Senior Auditor, who was then called upon to support the budget setting process in Accountancy whilst the post they had vacated was being recruited to.
- 2.2.10 Follow-up audits during the year were deprioritised due to a combination of needing to train new staff, and the samples to audit not being available in departments for some of the Follow-Up audits that were due. For 2023/24 it is expected that the follow-up cycle will operate as normal.
- 2.2.11 In addition, there have been three large investigations commenced during the year and these remain ongoing into 2023/24. The Committee will receive reports on these matters as appropriate once they have concluded.
- 2.2.12 The Internal Audit Service issued 30 audit reports during the year including 9 Full Assurance, 14 Reasonable Assurance, 6 Limited Assurance and 1 No assurance. Whilst the total number of audits is reduced from previous years, the trend of the audit gradings is comparable and audits have been spread across directorates to ensure coverage enables an audit opinion on the whole control environment.
- 2.2.13 No Assurance and Limited Assurance gradings were spread across departments with no trends / patterns to the outcomes that caused particular concern. In addition, there were no individual findings of such significance to cause concern regarding the integrity of the financial statements.
- 2.2.14 As in previous years, the section does not have an IT auditor and continues to recognise this as a risk. The Authority is a partner in the SRS who are currently audited by Torfaen CBC. The results of the audit work undertaken by Torfaen CBC are fed back to all board members with

reliance being placed on this work as appropriate. Going forward, the outcomes of SRS audits will be reported to the Governance and Audit Committee.

#### 2.3 International Standards of Professional Practice

- 2.3.1 The service works within the parameters of the International Professional Practices Framework (IPPF). This consists of three mandatory elements namely: a Definition of Internal Audit; a Code of Ethics; and the Professional Standards i.e. PSIAS.
- 2.3.2 As part of this report, the A&RM is required to make a statement on whether or not the service conforms to the PSIAS, and in addition must report on any instances of non-compliance with the Definition of Internal Auditing, the Code of Ethics and the Standards. Any significant instances of non-compliance should be included in the Annual Governance Statement.
- 2.3.3 The service underwent its second external assessment last year, with the report and action plan presented to this Committee in January 2023. The assessment found the service to conform with the standards in all significant areas and to operate independently and objectively.
- 2.3.4 I am able to confirm that the Internal Audit Service for Blaenau Gwent CBC conforms to the requirements of the PSIAS and the IPPF.

#### 2.4 Quality Assurance and Improvement Programme

- 2.4.1 The A&RM is required to implement a programme of quality assurance and improvement. A report was presented to this Committee in September 2022 setting out what this programme consists of for Blaenau Gwent.
- 2.4.2 The committee receive performance information for the service throughout the year as part of the internal audit progress reports. The performance indicators for the year are referred to in section 6 below.
- 2.4.3 I am able to confirm that no areas of concern have been highlighted as part of the quality assurance and improvement programme.

#### 3. Annual Opinion of the Audit and Risk Manager

- 3.1 The Governance and Audit Committee receive the annual audit opinion of the Audit and Risk Manager as detailed in paragraph 3.3 below.
- 3.2 The audit assignments conducted cover a range of activities and provide a reasonable indicator of the level of assurance for the Authority, however

they cannot provide complete coverage and it is acknowledged that assurance procedures alone do not guarantee that all significant risks are detected.

- 3.3 Based on the findings of the audit work undertaken during 2022/23, in my opinion, Blaenau Gwent County Borough Council's system of internal control during the financial year 2022/23 operates to a level which gives Reasonable Assurance on the overall adequacy and effectiveness of the organisation's framework of governance, risk management and control.
- 4. Evidence of how this topic supports the achievement of the Corporate Plan / Statutory Responsibilities / Blaenau Gwent Wellbeing Plan
- 4.1 The provision of assurance on the internal control environment supports the Corporate Plan objective of being an ambitious and innovative council delivering the quality services at the right time and at the right place.
- 4.2 The Local Government Act (1972) and the Accounts and Audit Regulations (Wales) 2014 require the Council to maintain an effective Internal Audit Service in accordance with proper internal audit practices. The Authority's Internal Audit Service has adopted the PSIAS for this purpose.

#### 5. Implications Against Each Option

#### 5.1 **Impact on Budget**

There are no direct financial implications resulting from this report. Poor financial controls could lead to fraud and misappropriation of council assets.

#### 5.2 Risk including Mitigating Actions

Failure of the A&RM to provide an annual opinion would indicate that an adequate internal audit service has not been provided. In not complying with statutory legislation, the section 151 officer would not be able to discharge her statutory duties. This would be reflected in the opinion provided by the external auditor and could result in additional regulation and costs to the Authority.

5.2.1 The Governance and Audit Committee would not be informed as to the level of assurance provided by the systems of internal control preventing them from fulfilling their role as a Committee, as required by the Local Government (Wales) Measure. This is mitigated through the Committee receiving the annual opinion of the A&RM and periodic reports of audit activity relating to the adequacy of the control environment.

#### 5.3 **Legal**

Provision of an adequate audit service, demonstrated in part through the provision of an annual audit opinion, contributes to the Section 151 officer being able to fulfil her statutory duties under the Local Government Act (1972).

#### 5.4 **Human Resources**

The Committee are kept abreast of staffing issues throughout the year as part of the audit plan progress reports. The internal audit service had no sickness absences during the year.

#### 6. **Supporting Evidence**

#### 6.1 **Performance Information and Data**

The Committee received performance information for the period 1<sup>st</sup> April 2022 – 31<sup>st</sup> March 2023 as part of the audit Plan Outturn report presented in April 2023.

6.1.1 The section maintains eight performance indicators of which seven achieved the target during the year. The indicator that was not achieved was the Audit Plan Completion Percentage, with 69.45% of the plan being completed against a target of 73%. The Committee is kept abreast of progress against these indicators throughout the year.

#### 6.2 Expected outcome for the public

An effective audit service will assist with the stewardship of public money providing assurance to communities of Blaenau Gwent on the robustness of the Authority's internal controls.

#### 6.3 **Involvement**

There are no direct implications under involvement.

#### 6.4 Thinking for the Long term

The work of Internal Audit is intended to provide advice and guidance on system improvements resulting in an improved control environment for the future of the Authority.

#### 6.5 **Preventative focus**

A robust control environment reduces the risk of fraud and misappropriation and safeguards the assets of the Authority.

#### 6.6 Collaboration / partnership working

Reliance is placed on the work of other regulators, partners and local authorities when forming an audit opinion on the control environment of the Council.

#### 6.7 *Integration*

In providing an annual opinion, the A&RM has considered the Authority's whole control environment across all directorates.

#### 6.8 **Decarbonisation and Reducing Carbon Emissions**

There are no direct implications under decarbonisation and reducing carbon emissions.

#### 6.9 Integrated Impact Assessment (IAA)

The provision of the A&RM Annual Report and opinion has a neutral impact against people or groups from the nine protected characteristics.

#### 7. **Monitoring Arrangements**

7.1 Both CLT and the Governance and Audit Committee receive periodic updates throughout the year on progress made against the audit plan, and any other issues arising through the work of Internal Audit Services.

#### **Background Documents / Electronic Links**

- Annual Governance Statement
- Audit Plan Outturn Report
- Internal Audit Plan
- Internal Audit Charter

## Agenda Item 10

Executive Committee and Council only
Date signed off by the Monitoring Officer:
Date signed off by the Section 151 Officer:

Committee: Governance & Audit Committee

Date of meeting: 21st June 2023

Report Subject: Internal Audit Plan 2023-2028

Portfolio Holder: Leader of the Council (Cabinet Member – Corporate

**Overview & Performance)** 

Report Submitted by: Rhian Hayden- Chief Officer Resources

Reporting F	Pathway							
Directorate Management Team	Corporate Leadership Team	Portfolio Holder / Chair	Governance & Audit Committee	Democratic Services Committee	Scrutiny Committee	Executive Committee	Council	Other (please state)
	01/06/2023	07.06.23	21/06/2023					

#### 1. Purpose of the Report

1.1 The purpose of this report is to provide the Governance & Audit Committee with the five-year strategic Audit Plan for the period 2023-2028 (Appendix A).

#### 2. Scope and Background

- 2.1 The report provides the strategic five-year Internal Audit Plan including the rationale for implementing a one-year operational plan.
- 2.2 Under the Public Sector Internal Audit Standards (PSIAS) the Audit & Risk Manager is required to:
  - Produce a risk-based Internal Audit Plan that prioritises internal audit activity in line with the organisation's goals and objectives.
  - Produce a plan that takes into account, the requirements to produce an annual audit opinion, and the assurance framework that exists within the Authority.
  - Confirm that the service will be delivered in accordance with the Internal Audit Charter.
  - Produce a plan based on a documented risk assessment that considers input from Senior Management.
  - Communicate any resource limitations to the Governance & Audit Committee.
  - Report the Internal Audit Plan to the Governance & Audit Committee for approval.
- 2.3 The audit plan is produced following an assessment of risk whereby each potential audit area (the audit population) is scored using a matrix against a set of criteria relating to the audit risks, the Authority's objectives, and the views of the Heads of Services/Service Managers. The scoring matrix reflects the current objectives / priorities of the Authority and also to allow flexibility.

- 2.4 An example of the scoring matrix is attached at Appendix B. The matrix also includes a miscellaneous category to enable the plan to be adjusted for audit timing and ad hoc circumstances.
- 2.5 The plan produced from the risk assessment scores show audits as high, medium or low risk (Red, Amber and Green) based on the score they achieve. Banding the audits into risk categories instead of a rank order, will allow for more flexibility in the audit plan. In addition to the risk assessed audits the plan will continue to contain standard audits (Blue), such as grants, and CRSA for schools, and ongoing audits (White) that were already commenced at year end.
- 2.6 The plan is constructed by taking the number of available audit days, based on the audit establishment, and apportioning across all directorates rather than allocating them to specific audits. This approach enables the Audit and Risk Manager to provide the Governance & Audit Committee with an annual audit opinion.

#### 3. Options for Recommendation

3.1 The Governance & Audit Committee consider the following options:

Option 1

The Committee note the basis for audit selection / prioritisation as described in section 2, and approve the audit plan attached at Appendix A, deeming it to provide sufficient coverage upon which the Audit and Risk Manager can provide an annual audit opinion, enabling the Governance & Audit Committee to fulfil its assurance role.

#### Option 2

The Committee note the basis for audit selection / prioritisation as described in section 2, and provide suggestions for amendment to the audit plan attached at Appendix A and subsequently approve it, deeming it to provide sufficient coverage upon which the Audit and Risk Manager can provide an annual audit opinion, enabling the Governance & Audit Committee to fulfil its assurance role.

#### Option 3

The Committee note the basis for audit selection / prioritisation as described in section 2, and reject the audit plan attached at Appendix A as a method of providing adequate assurance regarding the Authority's control environment. An alternative programme of work for the Internal Audit service would then need to be put forward.

- 4. Evidence of how this topic supports the achievement of the Corporate Plan / Statutory Responsibilities / Blaenau Gwent Well-being Plan
- 4.1 The report supports the Authority in achieving its Corporate Plan Priority of an ambitious and innovative council delivering the quality services we know matter in the right place and at the right time through demonstrating that adequate measures are in place for the prevention and detection of fraud, thereby protecting the Authority's assets.

4.2 The Governance & Audit Committee, in their role as those responsible for governance, and in compliance with the PSIASs, have a responsibility to oversee the performance of the Internal Audit function including receiving a summary of the work upon which the Audit & Risk Manager will base her annual audit opinion.

#### 5. Implications Against Each Option

#### 5.1 Impact on Budget (short and long term impact)

There are no direct financial implications arising from production of the internal audit plan.

#### 5.2 Risk including Mitigating Actions

Options 1 and 2 will facilitate sufficient audit coverage for the Audit and Risk Manager to provide an annual audit opinion. Option 3 would result in non-compliance with legislation and the S151 Officer will be unable to discharge her statutory duty.

#### 5.3 Legal

Provision of an adequate audit service, demonstrated in part through the production of a suitable audit plan, contributes to the Section 151 officer being able to fulfil her statutory duties under the Local Government Act (1972).

#### 5.4 <u>Human Resources</u>

The section has a complement of six full time posts and the audit plan has been developed based on a full complement of staff.

5.4.1 Based on current audit resources, the whole audit population would be covered in a five-year period. This is based on maintaining the status quo with both audit areas and staffing numbers. Audits will continue to be prioritised based on high risk areas.

#### 6. Supporting Evidence

#### 6.1 Performance Information and Data

The Internal Audit Plan currently operates on a five-year audit cycle with a one-year operational plan.

- 6.1.1 The number of audit days available is set at 1182 days for 2023/24 based on the audit establishment of 6FTE audit posts. Progress against the plan will continue to be monitored and reported through the year to both CLT and the Governance and Audit Committee.
- 6.1.2 The audit plan percentage set at 73% for 2022/23 was not achieved in part due to staff changes throughout the year. However, the plan percentage will remain at 73% for 2023/24 as it is considered to be realistic and an achievable target if the complement of staff is consistent throughout the year.

6.1.3 The service currently maintains a set of eight performance indicators as part of a benchmarking exercise with other Welsh authorities.

#### 6.2 Expected outcome for the public

An effective Governance & Audit Committee will assist with the stewardship of public money providing assurance to communities of Blaenau Gwent on the robustness of the Authority's internal controls.

#### 6.3 <u>Involvement (consultation, engagement, participation)</u>

There are no direct implications under involvement.

#### 6.4 Thinking for the Long term (forward planning)

The work of Internal Audit is intended to provide advice and guidance on system improvements resulting in an improved control environment for the future of the Authority.

#### 6.5 Preventative focus

The provision of a five-year strategic audit plan sets out the Authority's intent to consider the adequacy of its control environment and receive assurance on the robustness of its systems.

#### 6.6 Collaboration / partnership working

A number of audit areas that are included within the audit population are led by other local authorities. In these instances, reports are shared between authorities to confirm the level of assurance provided. For example, reports from Torfaen Council on the SRS audits.

#### 6.7 <u>Integration(across service areas)</u>

The audit plan is developed with a view to providing assurance on the whole of the Authority's control environment. Some audits are undertaken with a cross departmental approach.

#### 6.8 Decarbonisation and Reducing Carbon Emissions

There are no direct implications under Decarbonisation and Reducing Carbon Emissions.

#### 6.9 Integrated Impact Assessment (IAA)

Not applicable

#### 7. Monitoring Arrangements

7.1 Progress reports are provided to the Governance & Audit Committee throughout the year.

#### 1. Purpose of the Report

1.1 To supply an Integrated Impact Assessment (IIA) to accompany the process of closure of the Civic Centre and the move to the Hubs model for public access to services.

### 2. Scope and Background

- 2.1 In 2020, at the beginning of the pandemic the Civic Centre was vacated as part of the lockdown instructions from Government. At that point, the Council was looking at five years or less of the useful life of a large proportion of the infrastructure of the Civic Centre building. At the same time, as the pandemic was affecting communities an initiative to move services closer to communities was rolled out.
- 2.2 During the next few years the Council was one of the first to formally move to an agile working arrangement. It made sense from an operational perspective, following the pandemic shutdown of the building, to then formerly close the civic centre as the timeline had moved closer to the end of the five-year deadline. At this point the maintenance required to fix the problems in the building was disproportionate to the benefits.
- 2.3 Reports were written and taken through the Council process on the new operating model and working arrangements for the Council and this report included the recommendation for the closure of the civic centre and the development of the hubs model. The report for the new Council Operating Model was taken to Council on 25th March 2021 whereby Council agreed for the new Operating Model based on Agile Working, Democratic Hub and Community Hubs, and confirmed work could proceed to decommission the Civic Centre. CO2103D7 Council Report TOM 25032021 Final 003.pdf
- 2.4 One of the key aims around the development of the Community Hubs model located in libraries brought access to council services closer to the heart of the communities.

- 2.5 As part of their 'Springing Forward' Review, covering the 2021/22 year, Audit Wales found that the Council made significant changes to its assets and the way that its workforce operates, but identified that further work is needed for the Council to understand its future asset and workforce needs and to ensure that future Council decisions are appropriately informed by Equality Impact Assessments and the sustainable development principle.
- 2.6 As part of this the Council received the following recommendation for implementation: 'Ensure that all decisions are informed by a timely equality impact assessment where required'.
- 2.7 The attached IIA sets out the benefits and dis-benefits of the two schemes that were undertaken in parallel. There are a number of services that have benefited by being delivered closer to the customer at the BG Hubs although the civic centre was a well know centre and it has taken some time for communities to use the hubs as their main contact points as opposed to the civic building. Overall the changes have resulted in a positive approach to Customer Service delivery, with services moving closer to more customers from the six hubs.
- 2.8 Transport is limited in Blaenau Gwent but as the Hubs are closer to the communities and are based in the local towns, it is felt from the IIA evidence that overall it is generally easier to travel to access services from Hubs than just from the civic centre. Lastly, the services being offered form the Hubs have encouraged other activities like children doing homework from the Hubs which wouldn't have happened if they had been delivered from the civic centre.
- 2.9 In terms of the civic centre building itself, there was significant concern about the integrity of the existing structure. The steel reinforcement framework that would have been embedded within the concrete construction was aging and failing. This would not have been included within the findings of the Condition Survey undertaken in 2018. Recently a piece of the external concrete fell away from the steel reinforcement.

#### 3. **Recommendation**

- 3.1 That the Governance and Audit Committee are assured that an Integrated Impact Assessment has been completed in line with legislation to be formally agreed at Council.
- Evidence of how does this topic supports the achievement of the Corporate Plan / Statutory Responsibilities / Blaenau Gwent Wellbeing Plan

The report subject matter supports both:

- An ambitious and innovative council delivering quality services at the right time and in the right place
- Empowering and supporting communities to be safe, independent and resilient
- 5. Implications Against Recommendation

## 5.1 Impact on Budget (short and long term impact)

There are no further implications on the budget further to those identified in the reports already taken through Council process on the demolition of the Civic Centre and the development of the Community Hubs reports.

### 5.2 Risk including Mitigating Actions

The risks around this project have been set out in the previous reports. The residual risk is that the site remains empty following demolition of the building for a longer period than is acceptable.

### 5.3 **Legal**

There are no legal implications associated with this report.

#### 5.4 Human Resources

There are no HR implications associated with this report.

#### 6. Supporting Evidence

#### 6.1 **Performance Information and Data**

The supporting evidence is provided in the Appendices.

## **Background Documents / Electronic Links**

## Case Study - Financial, Housing, Fuel and Food bank, Partnership working

An individual visited the Community Hub relating to Housing issues. The person stated that they were a recovering alcoholic with anxiety and depression. The individual was frank and honest and was transparent in sharing the issues and barriers that had been created to maintaining their tenancy. The individual shared that they hadn't been paying rent for some time whilst struggling with addiction and now found themselves in large debt.

In order to help the customer I liaised with the landlord over the telephone and a Housing Sustainability Officer. We agreed to put together a plan so the client could continue the tenancy and not be evicted. A Discretionary Housing Payment application was made to help the client with paying the rent going forward. Usually the Discretionary Housing Payments applications are looked at in date order, this would have meant the customer continued to not pay the full amount of rent. Due to the risk of homelessness if this situation wasn't resolved I contacted the Council's Benefits Managers to request the Discretionary Housing Payment be prioritised, this was agreed and the application was looked at quickly and awarded. I also contacted Universal Credit to arrange for the client's rent to be paid directly to the landlord to avoid lack of payment. This multi-agency approach supported the client to remain in their home and promoted their independence by keeping them involved in the process.

The customer was pleased that they could speak to someone face to face and receive help, as they felt unable to deal with the whole situation alone. They were very self-aware and knew that they needed to resolve the situation which made the interaction a really positive one. I logged the outcome of the interaction on the My Council Services system so my colleagues were aware of what was agreed and they could further support if they saw the customer again. To further support the customer a fuel voucher of £49 was issued along with the organisation of a food parcel via the Trussel Trust food bank.

### Case study - DAF

Customer visited library with Bridges into work support worker asking for help with white goods. A DAF was completed for a new fridge and it was established the customer was struggling with a rental shortfall so we gave the support worker an income and expenditure form which she took with her to complete with the client and helped them to complete a DHP application online and we gave her the links to use the BG online application system. The support worker returned to the library and provided bank statements for the customer which was photographed and sent to the benefits email address.

Outcome 06/07/2021: The client was awarded and received a new Fridge Freezer and the DHP has been processed and awarded. Support worker has been informed.

#### Case Study 1

Customer came into Library wanted a library card and help with getting a replacement bus pass due to theirs being stolen, along with some money. Library staff set them up with a library card. Transport for Wales were contacted to see if we could get a replacement, the person I spoke to advised it was a £10 payment. I advised that the customer didn't have the funds so they agreed to issue a new one free of charge due to circumstances but this would only be done once! I issued a Food bank voucher and due to customer not having a phone I made the arrangements with Food Bank for delivery and advised customer they needed to be at their property for the delivery. Also advised the Food Bank of the essentials that the client needed. Applied for a DAF, awaiting confirmation that this will be granted.

### Case study 2

A young person came in with their parent as they had received a Notice seeking possession from the landlord and a court summons for over £2,000 rent arrears and both were very distraught and did not know what to do. I spoke to one of the Housing options team and sent copies of all the paperwork the client had brought in. The officer in the Housing Options Team said they would make a small payment to the landlord from the Tenancy hardship grant fund so it would be enough to stop the eviction and then set up a repayment plan with the landlord to suspend the court summons. The officer also made an appointment to complete a Housing application to get the client more affordable accommodation. I spoke to Council Tax as there were large arrears on the account and they agreed to hold any further action and set up a repayment plan which the client said they could afford. I have also arranged for the client to come back with some more information and we will apply for a DHP to help with the shortfall on the rent. I also completed a CTR app for them to get some help with their current council tax liability. When they left they both said how they felt a weight had been lifted off their shoulders as they did not know where to go for help.

#### Case study 3

Customer struggling to manage their electric bill. After a conversation it was clear the customer had budgeting issues/an issue with buying online games. Customer advised that they struggled to trust people/accept help but feels safe and supported in the libraries with AL and BG staff. Referral made to NEA and Citizens Advice for specialist debt advice.

#### Case Study 4

Hub received a telephone call from a Pobl support worker. Their customer had recently been released from jail and was struggling to claim Universal Credit due to no ID or bank account and homeless. We told the support worker if she sent us the customers details and authorisation we would make the referral on Refer.net. Referral was made for Help to claim Universal credit and debt management for large rent arrears on a previous property.

Outcome: Customer has now been placed in a Hostel and has applied for HB/CTR based on nil income and support worker is helping get a bank account, ID and Universal credit

## Case study 5

Individual emailed info@ in regards to applying for a IAP DAF. They were unable to find the application on my council services. After speaking to them and advising how to apply I requested a copy of their tenancy agreement which they were able to email to me. I then asked questions about their circumstances at present which were not good. They had little food, no gas, no talk time on phone and their next payment from us was in 2 weeks' time.

I completed the IAP and requested a washer/dryer and a cooker which they were unable to purchase when they moved into the property. I explained how the food bank worked and requested a fuel voucher. I also requested a SIM card for their phone so at least they would be able to make calls for the next 6 months. The person wasn't aware of the service we provide, however, now they are aware and can attend for support from the hubs.

#### Case Study – Discretionary Housing Payment (DHP)

Customer moved to the area in February 2018. They took on a private rental and immediately started to struggle paying the shortfall because they were not aware that the LHA rates differed from borough to borough. The one bedroom rate in their previous property was £36.82 per week higher than Blaenau Gwent (2022/23).

In September 2018 the customer applied for DHP for help paying the shortfall. Customer has limited capability for work and has been claiming basic ESA since 2017 (Work Related Activity Group). They had also tried to get back into work to boost their income through permitted work. A DHP was awarded and paid continuously up to September 2022 apart from a three month period where applications were unsuccessful during periods of higher earnings.

In September 2022 customer applied for help with moving costs. The house they were renting was being sold and they were issued with a Section 21. The client was directed to us for financial help by Housing Options. The rent for property the client was looking to move into appeared to not be affordable as the client was already claiming a DHP and I had concerns there was a shortfall in affording the property. I contacted Housing to discuss. I put forward my concerns around the affordability of the rent based on the customer's income but was advised that there is a shortage of rental properties available and based on the current market it would be extremely rare to find somewhere cheaper. Due to the circumstances surrounding the move and the fact the client was supporting in this move by Housing Options, I agreed to pay a one off DHP to cover rent in advance and a second one off payment to cover a removal van.

Six weeks into the tenancy a new DHP application was made for help with the shortfall and the customer was advised the following:

- Look for alternate accommodation and see if they could exit the 12 month tenancy early as it was not sustainable.
- Ensure their name was on the housing register and update Housing of current circumstances around shortfall and uncertainty of DHP award moving forward.
- Contact DWP regarding PIP application and if possible speed up assessment due to urgency of circumstances. PIP would boost weekly income with ESA too (addition of SDP)

## **Integrated Impact Assessment (IIA)**

The Integrated Impact Assessment (IIA) has been designed to help support the Council in making informed and effective decisions whilst ensuring compliance with a range of statutory legislation, such as the Equality Act 2010. It consists of 7 main sections as outlined below:

- Section 1 Equality Act 2010 (Statutory Duties) (Wales) Regulations 2011
- Section 2 Welsh Language (Wales) Measure 2011 and Welsh Language Standards
- Section 3 Socio-economic Duty
- Section 4 Children's Rights Approach The Right Way
- Section 5 Data
- Section 6 Consultation
- Section 7 Decision

Lead Officer	Head of Service	Service Area & Department	Date
Ellie Fry	Clive Rogers		
Ellie Fry	Bernadette Elias (Sarah King)		

Briefly outline the proposal indicating what change or decision is to be made, also provide any documentation that may be used to support this. What is the proposal that needs to be assessed?

The Civic Centre was vacated in March 2020 due to the pandemic lockdown arrangements. At this point in time it was on a less than five years' trajectory to being vacated due to the age and condition of the building. The building was over 50 years old – the expected life-span of a building of that nature is probably 50-60 years depending on condition. An alternative provision of community facing services based in 'hubs' was being developed and during the pandemic this was rolled out quickly across the towns in Blaenau Gwent.

Following the roll out of the 'Hubs' service the Civic Centre was formally closed to be demolished as soon as was practicably possible.

## Section 1 – Equality Act 2010 (Statutory Duties) (Wales) Regulations 2011

Briefly outline below if there will be any positive or negative impacts, on any groups of people with protected characteristics, who are covered by the Equality Act 2010, as a result of the proposal being considered.

Protected characteristics	Will the proposal have any positive impacts on those with a protected characteristics?	Will the proposal have any negative impacts on those with a protected characteristics?	Outline how the proposal could maximise any positive impacts or minimise any negative impact. Please indicate any views evidence you have that supports this.
Age (people of all ages)	All Ages	Negative (Civic closure) Positive (Hub openings)	By moving the services offered from the Civic Centre into individual towns the services moved closer to those individuals who would have had difficulty travelling to the Civic Centre. More buses go to town centres then to outskirts of towns.
Disability (people with disabilities/ long term conditions)	Yes	Negative (Civic closure) Positive (Hub openings) Negative – parking near to a Community hub may be restricted due to the library locations Positive – more buses go to/through town centres, although are infrequent	By moving the services offered from the Civic Centre into individual towns the services moved closer to those individuals who would have had difficulty travelling to the Civic Centre. Also, each venue has toilets and full wheelchair access to the hub office if/when required.

_	T .		County Borough Council
Gender Reassignment (anybody who's gender identity or gender expression is different to the sex they were assigned at birth)	N/A		
Protected characteristics	Will the proposal have any positive impacts on those with a protected characteristic?	Will the proposal have any negative impacts on those with a protected characteristics?	Outline how the proposal could maximise any positive impacts or minimise any negative impact. Please indicate any views evidence you have that supports this.
Marriage or Civil Partnership (people who are married or in a civil partnership)	N/A	N/A	N/A
Pregnancy and Maternity (women who are pregnant and/or on maternity leave)	Yes	Negative (Civic closure) Positive (Hub openings) Positive (locality/accessibility) Negative (parking near to a Community hub may be restricted due to the library locations)	By moving the services offered from the Civic Centre into individual areas, the services have moved closer to those individuals who may have found travelling to the Civic Centre more challenging. They are based in towns which means that mutiple tasks can be achieved e.g. shopping, Hub visit, library, benefits in one trip.

	ı	ı	County Borough Council
		Positive – more buses go to/through town centres although are infrequent	
Race (people from black, Asian and minority ethnic communities and different racial backgrounds)	N/A	N/A	N/A
Religion or Belief (people with different religions and beliefs including people with no beliefs)	N/A	N/A	N/A
Protected characteristics	Will the proposal have any positive impacts on those with a protected characteristics?	Will the proposal have any negative impacts on those with a protected characteristics?	Outline how the proposal could maximise any positive impacts or minimise any negative impact. Please indicate any views evidence you have that supports this.
Sex (women and men, girls and boys and those who self- identify their gender)	N/A	N/A	N/A

Sexual Orientation	N/A	N/A	N/A
(lesbian, gay,			
bisexual,			
heterosexual, other)			

## Section 2 - Welsh Language (Wales) Measure 2011 and Welsh Language Standards

The Welsh Language Measure 2011 and the Welsh Language Standards require the Council to have 'due regard' for any positive or negative impacts that proposal may have on opportunities to use the Welsh language.

Requirements		have any or neutral What can be done to mitigat ds to the negative impacts?	Please demonstrate any evidence used to form this opinion.
Compliance with the Welsh La Standards. For example, Standards 88 - 93 development and review of exi	B – policy	0 1	Our Community Hubs will offer the same Welsh language services as the former arrangements in the Civic Centre.
What opportunities are there the Welsh Language? For example, status, use of We services, use of Welsh in everyor/community	lsh language	No negative impacts in this a as far as compliance is concerned.	Any posters/leaflets displayed in the Community Hubs are bilingual. Promotion of and information displayed on the Community Hubs is shown in both Welsh and English languages
What opportunities are there to use the Welsh Language?	for a person  Neutral impact. Community Hub officers will offer Welsh language service	the same (Negative) we need to inform	m Any posters/leaflets displayed in the Community Hubs are bilingual. Promotion

For example, staff, residents and visitors	the Civic Centre where required.	immediate Welsh language service available (Positive) Community Hub staff will be carrying out basic Welsh language training.	of and information displayed on the Community Hubs is shown in both Welsh and English languages
Is the Welsh language being treated no less favourably than the English language?	Yes	Some Community Hub staff have a basic understanding of the Welsh language and further training will be carried out.	Any posters/leaflets displayed in the Community Hubs are bilingual. Promotion of and information displayed on the Community Hubs is shown in both Welsh and English languages

## Section 3 - Socio-economic Duty (Strategic Decisions Only – Please refer to our Corporate Reporting Guidance)

Welsh Government's **Socio-economic Duty** provides a framework to ensure tackling inequality of outcome is at the forefront of decision making.

## Please consider how your proposal could affect the following groups:

- > Single parents and vulnerable families
- > People with low literacy/numeracy
- > Pensioners
- > Looked after children
- > Homeless people

- > Carers
- Armed ForcesCommunity
- > Students
- Single adult households

- > People who have experienced the asylum system
- > People of all ages leaving a care setting
- > People living in the most deprived areas in Wales (WIMD)
- > People involved in the criminal justice system
- > People misusing substances

Socio Economic Disadvantages	Will the proposal have a positive, negative, or neutral impact?	How could you mitigate the negative impacts outlined?	Please highlight any evidence that has been considered (quantitative or qualitative)
Low Income / Income Poverty (cannot afford to maintain regular payments such as bills, food, clothing, transport etc.)	Positive	Hub officers provide help and support.	Case studies can evidence this e.g. links into Benefits, foodbank and FSM.

			County Borough Council
Low and/or No Wealth (enough money to meet basic living costs and pay bills but have no savings to deal with any unexpected spends and no provisions for the future)	Positive	Hub officers provide help and support.	Case studies can evidence this e.g. Budgetary advice and Debt management support
Material Deprivation (unable to access basic goods and services i.e., financial products like life insurance, repair/replace broken electrical goods, are located in warm home, hobbies etc.)	Positive	Hub officers provide help and support.	Case studies can evidence this e.g. applications made to Discretionary Assistance Fund
Area Deprivation (where you live (rural areas), where you work (accessibility of public transport) Impact on the environment?	Positive (Community Hubs located in town centres) Negative (Bus services into town centres not frequent enough)	Community Hubs opening times are advertised widely and on our website.	Footfall is monitored in each Community Hub.
Socio-economic Background (social class i.e., parents' education, employment and income)	Neutral	Anyone of any social class can visit a Community Hub as they could the Civic Centre.	N/A
Socio-economic Disadvantage (What cumulative impact will the proposal have on people or groups because of their protected characteristic(s) or vulnerability or because they are already disadvantaged)	Positive	Community Hubs present in all town centres makes it easier for people or groups to access support.	The footfall and diversity of queries being presented to the Community Hubs.

## Section 4 - Children's Rights Approach - The Right Way

The Children's Rights Approach – The Right Way is a framework for working with children, grounded in the UN Convention on the Rights of the Child (UNCRC). It places the UNCRC at the core of planning and service delivery and integrates children's rights into every aspect of decision-making, policy and practice. The Right Way focuses on three main them Participation, Provision and Protection.

U	Protected characteristics	Will the proposal have any positive impacts on the Children's Rights Approach?	Will the proposal have any negative impacts on the Children's Rights Approach?	Outline how the proposal could maximise any positive impacts or minimise any negative impact. Please indicate any views evidence you have that supports this.
ა <sup>-</sup>	Participation	N/A		
D	(child or young person as			
$\mathcal{S}$	someone who actively contributes			
"	to society as a citizen)			
	Provision	N/A		
	(the basic rights of children			
	and young people to survive			
	and develop)			
	Protection	N/A		
	(children and young people			
	are protected against			
	exploitation, abuse or			
	discrimination			

#### Section 5 - Data

Please outline any data or evidence that has been used to develop the proposal. For example, this can be previous consultations, national/regional/local data, pilot projects, reports, feedback from clients etc.

What data/evidence was used? - provide any links.	What were the key findings?	How has the data/evidence informed this proposal?
An Independent Condition Survey was carried out in 2018 by 'Property Data Solutions'. This Survey analyses the buildings condition and advises on what measures are required to return it to an acceptable standard.	Backlog Maintenance in the region of £1.5 Million was required in order to return the building to an acceptable standard after which an annual planned maintenance budget would need to be ring fenced in order to maintain the integrity of the investment or the building would fall back into disrepair.	Due to the significant financial investment required for this proposal, the business case for retaining the building is not a viable option for the Council given the ongoing difficult financial situation.

Are there any data or information gaps and if so what are they and how do you intend to address them?

The original building was erected in 1964 with additional elements added in the mid 1970's. The life span of a building of this time/type is between 30 to 60 years (best case 2024). Maintenance on the building was undertaken as and when budget was available, repaired as and when necessary and remodelled inside, required to improve the office environment. These works would have had no impact on the overall lifespan of the building.

More recently, there was significant concern about the integrity of the existing structure, a steel reinforcement framework that would have been embedded within the concrete construction. This would not have been included within the findings of the Condition Survey undertaken in 2018. Recently a piece of the external concrete fell away from the steel reinforcement.

It would not be prudent to invest a significant sum of money into a building with a limited lifespan, this building had almost achieved its best case lifespan by the time it was vacated as a result of the pandemic in 2020/21.

In addition, the fabric of the building was not energy efficient and would have required a significant financial outlay in addition to the Condition Survey findings to begin to 'decarbonise' the building. Without this additional investment the building would also be extremely expensive to heat due to heat loss and would have been a significant issue for the Welsh Governments objectives to decarbonise the public sector estate by 2050.

Finally, there would have been very limited opportunity to improve the Carbon Footprint for this building - as one of our key Corporate Buildings, and given the evidence above, this was a major concern for the Council moving forward.

#### **Section 6 - Consultation.**

Using the questions below please provide details of any planned consultations or consultations that have been undertaken to support the proposal, referring to the Gunning Principles as appropriate:

<u>Principle 1</u>: Consultation must take place when the proposals are still at a formative stage. You must not have already made up your mind.

<u>Principle 2</u>: Sufficient reasons must be put forward to allow for intelligent consideration and response. Have people been given the information and opportunity to influence?

Principle 3: Adequate time must be given for consideration and response. Is the consultation long enough bearing in mind the circumstances?

Principle 4: The product of consultation must be conscientiously taken into account when finalising the decision

Please consider the following questions:	
Who did you consult?	
2. When did the consultation take place and was adequate time given for a response?	
3. Was there enough information provided to response effectively?	
I.What were the findings?	
5. Have the findings been considered with regards to the decision?
