1. Purpose of the Report

- 1.1 To invite the Governance and Audit Committee to undertake their assurance role by noting the progress made in the management and monitoring of the Council's most significant risks at the end of Quarter 3 (October to December 2023).

2. Scope and Background

- 2.1 Risk management is the systematic process of understanding, evaluating and addressing risks to maximise the chances of objectives being achieved and ensuring organisations, individuals and communities are sustainable. It is a key component of the Council's overall governance arrangements.
- 2.2 Essentially, effective risk management requires an informed understanding of relevant risks, an assessment of their relative priority and a rigorous approach to monitoring and controlling them.
- 2.3 The Council's Risk Management Strategy and Risk Management Handbook details the Council's approach to risk management and its appetite for managing risk.
- 2.4 The Corporate Risk Register (CRR) allows the Council to focus on managing and mitigating the most significant corporate risks that could impact on the council and / or community.
- 2.5 The Corporate Risk Register is updated by risk updaters and risk owners and reviewed by Corporate Leadership Team on a quarterly basis. The last review at CLT took place on 8th February and considered the progress as at the end of Quarter 3 (October to December 2023). The last review by Governance and Audit Committee took place on 1st December 2023.
- 2.6 The Governance and Audit Committee's Terms of Reference sets out their responsibility:

- Provide independent assurance of the adequacy of the risk management framework and the associated control environment.
- Consider the effectiveness of the Council's risk management arrangements and the control environment.

2.7 The CRR is now presented at Appendix A. This will provide members of the committee with an overview of the current strategic risks facing the Council and is intended to provide assurance that the Council is adequately managing its significant risks. Appendix B contains corporate risk register definitions and guidance for information.

2.8 At the end of Quarter 3, there were 10 risks on the Corporate Risk Register. This is a reduction from Quarter 2 due to the removal of CRR30a and CRR30b which relate to the cost of living crisis. Corporate Leadership Team's assessment is that this is an issue which the Council is responding to rather than a risk.

2.9 The Council continues to respond to the cost-of-living crisis. An action plan for winter 2023 / 2024 is in place and the high-level actions within the plan centre on support for residents (Housing / Food / general support and Communication / Engagement with the public / staff). The action plan is updated and monitored by the Cost-of-Living Operational Group who meet on monthly basis.

2.10 Any impacts noted in the risk entry which might result in a specific significant risk e.g. increased homelessness, will be monitored via the appropriate Directorate Risk Register and escalated to the Corporate Risk Register in line with the Council's risk management framework.

A summary of the Corporate Risk Register as at Quarter 3 is presented below.

Risk reference and description	Residual Risk Score at the end of Q2	Residual Risk Score at the end of Q3
CRR1: Failure to deliver and sustain the changes required to ensure that vital services are prioritised within the financial constraints faced by the Council.	Critical	Critical
CRR2: Failure to ensure that the Councils ICT arrangements provide assurance in terms of operational functionality and data security and enable the required digital transformational change.	High	High

CRR4: Safeguarding - Failure to ensure adequate safeguarding arrangements are in place for vulnerable people in Blaenau Gwent.	High	High
CRR5: There is a risk that the Council's Business Continuity processes are not robust enough to enable the provision of critical services in an emergency.	High	High
CRR14: Failure to improve staff attendance rates within the Council will lead to an unacceptable impact on the ability of the Council to deliver services effectively and financially.	Critical	Critical
CRR19: If the Council does not manage its information assets in accordance with requirements set down within legislation, then it may be faced with financial penalties and possible sanctions that hinder service delivery.	High	High
CRR21: The Financial resilience of the Council could be at risk if the Council does not ensure that financial planning and management decisions support long term stability and sustainability.	Critical	Critical
CRR22: Failure to deliver the Council's priorities within the agreed annual budget resulting in the increased use of emergency finance measures and the drawdown of reserves.	Critical	High
CRR25: The school in an Estyn category and currently in receipt of Council Intervention fails to make appropriate progress against the Statutory Warning Notice to Improve and Post Inspection Action Plan.	High	High
CRR28: Failure to maintain appropriately skilled, adequate staffing resources will lead to an unacceptable impact on the ability of the Council to deliver services effectively.	High	High

3. **Recommendation**

- 3.1 The Governance and Audit Committee is asked to consider the contents of this report to provide assurance that procedures are in place to monitor the management of significant risks.

4. **Evidence of how this topic supports the achievement of the Corporate Plan / Statutory Responsibilities / Blaenau Gwent Well-being Plan**

- 4.1 Effective Risk Management allows the Authority to deliver services in pursuance of its obligations.

5. **Implications Against Each Option**

5.1 ***Impact on Budget (short and long term impact)***

- 5.1.1 There are no direct financial implications although it is widely recognised that effective risk management is an essential ingredient in achieving service improvement, efficiency and value for money.

5.2 ***Risk including Mitigating Actions***

- 5.2.1 Failure to ensure robust risk management arrangements are in place will result in the weakening of internal controls.

- 5.2.2 Failure to identify the Council's significant risks could result in a myriad of potential consequences including failure to maximise the chances of objectives being achieved, financial loss and reputational damage.

5.3 ***Legal***

- 5.3.1 There are no direct legal implications arising from this report.

5.4 ***Human Resources***

There are no direct staffing implications arising from this report roles but individual roles and responsibilities are identified in the Risk Management Strategy.

- 5.5 **Health and Safety**
There are no direct health and safety implications arising from this report.
6. **Supporting Evidence**
- 6.1 ***Performance Information and Data***
Actions identified to manage risks should be included in the relevant business plans and this will be expedited by the Professional Lead for Risk and Insurance and the Corporate Performance Officer.
- 6.2 ***Expected outcome for the public***
- 6.2.1 Failure to identify the Council's significant risks could result in a myriad of potential consequences including failure to maximise the chances of objectives being achieved and financial loss which will inevitably affect how the Council provides services to the communities of Blaenau Gwent
- 6.3 ***Involvement (consultation, engagement, participation)***
- 6.3.1 Not applicable for this report
- 6.4 ***Thinking for the Long term (forward planning)***
- 6.4.1 Identification & mitigation of risks ensures the Council can deliver its corporate priorities
- 6.5 ***Preventative focus***
- 6.5.1 Identification & mitigation of risks ensures the Council can deliver its corporate priorities.
- 6.6 ***Collaboration / partnership working***
- 6.6.1 Not applicable for this report
- 6.7 ***Integration (across service areas)***
- 6.7.1 Not applicable for this report
- 6.8 ***Decarbonisation and Reducing Carbon Emissions***
- 6.8.1 Not applicable for this report
- 6.9 ***Integrated Impact Assessment***
- 6.9.1 Not applicable for this report
7. **Monitoring Arrangements**
- 7.1 The Corporate Risk Register is reviewed and updated by CLT on a quarterly basis but more frequently if required and is part of the Joint Report which is reported to Scrutiny.
- 7.2 The Corporate Risk Register will be presented to Governance and Audit Committee on a quarterly basis.

Quarter 3 Progress October – December 2023

The Medium-Term Financial Strategy has been developed and shared with all Members through briefing sessions, but it is highlighting a budget gap in excess of £34m between 2024/25 to 2028/29 which is being driven by higher than forecast pay awards, the continuing high levels of inflation and demand for services as a result of the cost-of-living crisis.

Welsh Government’s draft budget announcement prior to Christmas has confirmed the difficult financial position the Council finds itself in and the enormity of the task to make the necessary cuts over the coming months and years ahead, therefore the overall risk score remains critical. The further controls of All Members briefing sessions on budget spend and pressures; Corporate Business Planning workshops and the creation of a larger cohort of managers in Wider Corporate Leadership Team have now been embedded into practice. We are going to undertake a fundamental review of our Performance Management framework will be undertaken to ensure we are collecting the right information which shows both the areas of strength and areas to improve on over the next 3-6 months.

Programme of Business Reviews (Bridging the Gap) supports Budget setting and in previous years (2019 - 2023) enabled the Council to invest in services where there were pressures thereby sustaining service delivery.	CLT	Proposals due April 2024 onwards	<p>Draft business cases proposing cuts to services, cost savings, budget reductions and income generation have been developed, the financial impact of these range from £6m to £10m. If all proposals are agreed, at the lower end of estimated achievement this will result in the Council having to utilise reserves, for the second consecutive year, to balance the budget for 2024/25. Continued depletion of the Council’s reserve will impact on its long-term financial resilience.</p> <p>Initial consideration of the proposals have been undertaken by Members during Q3 and public consultation will take place during January / February 2024. The Council will make its final 2024/25 budget decisions on 27 February 2024, however no significant proposals have as yet been identified for 2025/26 onwards.</p>	ongoing with issues that need further intervention

		<p>Our ability to be able to deliver statutory services within the current financial envelope has been difficult given the continuation of high inflation and energy costs. Coupled by Welsh Government confirmation around the future funding is creating a downward trend and increasing our risks as we move through the year and into the next financial year. Based on the draft budget announcement from Welsh Government it is recommended that the score remains at critical.</p> <p>Work continues on targets to reduce overall risk / the forecasted direction of travel is a worsening position. Although we are maintaining our delivery of services and continue to be on track overall, we are seeing the impacts of future funding settlements put greater pressure on the authority to find greater cuts in delivering its statutory functions.</p>

Quarter 3 Progress Update (October - December 2023)

In November 2023, the Vantage data centre was audited by the Chief Information Security Officer (CISO) to ensure their Disaster Recovery and Business Continuity arrangements were fit for purpose. In November 2023 the CISO also tested the backups of VEEAM and DRUVA and found them to be satisfactorily working. The Vodafone SOC/SIEM alerts continue to be monitored by BG's dedicated security team and the SRS security team. A Disaster Recovery test of Vantage is being planned for March 2024. The SRS Risk Register continues to be reviewed by SRS Senior Leadership Team and Chief Information Security Officers monthly. The BGCBC Information security risk register continues to be reviewed monthly by the Senior Information Risk Owner, SRS and CISO. The Blaenau Gwent dedicated security team continue to run monthly scans across the BG network to highlight/identify any threats prior to them being exposed. All systems are reviewed on an ongoing basis to understand supporting requirements and create a plan to mitigate any upcoming obsolete systems/out of support systems – this is also reviewed in ISLB (attended by SRS, BGCBC, Torfaen CBCB, Monmouthshire CC, and Gwent Police).

Quarter 3 Progress October – December 2023

- Sickness levels remain high the outturn for Quarter 3 is 8.34 days per full time equivalent employee which is above the target set of 7.50 days. The trend over the year is an improving picture for the Council with the three quarters to December 2023 all having a reduction in sickness levels in comparison to the previous year. Quarter 3 has had a reduction of 3.56 days from 11.9 days the previous year.
- There is continued support for managers with sickness absence management
- Annual review and report presented to Corporate and Performance Scrutiny Committee 12.10.23 and Cabinet 29.11.23
- The working patterns automated in ITrent has had an impact in ensuring statistics are more accurate particularly in services where there are high numbers of part-time employees

		<p>It is recommended that the risk scores remain unchanged, and focus remains on reducing the impact of sickness absence in terms of costs to the Council and workforce capacity. This is suggested for the following reasons:</p> <p>Whilst sickness levels are reducing the Council had the highest level of sickness in Welsh Local Government in 2022/23 based on the available data</p> <ul style="list-style-type: none"> • The need for financial savings and efficiencies on capacity given the significant financial challenges facing Local Government over the next 3-5 years as well as the continuing cost of sickness absence • The first three quarters are showing a reduction of 3.56 days in comparison to the previous year however sickness remains high and above target for the year. If the Council continues with the same trend over the final quarter then it will be appropriate to revisit the scores at that time.

Quarter 3 Progress October – December 2023

The Welsh Government (WG) announced its provisional local government settlement in December 2023 and was able to maintain the average 3.1% uplift to Aggregate External Funding announced during 2022. As a result of consequential funding from UK government in February 2024 WG announced an additional £25m to local government which increased the average uplift to 3.3%. Blaenau Gwent’s core increase for 2024/25 will be below the average at 2.8%, although this will see Blaenau Gwent’s funding from WG increase by £3.9m this is not keeping pace with the increasing costs of delivering services (inflation, energy, pay and increasing demand in some areas). The latest Medium Term Financial Strategy is estimating a £33m budget gap over the next 5 years with £8.5m needing to be identified to set a balanced budget. Unfortunately, unlike recent years WG have not provided any indication of likely settlement increases for future years, this makes the assessment of future budget gaps more difficult.

Draft business cases proposing cuts to services, cost savings, budget reductions and income generation have been developed, the financial impact of these range from £6m to £10m. If all proposals are agreed, at the lower end of estimated achievement this will result in the Council having to utilise reserves, for the second consecutive year, to balance the budget for 2024/25. Continued depletion of the Council’s reserve will impact on its long term financial resilience.

Initial consideration of the proposals have been undertaken by Members during Q3 and public consultation is taking place during January / February 2024. The Council will make its final 2024/25 budget decisions on 27 February 2024, however no significant proposals have as yet been identified for 2025/26 onwards. It is recommended that the score remains critical.

		<p>There are increasing concerns surrounding the financial sustainability of Welsh local authorities. The Welsh Local Government estimate a budget gap of between £330m £480m in 2024/25 which will have serious impacts on local service delivery. The Welsh Government has described its budgetary position as ‘the most difficult financial situation since the dawn of devolution’.</p> <p>Whilst the Council has made some progress in identifying proposals to bridge the budget gap for 2024/25, limited progress has been made in identifying proposals that will have a positive financial impact in future years. This combined with the Council’s reliance on Welsh Government funding and the overall national picture it is recommended that the score remains at critical.</p>

Quarter 3 Progress October – December 2023

The quarter 3 forecast outturn position for 2023/24 remains positive compared to agreed budget (both capital and revenue). Capital budgets are expected to be on target at the year end whilst the forecast against revenue budget show an improving picture compared to Q2. Cost pressures identified during the year continue however high vacancies in some areas combined with improving inflation rates and additional grant income is offsetting some of these pressures overall resulting in a lower use of reserves than anticipated.

Current indications suggest an improving position in year therefore it is proposed that the risk is downgraded to High.

To note for 2024/25, a number of favourable / underspending budgets which are contributing to the positive picture in 2023/24 are proposed to be reduced as part of proposals to achieve a balanced budget for next year and could impact negatively upon this risk during the year.

Corporate Risk Report Definitions and Guidance

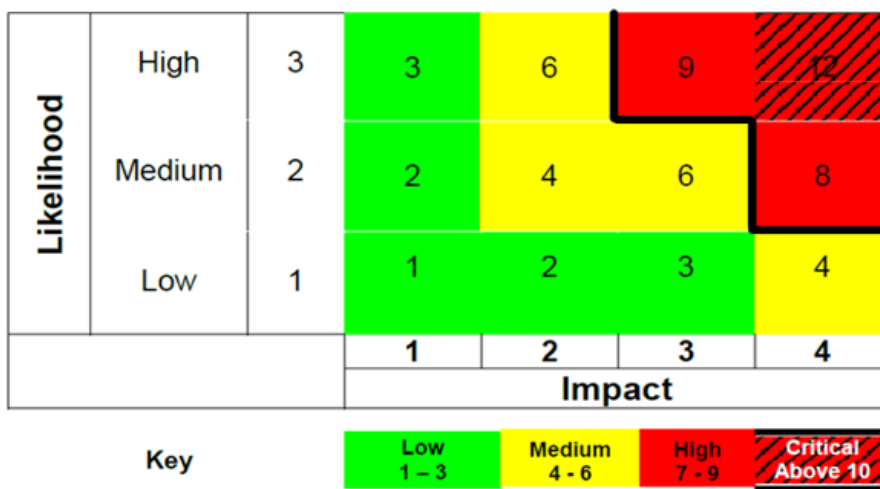

The Risk Management Process

Blaenau Gwent has adopted a 3 by 4 matrix approach (below) where the likelihood will be rated with a score between 1 to 3 and the impact between 1 and 4. A risk score is calculated by multiplying the likelihood and the impact together. This will be the inherent risk score (without any controls in place).

The black line indicates the “risk appetite” as agreed by Corporate Leadership Team (CLT). Risks that fall to the left of the black line are within agreed appetite and require less managing. Risks that fall to the right are outside the appetite and therefore need to be escalated for consideration to the Corporate Risk Register and managed more actively.

Risk Matrix - Blaenau Gwent Council's risk matrix.

Inherent risk score (before controls) and Residual risk score (after controls)

Risks will be scored twice, once without any controls in place which will be the inherent risk score and once taking into account the control measures which will determine the residual risk score.

Risk Score	Definition
Inherent Risk Score	The assessment of the risk score before controls have been applied.
Residual Risk Score	The assessment of the risk score after controls have been applied.
Target Risk Score	The level to which we anticipate we can manage the risk down to.

The process of scoring risk is subjective, and everyone will have a different perception of a particular risk. To help in this process and to introduce a common baseline so that individual risks (financial and non-financial) can be compared on a like by like basis across the Authority, formal quantification guidance has been introduced.

1. **Purpose of the Report**
 - 1.1 The purpose of this report is to update the Governance & Audit Committee on the progress against the Internal Audit Plan for the period 1st October to 31st December 2023.

2. **Scope and Background**
 - 2.1 The report highlights the work undertaken by the Internal Audit Service and complies with the Public Sector Internal Audit Standards (PSIAS).
 - 2.2 The Internal Audit Plan has been compiled based upon Risk Assessments whereby each potential audit area is scored using a risk matrix. The scoring matrix uses a set of criteria relating to the audit risks, the Authority's objectives and the views of Senior Managers.
 - 2.3 The audit work allocated to staff for the period October to December 2023 is based on the outcomes of the Risk Assessment exercise. This approach allows flexibility in the audit plan and can accommodate an individual auditor's experience and skill set when allocating audits.

3. **Options for Recommendation**
 - 3.1 The Governance & Audit Committee consider the report and findings within the attached Appendices, notes the progress on activities for the period 1st October to 31st December 2023, providing appropriate challenge where relevant.

4. **Evidence of how this topic support the achievement of the Corporate Plan / Statutory Responsibilities / Blaenau Gwent Well-being Plan**
 - 4.1 In line with the Corporate Plan Priority of an ambitious and innovative council delivering quality services at the right time and in the right place, presentation of the Internal Audit progress report demonstrates the breadth and depth of the audit coverage of the Council's systems and internal controls. In doing this it also enables the Chief Officer – Resources to satisfy her statutory duties under Section 151 of the Local Government Act (1972) in providing an effective Internal Audit Service.

4.2 The Governance & Audit Committee, in their role as those charged with governance, and in compliance with the PSIAS, have a responsibility to oversee the performance of the Internal Audit function including receiving a summary of the work upon which the Audit and Risk Manager will base her annual audit opinion.

5. **Implications Against Each Option**

5.1 Impact on Budget

There are no direct financial implications resulting from this report.

5.2 Risk including Mitigating Actions

The report demonstrates the breadth and depth of audit coverage to provide assurance that key areas of concern and areas deemed to have the highest risk priority are being examined during the financial year. Failure to cover sufficient audit areas exposes the Authority to the risk that weaknesses within specific systems in the Authority's internal control environment are not being identified, resulting in increased financial or reputational damage. This is mitigated by regular review of progress and reprioritisation as appropriate.

5.3 Legal

Provision of an adequate audit service, demonstrated in part through the production of a suitable audit plan, contributes to the Section 151 officer being able to fulfil her statutory duties under the Local Government Act (1972).

5.4 Human Resources

Internal Audit has a complement of six full time posts. During the period the section experienced some staff sickness absences. From January 2024, the Audit Apprentice position will be vacant.

5.4.1 The section's sickness for the period 1st April to 31st December 2023 is an average of 5.17 days per person against an annual directorate target of 7 days per person.

5.5 Health and Safety

There are no direct health and safety implications arising from this report.

6. **Supporting Evidence**

6.1 Performance Information and Data

Activities during the period 1st October to 31st December 2023 are set out in Appendix A attached. The format shows a summary of findings from audit reports produced in the period, including a formal audit opinion where appropriate. Where individual audits are graded as Limited Assurance, or No Assurance the Internal Audit report will be presented for Members' consideration.

6.1.1 Performance data for the Section for the period to 31st December 2023 is presented at Appendix B. The grading's issued during the period and percentage coverage for each department is shown at Appendix C and D.

6.1.2 The Internal Audit plan completed is 52.53% against a target of 54.75%. All other local performance indicators are being achieved.

6.2 Expected outcome for the public

An effective Internal Audit Service and Governance & Audit Committee will assist with the stewardship of public money providing assurance to the communities of Blaenau Gwent on the robustness of the Authority's internal controls.

6.3 Involvement (consultation, engagement, participation)

Prior engagement has been undertaken with Heads of Services when determining the risk assessments for the audit plan.

6.4 Thinking for the Long term (forward planning)

The work of Internal Audit is intended to provide advice and guidance on system improvements resulting in an improved control environment for the future of the Authority.

6.5 Preventative focus

Internal Audit provides a cost effective and professional Audit review of the Authority's internal control environment with the aim of minimising the risk of loss from error, fraud, or irregularities.

6.6 Collaboration / partnership working

There are no collaboration / partnership working arrangements arising from this report.

6.7 Integration (across service areas)

The audit plan is developed with a view to providing assurance on the whole of the Authority's control environment. Audit assignments are conducted for a range of activities across all directorates in order for the Audit and Risk Manager to provide an annual audit opinion that an adequate internal audit service has been provided.

6.8 Decarbonisation and Reducing Carbon Emissions.

No impact for this report.

6.9 Integrated Impact Assessment

Not applicable.

7. **Monitoring Arrangements**

7.1 Internal Audit reports are presented to the Governance & Audit Committee as part of the progress report. Where audit assignments have been graded as Limited Assurance or No Assurance, the Internal Audit Report will be provided as appendices for Members' consideration.

7.2 Performance data for the Section is periodically presented to members as part of the ongoing progress reports.

7.3 The levels of audit coverage and the grading's of individual audits will inform the annual opinion of the Audit and Risk Manager and supports the Governance & Audit Committee in fulfilling its assurance role to the citizens of Blaenau Gwent.

1. Purpose of the Report

- 1.1 The purpose of the report is to provide the Governance and Audit Committee with outcome of the Food Standards Agency (FSA) audit of Local Authority Food Safety & Standards Regulatory Service delivery planning processes and arrangements.

2. Scope and Background

- 2.1 The Council was audited by the Food Standards Agency during September 2023. The audit covered Service delivery planning processes and arrangements relating to Authority's Food Safety and Standards services. It also covered a check on open audit actions from 2 previous audits dating back to the previous full audit in 2014 and 2017/18. (These checks had been delayed due to the covid pandemic.)
- 2.2 The Food Standards Agency letter (Appendix 1) details the outcome of the audit visit. In Summary, the FSA's view was that the Authority has provided a service plan that broadly meets the requirements of the service planning guidance issued by the FSA. A small number of improvements were required to bring the process fully up to the required standard and verbal feedback was provided to officers and these were actioned at the time of the Audit.
- 2.3 Members are reminded that Environmental Health and Trading Standards Services were severely impacted during the pandemic emergency with almost all the establishment Food Hygiene and Standards Officers being deployed for lengthy periods to deal with Covid advice and support and the enforcement of temporary regulations as they related to high-risk settings and businesses. As such, programmed inspections of food businesses and other work was put on hold until the emergency abated. The purpose of the FSA Audit was to assess the service delivery and planning processes as they related to catch up and recovery work post pandemic, against the FSA Food Law Code of Practice.
- 2.5 Food Hygiene – the FSA Audit concluded that *“The food hygiene service has recovered significantly from the pandemic demonstrating progress towards*

re-alignment with the intervention frequencies contained within the Food Law Code of Practice (the Code). The service plan highlighted that officer resources were slightly lower than required (0.32 Full Time Equivalent (FTE)), however, there is a plan in place to address the backlog of outstanding premises interventions. These findings indicate that the authority is making good progress on recovery and is taking a risk-based approach.”

- 2.6 Food Standards – The FSA Audit concluded that *“The food standards service has also recovered significantly from the pandemic to make progress in re-aligning with the Code. The service plan highlighted the lack of officer resources with a deficit of 2.75 FTE. There is also a plan in place to address resources from within and tackle the backlog of overdue and unrated establishments. The food standards service is making good progress despite resource difficulties and is also taking a risk-based approach.”*
- 2.7 In the letter, the FSA’s assessment of the overall assurance level for these services was “moderate”, as outlined in Appendix 2 (Annex 1 to their letter) i.e. *“The system for delivering official controls requires some improvement to fully demonstrate effective implementation of planned arrangements suitable to achieve the objectives of legal requirements and guidance”.*
- 2.8 Previous Audit Actions: The FSA found that *“The actions taken to address the 24 food hygiene and food standards recommendations, detailed in the authority’s full audit action plan from 2014 were assessed along with the findings from the Food Hygiene Rating Scheme (FHRS) audit of 2017/18. Auditors were able to verify conformance with 23 recommendations from the full audit and all of the actions from the FHRS audit, in which there were two. Auditors were also able to confirm that the authority had made progress towards addressing the remaining recommendation but the action that had been taken was not sufficient to verify full conformance.”*
- 2.9 The action plan attached at Appendix 3 details the findings relating to the open audit actions. A response to the outstanding action is outlined in the *Management response* (Appendix 4).

Options for Recommendation

3.1 Option 1

Governance and Audit Committee is assured that the Council’s Management Response, identified in Appendix 4, will appropriately respond to the Food Standards Agency recommendations.

3.2 Option 2

Provide comment on the Food Standards Agency letter and Council’s Management Response, to address the recommendations for Officers to implement in order to provide continuous improvement.

4. Monitoring Arrangements

- 4.1 The recommendations from Food Standards Agency will be included within the business plan and updated on a quarterly basis.

Information will be reported within the Community Services and Regeneration Directorate report to Places Scrutiny Committee and Cabinet.

Food Standards Agency audit of local authority service delivery planning processes and arrangements and relevant open audit actions – 27th - 28th September 2023

Dear Mr McCann,

I refer to the recent audit visit undertaken by the Food Standards Agency (FSA) to assess your authority's food service delivery planning processes and arrangements and review relevant open audit actions from previous audits.

I would like to thank you and your officers for your time and assistance in enabling us to complete the audit visit. Detailed feedback of our findings was provided to the service manager, team managers and lead officers and a summary of the overall findings was delivered during and at the conclusion of the visit.

Service planning and delivery

The local authority has provided a service plan that broadly meets the requirements of the service planning guidance issued by the FSA. A small number of improvements are required to bring the process fully up to the required standard and verbal feedback has been provided to officers.

The food hygiene service has recovered significantly from the pandemic demonstrating progress towards re-alignment with the intervention frequencies contained within the Food Law Code of Practice (the Code). The service plan highlighted that officer resources were slightly lower than required (0.32 Full Time Equivalent (FTE)), however, there is a plan in place to address the backlog of outstanding premises interventions. These findings indicate that the authority is making good progress on recovery and is taking a risk-based approach.

The food standards service has also recovered significantly from the pandemic to make progress in re-aligning with the Code. The service plan highlighted the lack of officer resources with a deficit of 2.75 FTE. There is also a plan in place to address resources from within and tackle the backlog of overdue and unrated establishments. The food standards service is making good progress despite resource difficulties and is also taking a risk-based approach.

Overall assessments of the assurance of the authority's food hygiene and food standards service planning and delivery have been attached at Annex 1.

The level of assurance is dependent upon the continued and successful delivery of both services' plans to address the existing intervention backlogs. If those plans are not delivered, the level of actual assurance would be reduced. It is imperative that the authority continues to manage, monitor and support the recovery of both services in accordance with the risk-based plans provided to ensure recovery to the standard prescribed in law and under the Code.

Relevant open audit actions

The actions taken to address the 24 food hygiene and food standards recommendations, detailed in the authority's full audit action plan from 2014 were assessed along with the findings from the Food Hygiene Rating Scheme (FHRS) audit of 2017/18. Auditors were able to verify conformance with 23 recommendations from the full audit and all of the actions from the FHRS audit, in which there were two. Auditors

were also able to confirm that the authority had made progress towards addressing the remaining recommendation but the action that had been taken was not sufficient to verify full conformance. Please note that it is necessary for the authority to ensure action is taken to address the outstanding recommendation. Please find attached at Annex 2, an updated action plan which confirms the findings relating to open audit actions.

The authority is reminded that not all recommendations are of equal significance, for example, recommendations relating to resourcing, management of intervention programmes and internal monitoring carry a higher level of significance. Also, not all recommendations are equal in relation to the quantity of the requirements that are required in order to complete them. For example, one recommendation may comprise of a dozen or more individual parts. It is noted that the number of recommendations raised is not always representative of overall achievement. It is important that the root cause of any issue is identified and that corrective and preventative action is carried out. The importance of internal monitoring is key to maintaining improved standards.

Next steps

This letter and the document attached at annex 1 will not be published but the updated action plan attached at annex 2 will be published on the FSA's Website. It is, however, expected that the report letter be brought to the attention of relevant Members.

Further follow-up to check progress in addressing the previous outstanding recommendation will take place in due course.

In order for us to continually improve, we would be grateful if you could complete the attached audit feedback questionnaire. We would welcome any comments you and your officers may have on the conduct of this audit.

In the meantime, if you wish to discuss the contents of this letter, please feel free to contact me on Tel: 07870 362491 E-mail: wales.audit@food.gov.uk

Yours sincerely

15.10 (i) Set-up, maintain and implement a documented Enforcement Policy, in accordance with the relevant Codes of Practice and other official guidance, and ensure that the policy is appropriately approved. The Enforcement Policy or an accurate summary should be readily available to the public and food businesses in its area. [The Standard – 15.1]	Green	A documented enforcement policy was in place for Environmental Health (including food hygiene) and had been appropriately approved by Executive, a point which was demonstrated at the time of the audit. Whilst there was an enforcement policy in place for Trading Standards (including Food Standards) which had been formally adopted it had been recognised that it had been sometime since this policy had been reviewed and during September 2013 when the two services came together under Public Protection it was agreed that food standards would informally adopt the Environmental Health policy. As a result of the collaboration with Torfaen County Borough Council the enforcement policy has been reviewed with a view to bringing in a single enforcement policy, the draft of which has been submitted through the Corporate Management Team and is now going through the process of formal approval. The new enforcement policy will include criteria for the use of all enforcement options and the arrangements	Policy approved and publicly available and amended to include criteria for some enforcement actions, references to LA operated premises and Primary Authority scheme. Report Subject: **Response to Audit Wales Enquiry to those charged with Governance and Management**
Portfolio Holder: **Cllr Steve Thomas – Leader / Cabinet Member for Corporate Overview and Performance**
Report Submitted by: **Louise Rosser – Audit and Risk Manager**

Reporting Pathway								
Directorate Management Team	Corporate Leadership Team	Portfolio Holder / Chair	Governance & Audit Committee	Democratic Services Committee	Scrutiny Committee	Cabinet	Council	Other (please state)
	08/02/2024	12.02.24	21/02/2024					

1. Purpose of the Report

The purpose of this report is to inform the Governance & Audit Committee of the three responses to the Audit Wales enquiries (see Appendix A), including the proposed response on behalf of the Committee as provided by the Chair.

2. Scope and Background

- 2.1 A letter of enquiry is received on an annual basis from Audit Wales which seeks the Councils documented consideration and understanding of the management and governance arrangements in place for the Authority.
- 2.2 In previous years the letter has sought two responses, one from management and one from those charged with governance. For the 2022-23 financial statements Audit Wales have issued three letters. One to the Chief Officer Resources – providing the Management response, one to the Chair of the Governance and Audit Committee – providing the response of those charged with governance and one to the Audit and Risk Manager – providing the Internal Audit response.
- 2.3 The report informs members of the responses to the Audit Wales letter and seeks commentary from the Committee in respect of the proposed answers provided on their behalf by the Committee Chair.
- 2.4 All three responses were presented to CLT on 08/02/24, who confirmed their agreement with the Management response provided on their behalf by the Chief Officer Resources.

3. **Options for Recommendation**

3.1 Options for consideration are:

Option 1

The Committee endorse the attached responses to the Audit Wales queries and confirm that the response on behalf of those charged with governance accurately reflects their views.

Option 2

The Committee endorses the attached responses to the Audit Wales queries subject to any amendments proposed to the response made on their behalf.

4. **Evidence of how does this topic support the achievement of the Corporate Plan / Statutory Responsibilities / Blaenau Gwent Well-being Plan**

- 4.1 This report supports the Authority in achieving its Corporate Plan Priority of an ambitious and innovative council delivering quality services at the right time and in the right place through demonstrating that adequate measures are in place for the prevention and detection of fraud, by protecting the Authority's assets.

5. **Implications Against Each Option**

5.1 Impact on Budget (short- and long-term impact)

There are no direct financial implications arising from this report.

5.2 Risk including Mitigating Actions

Options 1 and 2 would satisfy the requirements of the external regulator.

5.3 Legal

There are no direct legal implications arising from production of this report.

5.4 Human Resources

There are no direct staffing implications arising from the production of this report.

6. **Supporting Evidence**

6.1 Performance Information and Data

The letter and accompanying questionnaires are attached at Appendix A.

Dear Louise,

Audit enquiries to Internal Audit.

This letter formally seeks Internal audit's documented consideration and understanding on a number of governance areas that impact on our audit of the financial statements.

The information you provide will inform our understanding of the Council and its business processes and support our work in providing an audit opinion on your 2022-23 financial statements.

I would be grateful if the attached table for 2022-23 could be formally considered and communicated to us by 23 February 2024. In the meantime, if you have queries, please contact Mike Jones at mike.jones@audit.wales

Yours sincerely

Enquiries of internal audit – in relation to fraud	
Question	2022-23 Response
1. Do you have knowledge of any actual, suspected or alleged fraud affecting the entity?	There are three investigations being undertaken. Audit Wales have been briefed on this work and reports will be presented to the Governance and Audit Committee as appropriate when the work is concluded.
2. What are your views on the risks of fraud in the entity?	<p>The Council has well established processes integral to the financial reporting and risk management frameworks of the Council. Controls are built into systems and processes to reduce the risk of fraud.</p> <p>Internal Audit produce a risk-based audit plan on an annual basis. Audit areas are scored and ranked using a risk matrix that includes the risk of fraud. The adequacy of the internal controls in place are tested annually through completion of this plan.</p> <p>An overview of any fraudulent activity is given in the Audit and Risk Managers Annual Report. For 2022/23 the Audit and Risk Manager was able to give a ‘reasonable assurance’ opinion on the adequacy of the control environment.</p>

Enquiries of internal audit – in relation to fraud	
Question	2022-23 Response
3. What is your process for identifying and responding to the risks of fraud?	<p>All audits test the internal controls within a system and assess their adequacy. Any reports of known or suspected fraud are followed up by Internal Audit where possible. A fraud hotline is in place for reporting concerns direct to Internal Audit. (This line has been temporarily unavailable)</p> <p>A reporting protocol exists whereby the Audit and Risk Manager attends Departmental Management Teams meetings on a quarterly basis to discuss audits undertaken in the service area.</p>
4. What procedures have been performed, if any, by internal audit during the year to detect fraud?	As above. Audit reports are issued to managers within the service area of the audit. Reports are also reported to CLT and the Governance and Audit Committee.
5. Has management satisfactorily responded to any findings resulting from those procedures?	An action plan is produced for each audit undertaken that requires a responsible officer to identify how a control weakness will be addressed. Follow up audits identify if actions are not taken in a timely manner, and concerns can be escalated to CLT and to the Governance and Audit Committee as necessary.

Dear Rhian,

Blaenau Gwent County Borough Council 2022-23 financial statements: Audit enquiries to management

The Auditor General's Statement of Responsibilities sets out that he is responsible for obtaining reasonable assurance that the financial statements taken as a whole are free from material misstatement, whether caused by fraud or error. It also sets out the respective responsibilities of auditors, management and those charged with governance.

This letter formally seeks documented consideration and understanding on a number of governance areas that impact on our audit of your financial statements. These considerations are relevant to both the management of Blaenau Gwent Council and 'those charged with governance' (the Full Council).

I have set out below the areas of governance on which I am seeking your views:

1. Matters in relation to financial reporting
2. Matters in relation to fraud

Audit enquiries to management. Please contact us in Welsh or English / cysylltwch â ni'n Gymraeg neu'n Saesneg.

3. Matters in relation to laws and regulations
4. Matters in relation to related parties
5. Matters in relation to control environment, IT systems, risk and governance

The information you provide will inform our understanding of the Council and its business processes and support our work in providing an audit opinion on your 2022-23 financial statements.

I would be grateful if you could update the attached table in [Appendix 1](#) for 2022-23.

The completed [Appendix 1](#) should be formally considered and communicated to us on behalf of both management and those charged with governance by 23 February 2024. In the meantime, if you have queries, please contact me on mike.jones@audit.wales.

Appendix 2 - Background information

Matters in relation to fraud

International Standard for Auditing (UK) 240 covers auditors' responsibilities relating to fraud in an audit of financial statements. This standard has been revised for 2022-23 audits.

The primary responsibility to prevent and detect fraud rests with both management and 'those charged with governance', which for Blaenau Gwent County Borough Council is the Audit Committee. Management, with the oversight of those charged with governance, should ensure there is a strong emphasis on fraud prevention and deterrence and create a culture of honest and ethical behaviour, reinforced by active oversight by those charged with governance.

As external auditors, we are responsible for obtaining reasonable assurance that the financial statements are free from material misstatement due to fraud or error. We are required to maintain professional scepticism throughout the audit, considering the potential for management override of controls.

What are we required to do?

As part of our risk assessment procedures we are required to consider the risks of material misstatement due to fraud. This includes understanding the arrangements management has put in place in respect of fraud risks. The ISA views fraud as either:

- The intentional misappropriation of assets (cash, property, etc); or
- The intentional manipulation or misstatement of the financial statements.

We also need to understand how those charged with governance exercises oversight of management's processes. We are also required to make enquiries of both management and those charged with governance as to their knowledge of any actual, suspected or alleged fraud, management's process for identifying and responding to the risks and the internal controls established to mitigate them.

Audit enquiries to management. Please contact us in Welsh or English / cysylltwch â ni'n Gymraeg neu'n Saesneg.

Matters in relation to laws and regulations

International Standard for Auditing (UK and Ireland) 250 covers auditors' responsibilities to consider the impact of laws and regulations in an audit of financial statements.

Management, with the oversight of those charged with governance, is responsible for ensuring that the Council's operations are conducted in accordance with laws and regulations, including compliance with those that determine the reported amounts and disclosures in the financial statements.

As external auditors, we are responsible for obtaining reasonable assurance that the financial statements are free from material misstatement due to fraud or error, taking into account the appropriate legal and regulatory framework. The ISA distinguishes two different categories of laws and regulations:

- laws and regulations that have a direct effect on determining material amounts and disclosures in the financial statements;
- other laws and regulations where compliance may be fundamental to the continuance of operations, or to avoid material penalties.

What are we required to do?

As part of our risk assessment procedures we are required to make enquiries of management and those charged with governance as to whether **the Council is in** compliance with relevant laws and regulations. Where we become aware of information of non-compliance or suspected non-compliance we need to gain an understanding of the non-compliance and the possible effect on the financial statements.

Matters in relation to related parties

International Standard for Auditing (UK) 550 covers auditors' responsibilities relating to related party relationships and transactions.

The nature of related party relationships and transactions may, in some circumstances, give rise to higher risks of material misstatement of the financial statements than transactions with unrelated parties.

Audit enquiries to management. Please contact us in Welsh or English / cysylltwch â ni'n Gymraeg neu'n Saesneg.

Because related parties are not independent of each other, many financial reporting frameworks establish specific accounting and disclosure requirements for related party relationships, transactions and balances to enable users of the financial statements to understand their nature and actual or potential effects on the financial statements. An understanding of the entity's related party relationships and transactions is relevant to the auditor's evaluation of whether one or more fraud risk factors are present as required by ISA (UK and Ireland) 240, because fraud may be more easily committed through related parties.

What are we required to do?

As part of our risk assessment procedures, we are required to perform audit procedures to identify, assess and respond to the risks of material misstatement arising from the entity's failure to appropriately account for or disclose related party relationships, transactions or balances in accordance with the requirements of the framework.

Dear Joanne,

Blaenau Gwent County Borough Council 2022-23 financial statements: Audit enquiries to those charged with governance

The Auditor General's Statement of Responsibilities sets out that he is responsible for obtaining reasonable assurance that the financial statements taken as a whole are free from material misstatement, whether caused by fraud or error. It also sets out the respective responsibilities of auditors, management and those charged with governance.

This letter formally seeks documented consideration and understanding on a number of governance areas that impact on our audit of your financial statements. These considerations are relevant to both the management of Blaenau Gwent County Borough Council and 'those charged with governance' (the Governance and Audit Committee).

I have set out below the areas of governance on which I am seeking your views:

1. Matters in relation to fraud
2. Matters in relation to laws and regulations

Audit enquiries to those charges with governance. Please contact us in Welsh or English / cysylltwch â ni'n Gymraeg neu'n Saesneg.

The information you provide will inform our understanding of the Council and its business processes and support our work in providing an audit opinion on your 2022-23 financial statements.

I would be grateful if you could update the attached table in [Appendix 1](#) for 2022-23.

The completed [Appendix 1](#) should be formally considered and communicated to us on behalf of both management and those charged with governance by 23 February 2024. In the meantime, if you have queries, please contact me on mike.jones@audit.wales.

Yours sincerely,

Mike Jones

Audit Manager

Enquiries to those charged with governance	
Question	2022-23 response
1. Do you have any knowledge of actual, suspected or alleged fraud affecting the Council?	There are a number of ongoing investigations. The Committee are kept abreast of progress through the quarterly Audit Plan Progress Report and will receive full reports on each investigation at the appropriate time.
2. What is your assessment of the risk of fraud within the Council?	Risk of fraud is considered when compiling the risk-based audit plan which prioritises systems for auditing. The Council has a fraud policy that requires all known and suspected fraud / misappropriation to be reported to Internal Audit. The policy will be considered by the Committee when it is reviewed. Reports to Committees are signed off by the Chief Officer Resources (S151) and Monitoring Officer.
3. How does the Audit Committee exercise oversight of: <ul style="list-style-type: none"> management's processes for identifying and responding to the risk of fraud in the Council, and the controls that management has established to mitigate these risks? 	As above. The Committee are able to provide challenge to reports put before them and can call officers to the meeting to give account of any actions / issues as they see fit.

Enquiries to those charged with governance	
Question	2022-23 response
4. Are you aware of any non-compliance with laws and regulations that may be expected to have a fundamental effect on the operations of the Council?	The Committee has not been made aware of any non-compliances.
5. What is the allocation of responsibilities between those charged with governance and management?	Management is responsible for the strategic and operational aspects of the Authority. The Committee have oversight of these arrangements in undertaking an assurance role. Managements roles and responsibilities are set out in the constitution and individual job descriptions. The Committee has a Terms of Reference setting out its role and remit.
6. Are there any matters which those charged with governance consider require particular attention during the audit?	None identified. The Committee is aware of its ability to refer matters to Audit Wales if it sees fit to do so.

Introduction

I have now largely completed my planning work.

This Detailed Audit Plan specifies my statutory responsibilities as your external auditor and to fulfil my obligations under the Code of Audit Practice.

It sets out the work my team intends undertaking to address the audit risks identified and other key areas of focus during 2023.

It also sets out my estimated audit fee, details of my audit team and key dates for delivering my audit team's activities and planned outputs.

Adrian Crompton

Auditor General for
Wales

My audit responsibilities

I complete work each year to meet the following duties:

- I audit Blaenau Gwent County Borough Council (the Council's) and Blaenau Gwent County Borough Council Group (the Group's) financial statements to make sure that public money is being properly accounted for.
- The Council has to put in place arrangements to get value for money for the resources it uses, and I have to be satisfied that it has done this.
- The Council needs to comply with the sustainable development principle when setting and taking steps to meet its well-being objectives. The Auditor General must assess the extent to which it is doing this.

Audit of financial statements

I am required to issue a certificate and report on your financial statements which includes an opinion on their 'truth and fairness' and an assessment as to whether the Narrative Report and Annual Governance Statement is prepared in line with the CIPFA Code and relevant guidance and is consistent with your financial statements and my knowledge of the Council.

In addition to my responsibilities for auditing the Council's financial statements, I also have responsibility for:

- certifying a return to the Welsh Government which provides information about the Council to support preparation of Whole of Government Accounts;
- responding to questions and objections about the accounts from local electors (additional fees will be charged for this work, if necessary); and
- the certification of a number of grant claims and returns as agreed with the funding bodies.

I do not seek to obtain absolute assurance on the truth and fairness of the financial statements and related notes but adopt a concept of materiality. My aim is to identify material misstatements, that is, those that might result in a reader of the accounts being misled. The levels at which I judge such misstatements to be material is set out later in this plan.

I will also report by exception on a number of matters which are set out in more detail in our [Statement of Responsibilities](#).

There have been no limitations imposed on me in planning the scope of this audit.

Performance audit work

I carry out a programme of performance audit work to discharge my duties¹ as Auditor General in relation to value for money and sustainable development.

My local performance audit programme will continue to be delivered through a combination of an Assurance and Risk Assessment Project, bespoke local projects and thematic projects examining risks common to all councils.

The majority of my performance audit work is conducted using INTOSAI auditing standards. The International Organisation of Supreme Audit Institutions is a global umbrella organisation for the performance audit community. It is a non-governmental organisation with special consultative status with the Economic and Social Council (ECOSOC) of the United Nations.

¹ When we undertake audit work under our statutory powers and duties we may collect information from public bodies that contains some personal data. Our general audit fair processing notice, explains what we do with personal data, and how you can contact our Data Protection Officer.

Your audit at a glance

My financial statements audit will concentrate on your risks and other areas of focus

My audit planning has identified the following risks:

Significant financial statement risk

- Management override of controls

Other areas of audit focus

- Valuation of land and buildings
- Preparation of the group accounts
- Pension fund accounting (IAS19); and
- Related party disclosures and senior officer remuneration

My performance audit will include:

- Assurance and Risk Assessment
- Thematic reviews: financial sustainability of local government; commissioning arrangements
- Local Report – performance management arrangements

Materiality

Materiality	£3 million
Reporting threshold	£151K

Group

We will also perform an audit of the Blaenau Gwent County Borough Council Group which consolidates the accounts of Silent Valley Waste Services Ltd.

Financial statements' materiality

Materiality £3 million

My aim is to identify and correct material misstatements, that is, those that might otherwise cause the user of the accounts into being misled.

Materiality for the audit of the Council's financial statements is calculated using:

- 2022-23 gross expenditure of £303 million
- Materiality percentage of 1%

I report to those charged with governance any misstatements above a trivial level (set at 5% of materiality).

Areas of specific interest

There are some areas of the accounts that may be of more importance to the user of the accounts and we have set a lower materiality level for these:

- Senior officer remuneration £1,000
- Related party disclosures: transactions related to officers/elected members £10,000

Significant financial statements' risks

Significant risks are identified risks of material misstatement for which the assessment of inherent risk is close to the upper end of the spectrum of inherent risk or those which are to be treated as a significant risk in accordance with the requirements of other ISAs. The ISAs require us to focus more attention on these significant risks.

Exhibit 1: significant financial statement risks

Significant risk	Our planned response
<p>The risk of management override of controls is present in all entities. Due to the unpredictable way in which such override could occur, it is viewed as a significant risk [ISA 240.32-33].</p>	<p>The audit team will:</p> <ul style="list-style-type: none"> • test the appropriateness of journal entries and other adjustments made in preparing the financial statements; • review accounting estimates for bias; • evaluate the rationale for any significant transactions outside the normal course of business.
<p>We qualified the 2021-22 accounts as we identified that the useful economic lives of properties had not been subject to regular review, as required by the accounting framework. We were therefore unable to obtain sufficient assurance over the depreciation charged in 2021-22 and in previous years; and consequently, there was doubt regarding the material accuracy of the net book value of the properties.</p>	<p>The audit team will:</p> <ul style="list-style-type: none"> • assess the work undertaken by the valuer in terms of re-assessing the useful economic lives. • review how adjustments have been made to the 2021-22 closing balances for relevant property; and • review the material accuracy of net book value of properties.

Other areas of focus

I set out other identified risks of material misstatement which, whilst not determined to be significant risks as above, I would like to bring to your attention.

Exhibit 2: other areas of focus

Audit risk	Our planned response
<p>Valuation of land and buildings</p> <p>The value of land and buildings reflected in the balance sheet and notes to the accounts represent material estimates. Land and buildings are required to be held on a valuation basis which is dependent on the nature and use of the assets. This estimate is subject to a high degree of subjectivity depending on the specialist and management assumptions adopted and changes in these can result in material changes to valuations.</p>	<p>The audit team will:</p> <ul style="list-style-type: none">• review the information provided to the valuer to assess for completeness;• evaluate the competence, capabilities and objectivity of the professional valuer;• test a sample of assets revalued in the year to ensure the valuation basis, key data and assumptions used in the valuation process are reasonable, and the revaluations have been correctly reflected in the financial statements;• evaluate the assumptions made by management as to why it considers that land and buildings not revalued in 2022/23 are not materially misstated; and• test the reconciliation between the financial ledger and the asset register.
<p>Valuation of pension fund net liability</p> <p>The Local Government Pension scheme (LGPS) pension fund liability as reflected in the financial statements represents a material estimate. The nature of this estimate means that it is subject to a high degree of estimation uncertainty as it is sensitive to small adjustments in the assumptions used in its calculation</p>	<p>The audit team will:</p> <ul style="list-style-type: none">• evaluate the instructions issued by management to their management experts (the actuary) for this estimate and the scope of the actuary's work;• assess the competence, capabilities and objectivity of the actuary who carried out the valuations;• assess the accuracy and completeness of the information provided by the Council to the actuary to estimate the liability;

- test the accuracy of the pension fund net liability and disclosures in the financial statements with the actuarial report from the actuary; and
- assess the reasonableness of the assumptions made by the actuary by reviewing the report of the consulting actuary (auditor's expert) and undertaking any additional procedures required.

Related Parties and Senior Officer Remuneration

I judge some of the disclosures in the financial statements, such as related parties and the remuneration of senior officers and councillors, to be material by nature, with a far lower level of materiality. These disclosures are therefore inherently prone to material misstatement.

I will enhance my examination of all areas that I determine to be material by nature, to ensure that they are complete and accurate

Preparation of the group accounts:

The group accounts are prepared using Silent Valley Waste Services Ltd. accounts. For 2022-23 the Silent Valley Waste Services Ltd. accounts have been prepared for a 15-month period to 30 June 2023, and during the period 1 April 2023 to 30 June 2023 the company's activities have transferred to the Council. With this non-coterminous year-end and the transfer of the activities, there is a risk that the group accounts are not materially accurate.

My audit team will review the consolidation exercise to ensure it has been undertaken accurately.

Quality of the draft accounts

During our planning work, we were unable to map the trial balance to the statement of accounts. This is a fundamental procedure which underpins the accounts production.

In addition, we were unable to evidence support for the expenditure analysis in Note 7.2 of the accounts.

Finance officers are currently attempting to reconcile the trial balance to the statement of accounts which we will review once completed. Finance officers are also in the process of providing us with evidence supporting the expenditure analysis in Note 7.2. Again, we will review this once completed.

Financial statements' audit timetable

I set out below key dates for delivery of my accounts audit work and planned outputs.

Planned performance audit work

I set out below details of my performance audit work and key dates for delivery of planned outputs.

Exhibit 4: key dates for delivery of planned outputs

<p>Assurance and risk assessment</p>	<p>Project to identify the level of audit assurance and/or where further audit work may be required in future years in relation to risks to the Council putting in place proper arrangements to secure value for money in the use of resources and acting in accordance with the sustainable development principle.</p>	<p>August 2023 – March 2024</p>
<p>Thematic review – financial sustainability of local government</p>	<p>A review of councils’ financial sustainability including a focus on the actions, plans and arrangements to bridge funding gaps and address financial pressures over the medium term.</p>	<p>March – June 2024</p>
<p>Thematic review – commissioning arrangements</p>	<p>A review focusing on how councils’ arrangements for commissioning services apply value for money considerations and the sustainable development principle.</p>	<p>March – December 2024</p>
<p>Local review – performance management</p>	<p>A review of the Council’s performance management arrangements.</p>	<p>To be confirmed</p>

We will provide updates on the performance audit programme through our regular updates to the Governance and Audit Committee.

Certification of grant claims and returns, and statutory audit functions

Certification of grant claims and returns

I have also been requested to undertake certification work on Council's grant claims, which I anticipate will include Housing Benefits, Teachers Pension, NDR, money transfers and Social Care Wales Workforce Development Programme (SCWDP).

Statutory audit functions

In addition to the audit of the accounts, I have statutory responsibilities to receive questions and objections to the accounts from local electors. These responsibilities are set out in the Public Audit (Wales) Act 2004:

- Section 30 Inspection of documents and questions at audit; and
- Section 31 Right to make objections at audit.

As this work is reactive, I have made no allowance in the fee table below. If I do receive questions or objections, I will discuss potential audit fees at the time.

Fee and audit team

In January 2023 I published the [fee scheme](#) for the 2023-24 year as approved by the Senedd Finance Committee. My fee rates for 2023-24 have increased by 4.8% for inflationary pressures. In addition, my financial audit fee has a further increase of 10.2% for the impact of the revised auditing standard ISA 315 on my financial audit approach. More details of the revised auditing standard and what it means for the audit I undertake is set out in **Appendix 1**.

I estimate your total audit fee will be £341,422 (excluding grant work).

Exhibit 5: audit fee

This table sets out the proposed audit fee estimate for 2023, by area of audit work, alongside both the estimated and actual audit fee for last year.

Audit area	Proposed fee (£) ²	Actual fee last year (£)	Estimated fee last year (£)
Audit of accounts ³	227,878	245,684	198,184
Performance audit work ⁴	113,544	108,136	108,136
Total (exc grants)	341,422	353,820	306,320
Grant certification work	40-50k	48,835	40-50k

Please note that an additional fee of £47,500 was charged in respect of the 2021-22 audit of accounts due to the additional work undertaken.

Planning will be ongoing, and changes to my programme of audit work, and therefore my fee, may be required if any key new risks emerge. I shall make no changes without first discussing them with the Council.

Our financial audit fee is based on the following assumptions:

- The agreed audit deliverables sets out the expected working paper requirements to support the financial statements and includes timescales and responsibilities.
- No matters of significance, other than as summarised in this plan, are identified during the audit.

² Notes: The fees shown in this document are exclusive of VAT, which is not charged to you.

³ Payable November 2022 to October 2023.

⁴ Payable April 2023 to March 2024.

The main members of my team, together with their contact details, are summarised in **Exhibit 6**.

Audit quality

Our commitment to audit quality in Audit Wales is absolute. We believe that audit quality is about getting things right first time.

We use a three lines of assurance model to demonstrate how we achieve this. We have established an Audit Quality Committee to co-ordinate and oversee those arrangements. We subject our work to independent scrutiny by QAD* and our Chair, acts as a link to our

Board on audit quality. For more information see our [Audit Quality Report 2022](#).

Our People

The first line of assurance is formed by our staff and management who are individually and collectively responsible for achieving the standards of audit quality to which we aspire.

- Selection of right team
- Use of specialists
- Supervisions and review

Arrangements for achieving audit quality

The second line of assurance is formed by the policies, tools, learning & development, guidance, and leadership we provide to our staff to support them in achieving those standards of audit quality.

- Audit platform
- Ethics
- Guidance
- Culture
- Learning and development
- Leadership
- Technical support

Independent assurance

The third line of assurance is formed by those activities that provide independent assurance over the effectiveness of the first two lines of assurance.

- EQCRs
- Themed reviews
- Cold reviews
- Root cause analysis
- Peer review
- Audit Quality Committee
- External monitoring

* QAD is the quality monitoring arm of ICAEW.

The key changes to ISA315 and the potential impact on your organisation

Key change	Potential impact on your organisation
More detailed and extensive risk identification and assessment procedures	<p>Your finance team and others in your organisation may receive a greater number of enquiries from our audit teams at the planning stage of the audit. Requests for information may include:</p> <ul style="list-style-type: none">• information on your organisation’s business model and how it integrates the use of information technology (IT);• information about your organisation’s risk assessment process and how your organisation monitors the system of internal control;• more detailed information on how transactions are initiated, recorded, processed, and reported. This may include access to supporting documentation such as policy and procedure manuals; and• more detailed discussions with your organisation to support the audit team’s assessment of inherent risk.
Obtaining an enhanced understanding of your organisation’s environment, particularly in relation to IT	<p>Your organisation may receive more enquiries to assist the audit team in understanding the IT environment. This may include information on:</p> <ul style="list-style-type: none">• IT applications relevant to financial reporting;• the supporting IT infrastructure (e.g. the network, databases);• IT processes (e.g. managing program changes, IT operations); and• the IT personnel involved in the IT processes. <p>Audit teams may need to test the general IT controls and this may require obtaining more detailed audit evidence on the operation of IT controls within your organisation.</p> <p>On some audits, our audit teams may involve IT audit specialists to assist with their work. Our IT auditors may need to engage with members of your IT team who have not previously been involved in the audit process.</p>

Key change	Potential impact on your organisation
<p>Enhanced requirements relating to exercising professional scepticism</p>	<p>Our audit teams may make additional inquiries if they identify information which appears to contradict what they have already learned in the audit.</p>
<p>Risk assessments are scalable depending on the nature and complexity of the audited body</p>	<p>The audit team's expectations regarding the formality of your organisation's policies, procedures, processes, and systems will depend on the complexity of your organisation.</p>
<p>Audit teams may make greater use of technology in the performance of their audit</p>	<p>Our audit teams may make use of automated tools and techniques such as data analytics when performing their audit. Our teams may request different information or information in a different format from previous audits so that they can perform their audit procedures.</p>
