

Committee: **Executive Committee**

Date of meeting: **21st July 2021**

Report Subject: **Education Directorate – Recovery and Renewal Plan**

Portfolio Holder: **Executive Member of Education, Cllr. Joanne Collins**

Report Submitted by: **Head of School Improvement and Inclusion, Luisa Munro-Morris and Service Manager - Education Transformation and Business Change, Claire Gardner**

Reporting Pathway								
Directorate Management Team	Corporate Leadership Team	Portfolio Holder / Chair	Audit Committee	Democratic Services Committee	Scrutiny Committee	Executive Committee	Council	Other (please state)
27.5.21	3.6.21	06.07.21			22.6.21	21.07.21		

1. **Purpose of the Report**
 - 1.1 The purpose of the report is to provide the Executive Committee with an update on the Education Directorate's identified priorities for recovery and renewal, as part of the response to the COVID-19 situation.

2. **Scope and Background**
 - 2.1 Members will be aware that the Corporate Director of Education provides a verbal update to Scrutiny Committee regarding the response to the COVID-19 emergency. In addition, Education has reported on key outcomes, challenges and implications at each stage of the response, including the repurposing and subsequent reopening of schools.

 - 2.2 This report provides an overview of progress made during the planning phase of Education recovery, along with information on identified priorities for recovery and renewal. The draft recovery and renewal plan is in development and will be a working document, which outlines how the Council will continue to support schools, both during and beyond the pandemic. It is, however, highly likely that we will continue to move between alert levels and thus response and recovery throughout the remainder of this and the next academic year. Therefore, an effective approach to business continuity at each level is required. This is dealt with via the development and review of local COVID-19 Education Guidance document, operational plans and risk assessments. It is also a key feature of the aforementioned plan. An alert level information paper has been produced, which details the operational implications and changes at each stage (please refer to **Appendix 1** for more information).

 - 2.3 **Impact Assessment**

Until the latter part of Spring-term, the Education Directorate was firmly focused on working with and supporting schools to continue to effectively adapt and respond to the COVID-19 pandemic. A significant shift in practice, delivery and learning has occurred throughout the course of the pandemic, affecting every aspect of education and all associated provision. Therefore,

in order to inform the development of a recovery and renewal plan, the Education Directorate undertook a detailed Impact Assessment to identify key impacts on education from the COVID-19 emergency. Each impact has been RAG rated to measure its seriousness. The following impacts have been identified (please refer to **Appendix 2** for more information):

- 2.4
- **Learners** - Education, social, emotional, physical and mental health implications (short and long-term).
 - **Vulnerable learners** - For those with disabilities and additional needs, provision and processes have been restricted.
 - **School staff** - Professional development, social, emotional, physical/mental health and general wellbeing in line with the need to adapt to blended learning. Staff childcare implications relating to school closure. LA's and schools have been required to establish and implement control and safety measures to support clinically vulnerable staff. This has impacted upon both staff and school operations.
 - **Childcare** - After school and pre-school provision which has been reduced and/or is not available due to COVID restrictions
 - **Education staff training** - Staff training needs aligned to operations are not all currently adapted to be delivered online e.g. first aid
 - **Education assets and site management** - Statutory functions, testing and inspection (Health and Safety, Fire Risk Assessment, maintenance and site management, ventilation), operations are regularly reviewed in line with the latest guidance and governed by risk assessments
 - **School operations** – Catering, cleaning and access to school sites, movement in and around the school, trips and visits, visitors, refuse, PPE and resources are all under continual review. These areas are subject to risk assessment and reduced operation in line with the COVID alert level implementation. Changes to the school day have been implemented throughout the school estate to support staggered start and finish times. Changes to statutory functions and regulations which affect school operation e.g. school admissions. ICT infrastructure, devices, access to resources, systems and software for both pupils and staff in line with digital exclusion and blended learning are continually reviewed to support inclusion. Home to school and post 16 transport operations, have been restricted, reconfigured and subject to detailed risk assessment.
 - **School support services** - School support service operation i.e. Educational Psychology, ALN, Social Services etc. has been prohibited on site due to lack of access, which has affected pupil and family engagement and progress. Transition at all phases has been affected by key support services having restricted/no access to schools. Human Resource management processes and engagement via OD are now online focused, but will require review to support effective school operations that were paused due to COVID. Wellbeing support services require monitoring in terms of access and uptake. Additional insurance and financial implications for schools as a result of the pandemic. EAS support for schools has transitioned to online with a deficit to levels of engagement and to the brokerage of relevant

support at all levels e.g. Learning Network Schools (LNS) arrangements.

- **School accountability services** - EAS Challenge Advisors have not been able to hold schools to account and school's data monitoring has been suspended. ESYN has suspended inspection resulting in risks to school – particularly those in a category, who are in for longer than planned.
- **School leadership** - School governance has been adapted online, therefore, the evidence base is largely restricted to Headteacher report and narrative. Support for current and new school leaders has been limited to online, and school to school working opportunities have mainly focused on wellbeing and operational issues.
- **Poverty** - Family entitlement to benefits has increased across Blaenau Gwent and the region, including free school meals. Additional funding has been allocated to support these families, however, many schemes are not sustainable and so the ongoing impact will need to be assessed.
- **School community** - Limited face to face contact and the shift to online engagement has challenged communication and relationships.
- **School development** - School development plans have had to be largely adapted in order to react to COVID-19.
- **Safeguarding** - School closure has meant that children and young people have had limited access to on-site school support e.g. adverse childhood experiences (ACEs). Service support intelligence and capability has been restricted. Vulnerable adults are more exposed to risk factors with limited access to support services.
- **Voluntary/Third Sector/ Charities work and engagement** - Opportunities to engage partners have been restricted significantly due to operational implications associated with COVID-19.
- **Preventative health measures** - School-based preventative strategies to support healthcare needs of pupils have either been stopped or largely disrupted by COVID-19 i.e. vaccinations, growth and development checks, dental health, period equity etc.
- **COVID-19 control measures** - LA's and schools have implemented a series of control measures in order to manage community health i.e. vaccinations, Lateral flow tests, use of PPE, positive case management and risk assessment.

2.5 The impact assessment process provided the opportunity for reflection and review, learning from which has been taken forward to inform recovery and renewal priorities and planning.

2.6 The relationship between the Council and its schools is stronger than ever before. Our aim is to create a shared vision and associated plan to address key priorities for the future of Education within Blaenau Gwent.

2.7 **Recovery – Priorities**

It needs to be acknowledged that the impact of the last 15 months on all aspects of our school communities, and in particular the disruption to teaching and learning, is far reaching. Recovery will need to be planned in the short,

medium and long term for learner development and progression. The Education Directorate's top priority in the EAS business plan is to;

2.8 *Minimise the impact of COVID-19 on learner development and progress, including improving the digital competency of all learners and staff in the wider Blaenau Gwent school community.*

2.9 **Renewal – Priorities**

Through schools having to adapt to new ways of working, a number of positive outcomes have been evidenced. The Education Directorate will work with relevant stakeholders, including schools and the EAS, to use these outcomes to shape new ways of working across the Education Directorate and throughout the school estate. The core purpose of all schools in Blaenau Gwent will be to provide excellent learning and teaching for all our learners, but this will not mean a return to doing things as they were pre-pandemic, but to using the experience of the pandemic to shape education provision as we move forward.

2.10 **Next Steps**

The Education Directorate continues to work on the development of both the impact assessment and draft recovery and renewal action plan, both of which will be further developed and delivered in consultation with schools, support services and partners. Structures have been established through which consultation, engagement, participation and monitoring can take place. For example, a Stakeholder Recovery and Renewal Group has been established with representation from all school sectors and clusters. The draft Recovery and Renewal Plan is attached as **Appendix 3** and there will be regular update reporting via CLT and the Scrutiny/Executive governance processes, in line with corporate arrangements, particularly against the 4 recovery priorities across the Council and the work led by the Corporate Director of the Environment and Regeneration.

2.11 Education aim to finalise the impact assessment inclusive performance indicators, along the recovery and renewal action plan by the end of June 2021 – post consultation with all relevant stakeholders. In the interim, progress will continue to be made along with further development of the priorities identified within the working documents.

3. **Options for Recommendation**

3.1 This report has been discussed by Education DMT, CLT and Education and Learning Scrutiny Committee prior to submission to the Executive Committee.

- **Option 1** – The Executive Committee accepts the report, associated documentation and proposed course of action.
- **Option 2** – The Executive Committee provide comments in relation to improvements that can be made in relation to the associated documentation and proposed course of action.

4. **Evidence of how does this topic supports the achievement of the Corporate Plan / Statutory Responsibilities / Blaenau Gwent Well-being Plan**

4.1 Education is a strategic priority and key to facilitating effective delivery of the Corporate Plan.

4.2 One of the objectives in the Blaenau Gwent Well-being Plan is for every child to have the best start in life. The Council seeks to ensure that provision is appropriate and able to meet the needs of children and young people, so that their progress is in line with ambitious expectations. This is particularly pertinent in an emergency crisis situation.

4.3 There are both statutory and regulatory functions and responsibilities associated with Education. The recovery and renewal plan is an essential component in securing effective and compliant delivery.

5. **Implications Against Each Option**

5.1 **Impact on Budget**

There are no direct financial implications associated with this report, however, it should be noted that the impact of the COVID-19 emergency response on both Council and school revenue budgets is being closely monitored. It should be acknowledged that the COVID-19 pandemic has increased financial costs within the Education Portfolio across the board. The vast majority of these revenue costs have been funded through the WG's Hardship funding. It pleasing to report that the provisional Education portfolio out-turn will have a favourable position at year-end for financial year 2020-21 as well as an improving situation for school balances.

5.2 **Risk including Mitigating Actions**

There are two strategic risks associated with this report:

1. The impact of COVID-19 on learner progression and pupil regression. This is being mitigated through the Council, EAS and Schools working in collaboration to support learners across the board; and,
2. The risks associated with the provision of safe learning environments to minimise the potential transmission of COVID. There are comprehensive risk assessments in place to mitigate the risks, but the situation is constantly under review and appropriate remedial action is taken e.g. self-isolation protocols are implemented.

5.3 **Legal**

This report provides information relating to the emergency response requirements as well as the specific Education obligations set out in the School Standards and Organisation Act Wales (2013) to support strategic and operational activity to improve pupil outcomes and wellbeing.

6. **Supporting Evidence**

6.1 **Performance Information and Data**

Education are in the process of mapping existing and required datasets (both qualitative and quantitative), analysis of which will inform planning and

performance. The two lead officers are working closely with the Policy and Performance team and the Corporate Recovery Group, to develop performance indicators which will be used to monitor and report on progress.

6.2 Expected outcome for the public

There is a commitment from the Council and its schools to provide quality education for our children and young people to improve their life chances, despite the challenges faced during the emergency crisis.

6.3 Involvement

There has been extensive involvement of key stakeholder both corporately and across the school estate. The planning groups for secondary, primary and special schools that are established, including Headteacher representation has secured a collaborative and corporate response. This collaborative approach will continue throughout the recovery and renewal period.

6.4 Thinking for the Long term

This report largely reflects on the emergency response to date, however, there are robust governance arrangements in place to support the next stages of the emergency for the foreseeable future.

6.5 Preventative focus

The Council's emergency response has facilitated a preventative approach to minimising the transmission of the COVID-19 virus.

6.6 Collaboration / partnership working

The report outlines the significant amount of partnership working at a strategic and operational level. This has resulted in a strengthening of the working relationships between the Council, schools and other key partners.

6.7 Integration

The emergency response has been a 'One Council' approach.

6.8 EqIA

The application of EqIA's to each priority has been considered as part of the Education impact assessment process. EqIA's will be undertaken in line with development and implementation of the recovery and renewal plan.

7. Monitoring Arrangements

7.1 The report will be presented to the Education and Learning Scrutiny Committee and then subsequently through to the Executive Committee for monitoring purposes.
