---------------	---	--

Consideration was given to the report of the Team Manager Regeneration Opportunities.

The Corporate Director Regeneration and Community Services advised that the report provided an update on progress of the Micro-Hydro Feasibility Study carried out in Cwm and Llanhilleth and sought approval for the next steps of the Project. The Corporate Director noted the potential eleven areas for investigation and advised that following further research sites in Llanhilleth and Cwm were determined as the preferred locations. Although electricity could be generated at the aforementioned areas it was decided that at this time it was not feasible for the Council to take the work forward further investigations and development.

It was reported that the Regeneration Scrutiny Committee supported the preferred option as the Council had committed to undertake investigations at all eleven areas identified as worthy sites of further exploration for hydro generation.

The Deputy Leader felt that all aspects of energy should be considered in line with work being undertaken around carbonisation and although the commercial element for Council investment was not available, there could be other opportunities to be explored in our communities.

The Managing Director advised that this was the first progress report since the adoption of the Council's Decarbonisation Plan. The Managing Director spoke to the report and outlined the progress made along with the actions of the Board. The Council had made good progress but there was still a significant amount of work to be done to overcome the challenges presented by climate change.

	<u>MONITORING ITEM - SOCIAL SERVICES</u>	
No. 23	<u>UPDATE ON STRATEGY TO SAFELY REDUCE THE NUMBERS OF CHILDREN LOOKED AFTER</u> <p>Consideration was given to the report of the Corporate Director Social Services.</p> <p>The Corporate Director Social Services advised that the report outlined progress made on the Safe Reduction of Children Looked After Strategy. The Corporate Director noted that a new strategy was in place for 2020 – 2025, however it contained the objectives of the previous strategy with additional actions following the independent review by Worcester University.</p> <p>The Corporate Director stated that the reduced number of children coming into care had been recognised by Welsh Government as a priority and as a result integrated care monies could be accessed to invest and develop services to safely reduce the number of children coming into care. The Corporate Director advised that this had enabled the Council to fund family group conferences, support special guardians and enhance resources in our Supporting Change Team and Enhance the Young Person's Mediation Service.</p> <p>The Corporate Director further noted the impact of the joint team with Monmouthshire which had resulted in a significant underspend in our children residential budget at the end of 20/21. This was due to the hard work of the My Support Team and 14 plus Team who worked to reduce the numbers of children in residential care and worked to prevent children entering residential care. The Corporate Director noted the reduction in numbers and advised that today the number was 12. Further reference was made to the work undertaken and the Corporate Director informed that as at Monday our children looked after numbers was 189. Although these figures could change at any time there is a continued downward trend in the right direction.</p>	

In conclusion the Corporate Director noted the number of vacancies in the Team which made the figures even more remarkable and showed the excellent work of the staff in Blaenau Gwent. The report was positive and showed the continued progress of the Strategy and the positive impact for the children and families of Blaenau Gwent and allowed families to stay together when it was safe to do so as well as reduce the budget pressures.

The Executive Member for Social Services welcomed the report and wished to thank staff in Social Services for their excellent contribution in reducing looked after children in Blaenau Gwent. The Executive Member informed that the CIW had acknowledged Blaenau Gwent's way in which the safe reduction of children Strategy had proved successful.

The Executive Member also reported that there was today 187 looked after children in Blaenau Gwent which was a further reduction since Monday's figure as reported by the Corporate Director.

RESOLVED that the report be accepted and the information therein be noted (Option 1).
