Project Target Tracking

The targets must be achieved by 20 March 2023 and funding must be claimed in full by 31 March 2023. Documentation of the completed work must be presented to the Welsh Government before any funding can be released.

TARGET 1: ENGAGEMENT WITH 40 BUSINESSES (YEAR ONE: 10, YEAR TWO: 30).	
<u>TIMEFRAME</u>	EVIDENCE
Meetings have been held with	each engaged business. Meeting notes and information on each business has been collated on a
	spreadsheet in a common format for ease of reference.
April 2021 – July 2021	1. Renishaw – 28/04/2021
	2. Wastesavers – 30/04/2021
	3. Welsh Water – 06/05/2021
	4. DULAS – 11/05/2021
	5. Silverstone Green Energy – 12/05/2021
	6. Hanson – 19/05/2021
	7. GE Aviation – 19/05/2021
	8. Dynamic Extractions – 24/05/2021
	9. Continental Teves – 26/05/2021
	10. The Urbanist – 28/05/2021
	11.Roseblade Media – 01/06/2021
	12. Gwent Wildlife Trust – 03/06/2021
	13.Castleoak-Offsite - 09/06/2021
	14.Tai Calon – 16/06/2021
	15.NDEC/Thales – 16/06/2021
	16.British Gas/Nest – 17/06/2021

	17.Pobl – 18/06/2021
	18.Swan EMS – 21/06/2021 **
	19. Griffiths – 01/07/2021
	20.WRW Construction – 06/07/2021 (went into administration August 2021)
	21.Royal Navy – 07/07/2021
	22. Network Rail – 14/07/2021
	23.AECOM – 16/07/2021
August 2021 – November 2021	24. Newport Wafer Fab – 03/08/2021
	25. Tilbury Douglas – 10/08/2021
	26.BGCBC Recycling Department – 11/08/2021
	27. ELITE Supported Employment Agency Ltd – 11/08/2021
	28.BGCBC Biodiversity Officer – 19/08/2021
	29. Principality Building Society – 23/08/2021
	30.RAR UK – 07/09/2021
	31.PCI Pharma Services – 13/09/2021
December 2021 – March 2022	
April 2022 – September 2022	

TARGET 2: A MINIMUM OF 25 BUSINESSES PLEDGING A COMMITMENT TO WORK WITH SCHOOLS.		
Completed business meeting	Completed business meeting notes and collated spreadsheet detail the pledges businesses have made to deliver STEM	
provision to schools		
TIMEFRAME	EVIDENCE	
April 2021 – July 2021	 Renishaw – offers visits and online workshops. 	
	Wastesavers – visits to recycling centres and workshops.	
	3. Welsh Water – visits to education centre, assemblies, workshops/challenges.	
	4. DULAS – projects and promote girls into STEM, as part of Community Benefits.	

 6. Hanson – trips to quarry sites, introduction to geology and quarrying materials. 7. GE Aviation – project aimed at girls in STEM, resources for teachers and career talks. 8. Dynamic Extractions – chemistry experiment projects. 9. Continental Teves – can develop projects based on school curriculum needs. 10. The Urbanist – project for secondary pupils to develop a plan for Ebbw Vale. 11. Roseblade Media – graphic design or computer programming projects. 12. Gwent Wildlife Trust – any climate change related sessions/projects. 13. Castleoak-Offsite – design structures using software and make small scale structures. 14. Tai Calon – will provide a bespoke offering based on school requests. 15. NDEC/Thales – Cyber Heroes for primary and CyberFirst for secondary schools. 16. British Gas/Nest – careers workshops and design challenge workshops. 17. Pobl – provided bird box kits to primary schools to develop construction and maths. 18. Griffiths – offers projects, safety messages, online teacher resources. 19. Royal Navy – overview of the Navy, helicopter builds, environmental presentations. 20. Network Rail – engineering challenges, robot railways, career talks, activity books. 21. AECOM – careers talks, engineer tool kit sessions, career talks, projects. 23. Tilbury Douglas – site visits, engineer tool kit sessions, career talks, projects. 24. BGCBC Recycling Department – engineering process of recycling, recycling kits. 25. ELITE Supported Employment Agency Ltd – courses for disabled learners. 26. BGCBC Biodiversity Officer – preservation projects, enhancing school grounds. 27. Principality Building Society – enterprise challenges, teacher CPD, financial GCSE. 28. RAR UK – robot demonstration and programming tasks. 29. PC		E. Silverstone Creen Energy interactive econiene using color penels and color surveys
7. GE Aviation – project aimed at girls in STEM, resources for teachers and career talks. 8. Dynamic Extractions – chemistry experiment projects. 9. Continental Teves – can develop projects based on school curriculum needs. 10. The Urbanist – project for secondary pupils to develop a plan for Ebbw Vale. 11. Roseblade Media – graphic design or computer programming projects. 12. Gwent Wildlife Trust – any climate change related sessions/projects. 13. Castleoak-Offsite – design structures using software and make small scale structures. 14. Tai Calon – will provide a bespoke offering based on school requests. 15. NDEC/Thales – Cyber Heroes for primary and CyberFirst for secondary schools. 16. British Gas/Nest – careers workshops and design challenge workshops. 17. Pobl – provided bird box kits to primary schools to develop construction and maths. 18. Griffiths – offers projects, safety messages, online teacher resources. 19. Royal Navy – overview of the Navy, helicopter builds, environmental presentations. 20. Network Rail – engineering challenges, robot railways, career talks, activity books. 21. AECOM – careers talks, energy efficiency project, animal habitat building project. 22. Newport Wafer Fab- introduction to semi-conductor industry, can develop projects. 23. Tilbury Douglas – site visits, engineer tool kit sessions, career talks, projects, courses. 24. BGCBC Recycling Department – engineering process of recyc		5. Silverstone Green Energy – interactive sessions using solar panels and solar surveys.
 8. Dynamic Extractions – chemistry experiment projects. 9. Continental Teves – can develop projects based on school curriculum needs. 10. The Urbanist – project for secondary pupils to develop a plan for Ebbw Vale. 11. Roseblade Media – graphic design or computer programming projects. 12. Gwent Wildlife Trust – any climate change related sessions/projects. 13. Castleoak-Offsite – design structures using software and make small scale structures. 14. Tai Calon – will provide a bespoke offering based on school requests. 15. NDEC/Thales – Cyber Heroes for primary and CyberFirst for secondary schools. 16. British Gas/Nest – careers workshops and design challenge workshops. 17. Pobl – provided bird box kits to primary schools to develop construction and maths. 18. Griffiths – offers projects, safety messages, online teacher resources. 19. Royal Navy – overview of the Navy, helicopter builds, environmental presentations. 20. Network Rail – engineering challenges, robot railways, career talks, activity books. 21. AECOM – careers talks, energy efficiency project, animal habitat building project. 22. Newport Wafer Fab- introduction to semi-conductor industry, can develop projects. 23. Tilbury Douglas – site visits, engineer tool kit sessions, career talks, projects, courses. 24. BGCBC Recycling Department – engineering process of recycling, recycling kits. 25. ELITE Supported Employment Agency Ltd – courses for disabled learners. 26. BGCBC Biodiversity Officer – preservation projects, enhancing school grounds. 27. Principality Building Society – enterprise challenges, teacher CPD, financial GCSE. 28. RAR UK – robot demonstration and programming tasks. 29. PCI Pharma Services – primary school experiments, mentoring for secondary with PCI.<th></th><th></th>		
 9. Continental Teves – can develop projects based on school curriculum needs. 10. The Urbanist – project for secondary pupils to develop a plan for Ebbw Vale. 11. Roseblade Media – graphic design or computer programming projects. 12. Gwent Wildlife Trust – any climate change related sessions/projects. 13. Castleoak-Offsite – design structures using software and make small scale structures. 14. Tai Calon – will provide a bespoke offering based on school requests. 15. NDEC/Thales – Cyber Heroes for primary and CyberFirst for secondary schools. 16. British Gas/Nest – careers workshops and design challenge workshops. 17. Pobl – provided bird box kits to primary schools to develop construction and maths. 18. Griffiths – offers projects, safety messages, online teacher resources. 19. Royal Navy – overview of the Navy, helicopter builds, environmental presentations. 20. Network Rail – engineering challenges, robot railways, career talks, activity books. 21. AECOM – careers talks, energy efficiency project, animal habitat building project. August 2021 – November 2021 22. Newport Wafer Fab- introduction to semi-conductor industry, can develop projects. 23. Tilbury Douglas – site visits, engineer tool kit sessions, career talks, projects, courses. 24. BGCBC Recycling Department – engineering process of recycling, recycling kits. 25. ELITE Supported Employment Agency Ltd – courses for disabled learners. 26. BGCBC Biodiversity Office – preservation projects, enhancing school grounds. 27. Principality Building Society – enterprise challenges, teacher CPD, financial GCSE. 28. RAR UK – robot demonstration and programming tasks. 29. PCI Pharma Services – primary school experiments, mentoring for secondary with PCI. December 2021 – March 2022		7. GE Aviation – project aimed at girls in STEM, resources for teachers and career talks.
10. The Urbanist – project for secondary pupils to develop a plan for Ebbw Vale. 11. Roseblade Media – graphic design or computer programming projects. 12. Gwent Wildlife Trust – any climate change related sessions/projects. 13. Castleoak-Offsite – design structures using software and make small scale structures. 14. Tai Calon – will provide a bespoke offering based on school requests. 15. NDEC/Thales – Cyber Heroes for primary and CyberFirst for secondary schools. 16. British Gas/Nest – careers workshops and design challenge workshops. 17. Pobl – provided bird box kits to primary schools to develop construction and maths. 18. Griffiths – offers projects, safety messages, online teacher resources. 19. Royal Navy – overview of the Navy, helicopter builds, environmental presentations. 20. Network Rail – engineering challenges, robot railways, career talks, activity books. 21. AECOM – careers talks, energy efficiency project, animal habitat building project. August 2021 – November 2021 22. Newport Wafer Fab- introduction to semi-conductor industry, can develop projects, courses. 23. Tilbury Douglas – site visits, engineer tool kit sessions, career talks, projects, courses. 24. BGCBC Recycling Department – engineering process of recycling, recycling kits. 25. ELITE Supported Employment Agency Ltd – courses for disabled learners. 26. BGCBC Biodiversity Officer – preservation projects, enhancing school grounds.		Bynamic Extractions – chemistry experiment projects.
11. Roseblade Media – graphic design or computer programming projects. 12. Gwent Wildlife Trust – any climate change related sessions/projects. 13. Castleoak-Offsite – design structures using software and make small scale structures. 14. Tai Calon – will provide a bespoke offering based on school requests. 15. NDEC/Thales – Cyber Heroes for primary and CyberFirst for secondary schools. 16. British Gas/Nest – careers workshops and design challenge workshops. 17. Pobl – provided bird box kits to primary schools to develop construction and maths. 18. Griffiths – offers projects, safety messages, online teacher resources. 19. Royal Navy – overview of the Navy, helicopter builds, environmental presentations. 20. Network Rail – engineering challenges, robot railways, career talks, activity books. 21. AECOM – careers talks, energy efficiency project, animal habitat building project. 22. Newport Wafer Fab- introduction to semi-conductor industry, can develop projects. 23. Tilbury Douglas – site visits, engineer tool kit sessions, career talks, projects, courses. 24. BGCBC Recycling Department – engineering process of recycling, recycling kits. 25. ELITE Supported Employment Agency Ltd – courses for disabled learners. 26. BGCBC Biodiversity Officer – preservation projects, enhancing school grounds. 27. Principality Building Society – enterprise challenges, teacher CPD, financial GCSE. 28. RAR UK – robot demonstration and p		Continental Teves – can develop projects based on school curriculum needs.
12. Gwent Wildlife Trust – any climate change related sessions/projects. 13. Castleoak-Offsite – design structures using software and make small scale structures. 14. Tai Calon – will provide a bespoke offering based on school requests. 15. NDEC/Thales – Cyber Heroes for primary and CyberFirst for secondary schools. 16. British Gas/Nest – careers workshops and design challenge workshops. 17. Pobl – provided bird box kits to primary schools to develop construction and maths. 18. Griffiths – offers projects, safety messages, online teacher resources. 19. Royal Navy – overview of the Navy, helicopter builds, environmental presentations. 20. Network Rail – engineering challenges, robot railways, career talks, activity books. 21. AECOM – careers talks, energy efficiency project, animal habitat building project. 22. Newport Wafer Fab- introduction to semi-conductor industry, can develop projects. 23. Tilbury Douglas – site visits, engineer tool kit sessions, career talks, projects, courses. 24. BGCBC Recycling Department – engineering process of recycling, recycling kits. 25. ELITE Supported Employment Agency Ltd – courses for disabled learners. 26. BGCBC Biodiversity Officer – preservation projects, enhancing school grounds. 27. Principality Building Society – enterprise challenges, teacher CPD, financial GCSE. 28. RAR UK – robot demonstration and programming tasks. 29. PCI Pharma Services – primary school experiments,		10. The Urbanist – project for secondary pupils to develop a plan for Ebbw Vale.
13. Castleoak-Offsite – design structures using software and make small scale structures. 14. Tai Calon – will provide a bespoke offering based on school requests. 15. NDEC/Thales – Cyber Heroes for primary and CyberFirst for secondary schools. 16. British Gas/Nest – careers workshops and design challenge workshops. 17. Pobl – provided bird box kits to primary schools to develop construction and maths. 18. Griffiths – offers projects, safety messages, online teacher resources. 19. Royal Navy – overview of the Navy, helicopter builds, environmental presentations. 20. Network Rail – engineering challenges, robot railways, career talks, activity books. 21. AECOM – careers talks, energy efficiency project, animal habitat building project. 22. Newport Wafer Fab- introduction to semi-conductor industry, can develop projects. 23. Tilbury Douglas – site visits, engineer tool kit sessions, career talks, projects, courses. 24. BGCBC Recycling Department – engineering process of recycling, recycling kits. 25. ELITE Supported Employment Agency Ltd – courses for disabled learners. 26. BGCBC Biodiversity Officer – preservation projects, enhancing school grounds. 27. Principality Building Society – enterprise challenges, teacher CPD, financial GCSE. 28. RAR UK – robot demonstration and programming tasks. 29. PCI Pharma Services – primary school experiments, mentoring for secondary with PCI.		11. Roseblade Media – graphic design or computer programming projects.
14. Tai Calon – will provide a bespoke offering based on school requests. 15. NDEC/Thales – Cyber Heroes for primary and CyberFirst for secondary schools. 16. British Gas/Nest – careers workshops and design challenge workshops. 17. Pobl – provided bird box kits to primary schools to develop construction and maths. 18. Griffiths – offers projects, safety messages, online teacher resources. 19. Royal Navy – overview of the Navy, helicopter builds, environmental presentations. 20. Network Rail – engineering challenges, robot railways, career talks, activity books. 21. AECOM – careers talks, energy efficiency project, animal habitat building project. 22. Newport Wafer Fab- introduction to semi-conductor industry, can develop projects. 23. Tilbury Douglas – site visits, engineer tool kit sessions, career talks, projects, courses. 24. BGCBC Recycling Department – engineering process of recycling, recycling kits. 25. ELITE Supported Employment Agency Ltd – courses for disabled learners. 26. BGCBC Biodiversity Officer – preservation projects, enhancing school grounds. 27. Principality Building Society – enterprise challenges, teacher CPD, financial GCSE. 28. RAR UK – robot demonstration and programming tasks. 29. PCI Pharma Services – primary school experiments, mentoring for secondary with PCI.		12. Gwent Wildlife Trust – any climate change related sessions/projects.
15.NDEC/Thales – Cyber Heroes for primary and CyberFirst for secondary schools. 16.British Gas/Nest – careers workshops and design challenge workshops. 17.Pobl – provided bird box kits to primary schools to develop construction and maths. 18.Griffiths – offers projects, safety messages, online teacher resources. 19.Royal Navy – overview of the Navy, helicopter builds, environmental presentations. 20.Network Rail – engineering challenges, robot railways, career talks, activity books. 21.AECOM – careers talks, energy efficiency project, animal habitat building project. 22.Newport Wafer Fab- introduction to semi-conductor industry, can develop projects. 23.Tilbury Douglas – site visits, engineer tool kit sessions, career talks, projects, courses. 24.BGCBC Recycling Department – engineering process of recycling, recycling kits. 25.ELITE Supported Employment Agency Ltd – courses for disabled learners. 26.BGCBC Biodiversity Officer – preservation projects, enhancing school grounds. 27.Principality Building Society – enterprise challenges, teacher CPD, financial GCSE. 28.RAR UK – robot demonstration and programming tasks. 29.PCI Pharma Services – primary school experiments, mentoring for secondary with PCI.		13. Castleoak-Offsite – design structures using software and make small scale structures.
16. British Gas/Nest – careers workshops and design challenge workshops. 17. Pobl – provided bird box kits to primary schools to develop construction and maths. 18. Griffiths – offers projects, safety messages, online teacher resources. 19. Royal Navy – overview of the Navy, helicopter builds, environmental presentations. 20. Network Rail – engineering challenges, robot railways, career talks, activity books. 21. AECOM – careers talks, energy efficiency project, animal habitat building project. August 2021 – November 2021 22. Newport Wafer Fab- introduction to semi-conductor industry, can develop projects. 23. Tilbury Douglas – site visits, engineer tool kit sessions, career talks, projects, courses. 24. BGCBC Recycling Department – engineering process of recycling, recycling kits. 25. ELITE Supported Employment Agency Ltd – courses for disabled learners. 26. BGCBC Biodiversity Officer – preservation projects, enhancing school grounds. 27. Principality Building Society – enterprise challenges, teacher CPD, financial GCSE. 28. RAR UK – robot demonstration and programming tasks. 29. PCI Pharma Services – primary school experiments, mentoring for secondary with PCI. December 2021 – March 2022		14. Tai Calon – will provide a bespoke offering based on school requests.
17. Pobl – provided bird box kits to primary schools to develop construction and maths.18. Griffiths – offers projects, safety messages, online teacher resources.19. Royal Navy – overview of the Navy, helicopter builds, environmental presentations.20. Network Rail – engineering challenges, robot railways, career talks, activity books.21. AECOM – careers talks, energy efficiency project, animal habitat building project.August 2021 – November 202122. Newport Wafer Fab- introduction to semi-conductor industry, can develop projects.23. Tilbury Douglas – site visits, engineer tool kit sessions, career talks, projects, courses.24. BGCBC Recycling Department – engineering process of recycling, recycling kits.25. ELITE Supported Employment Agency Ltd – courses for disabled learners.26. BGCBC Biodiversity Officer – preservation projects, enhancing school grounds.27. Principality Building Society – enterprise challenges, teacher CPD, financial GCSE.28. RAR UK – robot demonstration and programming tasks.29. PCI Pharma Services – primary school experiments, mentoring for secondary with PCI.December 2021 – March 2022		15. NDEC/Thales – Cyber Heroes for primary and CyberFirst for secondary schools.
18. Griffiths – offers projects, safety messages, online teacher resources. 19. Royal Navy – overview of the Navy, helicopter builds, environmental presentations. 20. Network Rail – engineering challenges, robot railways, career talks, activity books. 21. AECOM – careers talks, energy efficiency project, animal habitat building project. August 2021 – November 2021 22. Newport Wafer Fab- introduction to semi-conductor industry, can develop projects. 23. Tilbury Douglas – site visits, engineer tool kit sessions, career talks, projects, courses. 24. BGCBC Recycling Department – engineering process of recycling, recycling kits. 25. ELITE Supported Employment Agency Ltd – courses for disabled learners. 26. BGCBC Biodiversity Officer – preservation projects, enhancing school grounds. 27. Principality Building Society – enterprise challenges, teacher CPD, financial GCSE. 28. RAR UK – robot demonstration and programming tasks. 29. PCI Pharma Services – primary school experiments, mentoring for secondary with PCI.		16. British Gas/Nest – careers workshops and design challenge workshops.
19. Royal Navy – overview of the Navy, helicopter builds, environmental presentations. 20. Network Rail – engineering challenges, robot railways, career talks, activity books. 21. AECOM – careers talks, energy efficiency project, animal habitat building project. August 2021 – November 2021 22. Newport Wafer Fab- introduction to semi-conductor industry, can develop projects. 23. Tilbury Douglas – site visits, engineer tool kit sessions, career talks, projects, courses. 24. BGCBC Recycling Department – engineering process of recycling, recycling kits. 25. ELITE Supported Employment Agency Ltd – courses for disabled learners. 26. BGCBC Biodiversity Officer – preservation projects, enhancing school grounds. 27. Principality Building Society – enterprise challenges, teacher CPD, financial GCSE. 28. RAR UK – robot demonstration and programming tasks. 29. PCI Pharma Services – primary school experiments, mentoring for secondary with PCI. December 2021 – March 2022		17. Pobl – provided bird box kits to primary schools to develop construction and maths.
20. Network Rail – engineering challenges, robot railways, career talks, activity books. 21. AECOM – careers talks, energy efficiency project, animal habitat building project. August 2021 – November 2021 22. Newport Wafer Fab- introduction to semi-conductor industry, can develop projects. 23. Tilbury Douglas – site visits, engineer tool kit sessions, career talks, projects, courses. 24. BGCBC Recycling Department – engineering process of recycling, recycling kits. 25. ELITE Supported Employment Agency Ltd – courses for disabled learners. 26. BGCBC Biodiversity Officer – preservation projects, enhancing school grounds. 27. Principality Building Society – enterprise challenges, teacher CPD, financial GCSE. 28. RAR UK – robot demonstration and programming tasks. 29. PCI Pharma Services – primary school experiments, mentoring for secondary with PCI.		18. Griffiths – offers projects, safety messages, online teacher resources.
21. AECOM – careers talks, energy efficiency project, animal habitat building project. August 2021 – November 2021 22. Newport Wafer Fab- introduction to semi-conductor industry, can develop projects. 23. Tilbury Douglas – site visits, engineer tool kit sessions, career talks, projects, courses. 24. BGCBC Recycling Department – engineering process of recycling, recycling kits. 25. ELITE Supported Employment Agency Ltd – courses for disabled learners. 26. BGCBC Biodiversity Officer – preservation projects, enhancing school grounds. 27. Principality Building Society – enterprise challenges, teacher CPD, financial GCSE. 28. RAR UK – robot demonstration and programming tasks. 29. PCI Pharma Services – primary school experiments, mentoring for secondary with PCI.		19. Royal Navy – overview of the Navy, helicopter builds, environmental presentations.
August 2021 – November 2021 22. Newport Wafer Fab- introduction to semi-conductor industry, can develop projects. 23. Tilbury Douglas – site visits, engineer tool kit sessions, career talks, projects, courses. 24. BGCBC Recycling Department – engineering process of recycling, recycling kits. 25. ELITE Supported Employment Agency Ltd – courses for disabled learners. 26. BGCBC Biodiversity Officer – preservation projects, enhancing school grounds. 27. Principality Building Society – enterprise challenges, teacher CPD, financial GCSE. 28. RAR UK – robot demonstration and programming tasks. 29. PCI Pharma Services – primary school experiments, mentoring for secondary with PCI.		20. Network Rail – engineering challenges, robot railways, career talks, activity books.
23. Tilbury Douglas – site visits, engineer tool kit sessions, career talks, projects, courses. 24. BGCBC Recycling Department – engineering process of recycling, recycling kits. 25. ELITE Supported Employment Agency Ltd – courses for disabled learners. 26. BGCBC Biodiversity Officer – preservation projects, enhancing school grounds. 27. Principality Building Society – enterprise challenges, teacher CPD, financial GCSE. 28. RAR UK – robot demonstration and programming tasks. 29. PCI Pharma Services – primary school experiments, mentoring for secondary with PCI.		21. AECOM – careers talks, energy efficiency project, animal habitat building project.
24. BGCBC Recycling Department – engineering process of recycling, recycling kits. 25. ELITE Supported Employment Agency Ltd – courses for disabled learners. 26. BGCBC Biodiversity Officer – preservation projects, enhancing school grounds. 27. Principality Building Society – enterprise challenges, teacher CPD, financial GCSE. 28. RAR UK – robot demonstration and programming tasks. 29. PCI Pharma Services – primary school experiments, mentoring for secondary with PCI. December 2021 – March 2022	August 2021 – November 2021	22. Newport Wafer Fab- introduction to semi-conductor industry, can develop projects.
25. ELITE Supported Employment Agency Ltd – courses for disabled learners. 26. BGCBC Biodiversity Officer – preservation projects, enhancing school grounds. 27. Principality Building Society – enterprise challenges, teacher CPD, financial GCSE. 28. RAR UK – robot demonstration and programming tasks. 29. PCI Pharma Services – primary school experiments, mentoring for secondary with PCI. December 2021 – March 2022		23. Tilbury Douglas – site visits, engineer tool kit sessions, career talks, projects, courses.
26. BGCBC Biodiversity Officer – preservation projects, enhancing school grounds. 27. Principality Building Society – enterprise challenges, teacher CPD, financial GCSE. 28. RAR UK – robot demonstration and programming tasks. 29. PCI Pharma Services – primary school experiments, mentoring for secondary with PCI.		24.BGCBC Recycling Department – engineering process of recycling, recycling kits.
27. Principality Building Society – enterprise challenges, teacher CPD, financial GCSE. 28. RAR UK – robot demonstration and programming tasks. 29. PCI Pharma Services – primary school experiments, mentoring for secondary with PCI. December 2021 – March 2022		25. ELITE Supported Employment Agency Ltd – courses for disabled learners.
28. RAR UK – robot demonstration and programming tasks. 29. PCI Pharma Services – primary school experiments, mentoring for secondary with PCI. December 2021 – March 2022		26.BGCBC Biodiversity Officer – preservation projects, enhancing school grounds.
29. PCI Pharma Services – primary school experiments, mentoring for secondary with PCI. December 2021 – March 2022		27. Principality Building Society – enterprise challenges, teacher CPD, financial GCSE.
December 2021 – March 2022		28.RAR UK – robot demonstration and programming tasks.
April 2022 – September 2022	December 2021 – March 2022	
	April 2022 – September 2022	

TARGET 3: A MINIMUM OF 25 ACTIVITIES DELIVERED / SUPPORTED BY BUSINESS.

TIMEFRAME	EVIDENCE
April 2021 – July 2021	Mapping of providers and businesses commenced during this quarter.
August 2021 – November 2021	Activities have begun in September 2021 – numbers will be updated every half term.
December 2021 – March 2022	
April 2022 – September 2022	

TARGET 4: A MINIMUM OF 10 SCHOOLS ENGAGED WITH (YEAR ONE: 5, YEAR TWO: 5)	
TIMEFRAME	EVIDENCE
April 2021 – July 2021	Nine schools have engaged and discussed plans for the project and Enthuse partnership. Six plans for the next academic year have been confirmed.
August 2021 – November 2021	Ten schools have been engaged. Plans are confirmed for seven schools, one is awaiting confirmation and two more schools to be developed.
December 2021 – March 2022	
April 2022 – September 2022	

TARGET 5: A MINIMUM OF 10 STEM AUDITS UNDERTAKEN (YEAR ONE: 3, YEAR TWO: 7).

TIMEFRAME	<u>EVIDENCE</u>
April 2021 – July 2021	Nine audits have been completed with the schools in the cluster. Results are in the STEM
	School folder.

August 2021 – November 2021	Engagement has been made with the remaining school – awaiting information on current STEM provision.
December 2021 – March 2022	
April 2022 – September 2022	

TARGET 6: 50 STEM SESSIONS DELIVERED TO SCHOOLS (MIN 5 PER SCHOOL).

TIMEFRAME	EVIDENCE
April 2021 – July 2021	Mapping of providers and businesses has ensured a range of offerings to schools.
August 2021 – November 2021	Plans have ensured at least five sessions will take place – numbers to be updated every half term.
December 2021 – March 2022	
April 2022 – September 2022	

TARGET 7: A MINIMUM OF 5 EVENTS DELIVERED

TIMEFRAME	EVIDENCE
April 2021 – July 2021	Businesses have discussed engaging with larger scale events.
August 2021 – November 2021	Events are awaiting confirmation – current draft ideas are a transition event, BT 5G event, employers event, STEM Inspiration event and Teen Tech event.
December 2021 – March 2022	
April 2022 – September 2022	

TARGET 8: PROGRESS MUST BE REPORTED BY THE LAST WORKING DAY OF THE MONTH TO WG OFFICIAL.

TIMEFRAME	EVIDENCE
April 2021 – July 2021	Updates sent: 20 th May / 28 th June / 28 th July.
August 2021 – November 2021	Updates sent: 25 th August / 28 th September.
December 2021 – March 2022	
April 2022 – September 2022	

TARGET 9: PROGRESS MUST BE REPORTED QUARTERLY TO THE TECH VALLEYS STRATEGIC ADVISORY GROUP.	
TIMEFRAME	EVIDENCE
April 2021 – July 2021	Attended TVAG on 28 th May and July 30 th .
August 2021 – November 2021	Next TVAG to attend is October 29 th .
December 2021 – March 2022
