## 1. Purpose of the Report

To inform the Committee of the findings of the public consultation on the proposed new Public Space Protection Order for dog control offences and the process for their renewal by November 2022. The report seeks support for the introduction of the new Public Space Protection Order for Dog Controls, prior to consideration at full Council.

## 2. Scope and Background

- 2.1 On the 1<sup>st</sup> November 2019, Blaenau Gwent CBC introduced a public space protection order (PSPO) for dog control offences. This PSPO replaced the previous dog control orders that were originally introduced in 2012.
- 2.2 The PSPO for dog control offences re-introduced dog exclusion areas, dogs on lead areas and created the offence of failing to remove dog faeces from public areas. PSPO's can remain in force for up to 3 years upon when they must be renewed or removed.
- 2.3 The sites covered by the dog exclusion areas and dog on lead areas include schools, sports pitches and playgrounds with the aim of protecting public health. A full list of all of the sites covered by the PSPO for dog controls can be found on the council website via the web link at the end of this report.
- 2.4 As part of the PSPO renewal process we are required to carry out a public consultation. The public consultation started on the 19<sup>th</sup> July 2022 and ended on the 17<sup>th</sup> August 2022 and utilised existing website and social media platforms an addition to written communication to all elected members and relevant partner organisations and interest groups (Police, Registered Social Landlords, Town Councils and relevant interest groups).

2.5 We received 28 written responses in total from members of the public, the dogs trust and the RSPCA. The general themes of the responses were supportive of the dog fouling aspect of the PSPO whilst also requesting for additional dog fouling bins to be put up at specific locations within the borough and also queries on how the PSPO would be enforced and requests for additional signage at sites. Other general themes included requests for areas for dogs to be able to run off lead and a list of such places are made available to members of the public.

2.6 We received specific responses or requests relating to the below sites-

- PSPO-DC-004- a review of the dog exclusion area at the Llanhilleth recreational ground to allow dogs to be walked around sports pitch. This request was reviewed and an amendment is proposed below.
- PSPO-DC-058- a review of the dog exclusion area at Brynmawr Welfare Ground. This request was reviewed and an amendment is proposed below.
- PSPO-DC-061- A review of the dog exclusion area at Brynmawr Foundation School, Intermediate Road, Brynmawr. This request was reviewed and an amendment is proposed below.
- PSPO-DC-119- A review of the dog exclusion area at the Milefield Playing field, Georgetown, Tredegar. This request came from an elected member specifically about dog walkers being able to use the slopes around the sports pitch to walk their dogs. This playing field is used and maintained by Georgetown Primary School and as such this request was not recommended.
- A request from a member of the public to designate Beaufort Ponds & Woodland as a dog on lead area. This request was considered however other sites with a similar land use within the borough do not have dog on lead restrictions and so for consistency purposes this request was not recommended.
- PSPO-DC-012- A review of the dog exclusion area at Six Bells Park, Windsor Road, Six Bells. This request came in from a member of the public to amend the dog exclusion area at the park to allow for a dog to be taken into the bowls club pavilion. A site visit was undertaken to determine the practicality of this request however there was no clear way of practically demarcating the extent of the dog exclusion area so this request was not recommended.
- PSPO-DC-106 Bryn Bach Park, Tredegar an additional dog exclusion area at the park is proposed that relates to the mini golf play area. We received no objections to this proposal.

2.7 Following the public consultation responses, we are proposing to make the following amendments to the previous Order-

- PSPO-DC-004 & 129- Llanhilleth recreation ground, Llanhilleth. A request was received from an elected member on behalf of Llanhilleth RFC to allow dogs to be walked around the sports pitch on the walkway. As a result, we are proposing to amend the existing dog exclusion area and introduce a dogs on lead area on the walkway surrounding the sports pitch. The school, playground, sports pitch and bowling green will remain as dog exclusion areas.
- PSPO-DC-058- Brynmawr Welfare Ground, Warwick Road, Brynmawr. Requests were received from multiple members of the public to allow dogs to walk through the park area. As a result, we are proposing to amend the existing dog exclusion area and introduce a dogs on lead area throughout the general walkway areas of the welfare ground. The playgrounds and sports pitches will remain as dog exclusion areas.
- PSPO-DC-061- Brynmawr Foundation School, Intermediate Road, Brynmawr. A request was received from the school Headteacher to update the dog exclusion area as a result of the changes to the access road in recent years as part of the heads of valley road improvement scheme. As a result, we are proposing to make an amendment to the dog exclusion area to reflect the recent changes at the main school access point.
- PSPO-DC-106 Bryn Bach Park, Tredegar an additional dog exclusion area at the park is proposed that relates to the mini golf play area.

2.8 See Appendix 1 for revised plans relating to the above proposed changes.

2.9 The new PSPO for dog controls will be presented to full Council in October.

### 3. **Options for Recommendation**

3.1 Option 1 (Preferred Option) - That the proposed amendments following the statutory consultation, as listed above in paragraph 2.7, are considered and the proposed new PSPO is supported by the Committee prior to consideration to full Council.

3.2 Option 2 – That the proposed amendments are not supported and the Committee recommends alternative action.

### 4. **Evidence of how does this topic supports the achievement of the Corporate Plan / Statutory Responsibilities / Blaenau Gwent Well-being Plan**

4.1 This topic supports the achievement of the Blaenau Gwent Well-being plan to encourage and enable people to make healthy lifestyle choices in the places they live, learn, work and play by ensuring dogs are controlled and

that dog faeces are removed it will encourage people to use clean public open spaces.

## 5. **Implications Against Each Option**

### 5.1 ***Impact on Budget (short and long term impact)***

Consultation costs were met by utilising existing revenue budget levels. Costs were minimised by utilising Council websites and social media.

### 5.2 ***Risk including Mitigating Actions***

Failure to renew the PSPO for dog control offences puts the public at increased health risks associated with exposure to dog faeces that have not been removed by the owner of the dog.

### 5.3 ***Legal***

It is important that the correct procedure is followed to ensure the PSPO for dog controls meets the legal criteria for review and re-introduction.

### 5.4 ***Human Resources***

All work relating to the renewal of the PSPO for dog control offences will continue to be undertaken by existing Officers within the Environmental Health Section and officers from other sections of Blaenau Gwent CBC that are responsible for individual sites.

## 6 **Supporting Evidence**

### 6.1 ***Performance Information and Data***

This information has recently been reported on.

### 6.2 ***Expected outcome for the public***

The renewal of the PSPO for dog control order offences will allow Blaenau Gwent CBC to continue to protect members of the public from the health risks posed by people not picking up their dog faeces. It will also give members of the public confidence that they can play at and use clean public open spaces.

### 6.3 ***Involvement (consultation, engagement, participation)***

As part of the PSPO renewal process we have gone out to public consultation on our proposals.

### 6.4 ***Thinking for the Long term (forward planning)***

The PSPO for dog control offences will last for 3 years, so it will need to be renewed or revoked again in November 2025.

### 6.5 ***Preventative focus***

The renewal of the PSPO for dog control offences aims to prevent occurrences of dog fouling at specific sensitive locations such as schools, playgrounds and sports pitches. It also prevents exposure to sensitive receptors such as young children who are more likely to be at these types of locations.

6.6 ***Collaboration / partnership working***

This piece of work is carried out by a number of council departments working together such as environmental health, estates, education, grounds maintenance, technical services and also the Aneurin Bevan Leisure Trust to deliver a PSPO for dog controls at a number of sites within Blaenau Gwent. The Order is enforced on the Council's behalf by a local authority support service under the management of the Front Line Enforcement Service (Neighbourhood Services).

6.7 ***Integration (across service areas)***

This report does not impact on other service areas.

6.8 ***Decarbonisation and Reducing Carbon Emissions***

By providing local clean public spaces which the community can use it will reduce the need for them to travel to other areas and therefore contribute to reducing carbon emissions within Blaenau Gwent.

6.9 ***Socio Economic Duty Impact Assessment***

No negative effects for protected characteristics.

6.10 ***Equality Impact Assessment***

No negative effects for protected characteristics.

7. ***Monitoring Arrangements***

7. This work will continue to be monitored by the environmental health section and routinely reported to scrutiny and executive committee.

**Background Documents / Electronic Links**

All of the current locations that are either dog exclusion areas or dog on lead areas are listed (including plans) on the council website and are available using the web link below. Proposed amendments, as a result of the public consultation, are outlined in the Appendices to this report
