4. Evidence of how this topic supports the achievement of the Corporate Plan / Statutory Responsibilities / Blaenau Gwent Well-being Plan

4.1 This report supports the Forward-Looking Corporate Plan 2022/27 as it ensures effective forward financial planning arrangements are in place to support the Council’s financial resilience. This is a key element to achieving “An ambitious and

innovative council delivering the quality services at the right time and in the right place”.

5. Implications Against Each Option

5.1 Impact on Budget (short and long term impact)

5.1.1 The current capital programme is approximately £110m and is funded by: -

- WG Grant - £77m
- Other grant funding - £12m
- Council Resources - £21m

It is forecast that expenditure of £63.89m will be incurred on capital projects / schemes during 2023/24, with the remainder allocated for use in future years.

The overall financial position as forecast at 30th June 2023 indicates a breakeven position against a total in year capital budget of £63.89m.

The overall position across all Portfolios is shown below: -

Total Approvals Q1 (June 2023)	Future funding	In year funding	Forecast Expenditure to 31/03/2024	Actual Expenditure to 30/06/2023 (Month 3)	Forecast Variance underspent / (overspent)
£000	£000	£000	£000	£000	£000
110,310	46,421	63,890	63,890	10,379	-

5.1.2 Previous reports have identified overspends against the Childcare Offer – Swffryd Scheme project, totalling £72,248. A variation request has been submitted to Welsh Government for virement of funding from an existing approved scheme, that no longer requires the funding. It is anticipated that a decision will be made by Welsh Government Panel in July 2023. In anticipation of the variation request being approved, the project has been shown as fully funded. Officers will update members of the outcome in due course.

5.2 Risk including Mitigating Actions

5.2.1 Expenditure against external funding approvals needs to be maximised in order to avoid loss of funding. If significant delays in capital expenditure are anticipated or contract costs rise due to inflation pressures and the cost of living crisis, liaison with funding bodies will be required at the earliest opportunity in order to secure approval for funding re-profile.

5.2.2 If funding re-profile cannot be agreed and capital schemes are not kept within budget, then capital reserves may be committed beyond affordable levels, with the

consequence that projects that have not yet commenced may be deferred or not undertaken, so impacting upon future Capital Programmes.

- 5.2.3 If capital schemes do not achieve the required level of expenditure within the correct financial year and project face significant delays, funding may be lost to the Authority and be detrimental to the Authority's chances of securing future funding.
- 5.2.4 The aforementioned risks are mitigated as far as possible through close working relationship with Budget Holders, Technical Services and external funding bodies such as Welsh Government. This ensures that where possible, funding is maximised or funding amendments are secured should the need arise
- 5.2.5 Where overall funding approvals are likely to be exceeded and additional compensatory funding sources cannot be identified, budget holders will initially report the consequences to the Corporate Leadership Team, including proposals to defer/delete other approved schemes.
