

Appendix 3

Tredegar H&WC Outline Planning Event – 16th May 19

Feedback 1

The proposal looks great just a few points:

The green roof is an excellent idea but have to be aware it will attract children. Parking on site is essential but thoughts of closing the parkin at night to stop drivers gathering and causing a nuisance.

Feedback 2

A positive way forward.

Feedback 3

Very pleased with the plans for now. Well Being Centre looks as it last we are getting what we want.

Feedback 4

Only issue I have is parking for Market Street.

Feedback 5

Hope you keep moving forward and it looks and feels very positive.

Feedback 6

Lovely idea, would like to see more mental health, drugs and alcohol misuse centres and specialist diabetes centre. Lovely facade and ideas and on keeping a bit of our heritage and original design of hospital.

Please could we have a veteran originated service as this I now becoming a national crisis?

Feedback 7

The proposals will improve access to services in Tredegar, and I look forward to using them.

Feedback 8

Encouraging plans – appear to be well thought out and sympathetic to the heritage of the building itself its purpose and the town. Only suggestion is that parking is given a high priority.

Feedback 9

Signs on Walls

Welling service under one roof.

Comments & Observations

- Good support for the development
- Community pleased that heart of old hospital being retained as recognition of its strong historical importance.
- Good to see investment in the area
- Strong community fabric/reach through which to work
- Long time coming but much welcomed
- Many see this as the next legacy for Tredegar
- Travel uphill may be difficult
- Absence of public transport
- Bat
- Parking
- Environmental issues when building starts (dust etc.)
- Concerns about parking in the area
- Where are site entry and exit points
- How do we keep site safe after hours
- Is my GP practice going in there?
- If so can it remain separate from the other surgery?
- Will we have more doctors?
- How will people be able to get involved?
- How can we share our stories of the past?
- Can we have some kind of museum to Nye Bevan/NHS in there
