

Street Lighting – Service review

Terms of reference

Priority 3

Legislative drivers and performance of the service

- To understand and confirm the Council's statutory duties in relation to street lighting and highway based power supplies;
- To review how our duties are discharged, including how priorities are arrived at and how resources are allocated;
- To review recent performance and the methods of performance measurement that are applied to this area;
- To review what service improvements are being implemented and what improvements could be implemented, to improve performance still further.
- To review whether the Council's own processes and response rate in dealing with street lighting is timely, effective and cost-efficient, and what effect the responsiveness of the utility companies can have on the service;

Priority 2

Stock Management & Assets

- Redundant stock
- List of assets on the various road networks.
- Monitoring systems
- Examine new technologies

Priority 1

Financial diligence

- Current revenue budget incl Energy costs
- Capital programme
