This is a key element to achieving "An ambitious and innovative council delivering the quality services we know matter to our communities"

5. Implications Against Each Option

5.1 Impact on Budget (short and long term impact)

5.1.1 The overall financial position as forecast at 30th June 2020 indicates an adverse variance of £24,000 against a total in year capital budget of £20m.

The overall position across all Portfolios is shown below: -

Total Approvals Q1 (Jun 2020)	Future funding	In year funding	Actual Expenditure to 30/06/2020 (Month 3)	Forecast Expenditure 2020/2021	Forecast Variance underspent / (overspent)
£000	£000	£000	£000	£000	£000
61,363	41,347	20,016	2,168	20,040	(24)

5.1.2 Despite the Covid-19 Pandemic actual expenditure to June 2020 of £2m is £300,000 higher compared to Quarter one in financial year 2019/2020. Should the pandemic situation continue to improve it is expected that Capital Expenditure will reach £20m by 31st March 2021.

5.1.3 The forecast over-spend of £24,000 relates to the essential capital works following adverse weather and the resulting flood damage in the early part of 2020. A Funding request has been submitted to Welsh Government.

5.1.4 Where overall funding approvals are likely to be exceeded and additional compensatory funding sources cannot be identified, budget holders will initially report the consequences to the Corporate Leadership Team, including proposals to defer/delete other approved schemes.

5.2 Risk including Mitigating Actions

- 5.2.1 Expenditure against external funding approvals needs to be maximised in order to avoid loss of funding. If significant delays in capital expenditure are anticipated or contract costs rise due to a second wave of Covid-19, liaison with funding bodies will be required at the earliest opportunity in order to secure approval for funding re-profile.
- 5.2.2 If funding re-profile cannot be agreed and capital schemes are not kept within budget, then capital reserves may be committed beyond affordable levels, with the consequence that projects that have not yet commenced may be deferred or not undertaken, so impacting upon future Capital Programmes.
- 5.2.3 If capital schemes do not achieve the required level of expenditure within the correct financial year and a second peak of the Covid-19 pandemic materialises, funding may be lost to the Authority and be detrimental to the Authority's chances of securing future funding.
- 5.2.4 The aforementioned risks are mitigated as far as possible through close working relationship with Budget Holders, Technical Services and external funding bodies such as Welsh Government. This ensures that where possible, funding is maximised or funding amendments are secured should the need arise
- 5.2.5 There is a potential risk of increase in Constructions costs & services following the ongoing situation regarding Brexit.
- 5.2.6 Brexit has been added as an organisational risk to the corporate risk register, whilst a separate, more detailed Brexit high level action plan has been developed and is being monitored by the Brexit Core Planning Group.
