1. Purpose of the Report

- 1.1 To seek Council approval of the Self-Assessment report 2021/22 found at appendix 1.
- 1.2 The Self-Assessment provides a retrospective and factual account of the activity undertaken by the Council during the previously financial year 2021/22. It has been developed in line with the requirements as outlined in the Local Government and Elections (Wales) Act 2021.

2. Scope and Background

- 2.1 The Self-Assessment is a new requirement for all local authorities across Wales as outlined within the Local Government and Elections (Wales) Act 2021. The Act requires each council in Wales to keep under review, through self-assessment, the extent to which it is meeting the 'performance requirements', that is the extent to which:
- It is exercising its functions effectively
 - It is using its resources economically, efficiently, and effectively
 - Its governance is effective for securing the above
- 2.2 Local authorities are required to produce a self-assessment once every financial year in order to assess activity over the past year and to consider the required activity for the coming year.
- 2.3 Self-assessment is a way of critically, and honestly, reviewing the current position in order to make decisions on how to secure improvement for the future.

- 2.4 Self-assessment of how the council is meeting the performance requirements places ownership of performance and improvement firmly with local government. Considering the extent to which the council is meeting the performance requirements is a corporate, organisational assessment, rather than an assessment of individual services, aimed at ensuring the council's ability to respond to the changing environment in which it operates.
- 2.5 The council needs to have an evaluative culture and mindset embedded in all it does, rather than see self-assessment as a standalone process to be completed once a year. The self-assessment process has been embedded as part of the council's performance management framework and is aligned to the Council's Corporate Plan and Business Planning process.
- 2.6 The Well-being of Future Generations (Wales) Act 2015 is also a key piece of legislation when undertaking self-assessment. The Council is required to meet the duties under this Act in accordance with the sustainable development principle, the Well-being Goals, the core set of corporate governance activities and the five ways of working.
- 2.7 A further requirement of the Local Government and Elections (Wales) Act 2021 is for each local authority to hold a panel performance assessment once in an electoral cycle, providing an opportunity to seek external insights (other than from auditors, regulators or inspectors) on how the council is meeting the performance requirements. This will be progressed in years 2 to 3 of the political cycle.
