<b>6. Next Steps</b>	34-35

## **1.1 Background and Context**

The CS092 investigation (“the investigation”) was opened by the Welsh Language Commissioners Office (WLCO) in November 2021 (see appendix 1). Following concerns raised during a direct verification assessment of whether Blaenau Gwent Council was compliant with the Welsh Language Standards in terms of providing a Welsh language telephone service.

In April 2022, the Council provided an initial response to the investigation, which in turn raised further compliance concerns with regards to promoting services, assessing the language skills of staff, providing training opportunities and assessing the language needs of posts. This led to the terms of reference for the investigation being widened to include a number of additional operational standards.

In September 2022, a final determination of the investigation, in accordance with Section 77 of the Welsh Language (Wales) 2011 Measure, was provided to the Council. The determination outlined the steps required to reach compliance and expected delivery timeframes. It also requested the Council take forward an organisational approach (including clear accountability and governance framework) to develop an Action Plan, with a deadline 31 January 2023. The determination report was presented to the Council’s Corporate Leadership Team in September 2022. A written response was provided to the WLCO.

Results from the 2021 Census found that Blaenau Gwent’s population size has decreased by 4.2%, from around 69,800 in 2011 to 66,900. This is the second largest percentage reduction in population of 22 local authorities in Wales and Blaenau Gwent is one of only seven local authorities with a reduction in population. This also means that Blaenau Gwent now has the second smallest population in Wales, while in 2011 it had the third smallest population.

The 2021 Census identified 4,035 Welsh speakers living in Blaenau Gwent, which equates to 6.03% of its population.

The Council aims to help and enhance the availability of Welsh Primary school education and in Secondary schools through our Welsh in Education Strategic Plan 2022/32 and Welsh Language Promotion Strategy 2022/27, which will assist in raising the number of Welsh speakers in Blaenau Gwent. Moreover, we will be actively supporting the advertising of Welsh language training courses to adults and our own staff who live and work in the locality.

## **1.2 Action Plan Development Approach**

A decision was made by the Council's Leadership Team to establish an organisational Core Officer Group (CS092) who are responsible for preparing the Action Plan and the supplementary Advice Document.

The group are responsible for:

- Conducting a comprehensive review of how the organisation meets the Service Delivery Standards that are part of the investigation;
- Making a plan for how the organisation will achieve the Operational Standards throughout the organisation;
- Determining the staff needs for how the Council is going to ensure sufficient resources to meet the Telephone Standards;
- Improving the awareness across the organisation of what the standards relevant to the investigation require (especially regarding the language skills assessment, Welsh language training and evaluating the language needs of posts); and
- Creating, developing and then carrying out the CS092 Action Plan.

The group met several times to talk about the investigation's needs and to work on a draft Action Plan. The Professional Lead for Engagement, Equality and Welsh, Welsh Language Support Officer, and Action Leads also had individual meetings to finish the main details of the draft plan.

A Microsoft Teams Channel was set up for the Core Officer Group to regularly exchange files, information and progress reports as well as help with initial implementation work.

The final draft Action Plan was presented to the Corporate Leadership Team for review and was approved on the 26th January 2022.

The Welsh Language Commissioner approved the action plan under section 80(3) of the Welsh Language Measure (Wales) 2011 on the 5<sup>th</sup> of April 2023.

## **1.3 Purpose of Report**

The purpose of this report is to provide an update on actions taken to implement the Action Plan written in response to the investigation opened on the Council by the Welsh Language Commissioners Office. For background information on the investigation's findings and our monitoring procedures please see Appendix 1.

## 2. Telephone Actions

The investigation was opened due to concerns raised during the WLCO's monitoring of the Council's compliance with the Welsh Language Standards. The following information provides an update on the work that has taken place to improve our compliance with the standards raised during the investigation surrounding our telephone services.

### Standards raised during the investigation:

**Standard 8:** When a person contacts you on your main telephone number (or on one of your main telephone numbers), or on any helpline numbers or call centre numbers, you must greet the person in Welsh.

**Standard 11:** When a person contacts you on your main telephone number (or on one of your main telephone numbers), or on any helpline numbers or call centre numbers, you must deal with the call in Welsh if the person so wishes –

- a) until it is necessary to transfer the call to a member of non-Welsh speaking staff who can provide service on a specific subject matter; until no Welsh speaking member of staff is available to provide service on that specific subject matter.

**Standard 17:** When there is no Welsh language service available on your main telephone number (or on one of your main telephone numbers), on any helpline numbers or call centre numbers, you must inform the caller (whether by means of an automated message or otherwise) when a Welsh language service will be available.

### Council Action:

The staff guidance on how to use the Welsh language when answering phone calls was reviewed, which involved assessing feedback from the 'Connect to Blaenau Gwent' (C2BG) call handlers.

As an outcome of the evaluation, the guidance on the intranet for staff was made simpler and better, with sound clips of each phrase, one said slowly and one at a normal speed. These changes are meant to make the guidance easier to use, for staff who do not have any Welsh language skills. This updated guidance was used to help create more training for staff with lower levels of Welsh language ability. **(Related to action points references S8.1a, S8.2a, S17.1a)**

The revised guidance has also been incorporated within the 'Employee Induction Process' for all new members of staff. (See page 16 for more information).

The updated guidance also provides a process map for accessing a Welsh speaker in the cases where a fluent speaker is required to assist with a call **(S11.1a)**. To support this process regular reminders to staff to update their language skills as part of their staff profiles have been circulated **(see Appendix 2)**, this has helped ensure we are maximising our Welsh language skills for telephone support as part of the CS092 Communications Plan **(S8.3a, S11.1b, S11.1c, & Appendices 3, 4, 5 and 6)**. As a result, several 'Welsh Language Champions'

across different service areas have been identified **(S11.1d)**. Furthermore, it is hoped that a further increase of champions will be identified as a result of our updated recruitment process' **(S11.2d)**.

As part of the Welsh Language Communications Plan **(S8.3a)**, we have informed all staff about the updated guidance that stresses the importance of greeting callers in Welsh **(See Appendix 8)**. Customer facing staff managers have also gone to a briefing session to reinforce the importance of maintaining the standard **(S8.2b, S8.3b)**.

As the demand for Welsh language calls within our area is low it has been imperative that our staff are still having the opportunity to practice Welsh language telephone procedures with the support of our Welsh language Officer **(S11.2c, S11.3c)**.

One of the ways the Welsh Language Officer provides support is by doing internal monitoring calls. The checks have shown mostly good progress in handling Welsh Language calls and when problems have occurred it has enabled solutions, for example one occasion identified a lengthy delay in identifying a Welsh speaking member of staff. This delay was of no fault of the call centre staff who had followed the telephone procedure accordingly. Therefore, to avoid similar situations in the future a Microsoft Teams' channel was created to include all call handlers and identified Welsh Speaking Staff across the organisation **(S11.1b)** (including the Welsh Language Champions) **(see Appendix 9)**. The channel has enabled instant messaging of availability for to support Welsh Speaking callers **(See appendix 10)**. We remain in the early stages of implementation of this channel and will continue to review its functionality. We intend on sending more communications to all staff and directly to managers, to ensure all relevant staff are included within the channel, as well as considering how we can embed the action of adding customer facing staff to the channel, into the Corporate Induction process.

As part of this action plan, the Strategic Transformation Team have been conducting a comprehensive telephony review across the organisation. The review has helped us to find out which telephone numbers receive the most calls and have automated messages **(S8.1b, S8.4a, S17.1b)**. After finding out that the C2BG Contact Centre, Council Tax/Revenues and Housing numbers are the busiest lines, we have been able to examine the automated messages linked to these lines. Therefore, the automated messages have been revised to meet the standards and provide better service by being more concise and consistent. **(See Appendix 11)** The uniform greeting that we have applied across the updated lines is the one that staff should use from now on when they think about the Welsh language needs of a phone service (see slide 16 of appendix 11 for universal greeting) **(S8.1c S8.4b)**.

The service areas associated with the Telephony Review, alongside a number of staff from the Children and Adults Information Advice and Assistance teams, are currently attending weekly tutor-led virtual Welsh language training. **(S11.2a, S11.2b, S11.3a, 17.3a)** The course is a part of the Work Welsh Scheme delivered by Dysgu Cymraeg / Learn Welsh and is fully funded. The course will run for 35 weeks, meeting for two hours weekly accumulating 70 hours of training, those attending the sessions have also formed a community of practice to reflect on what they have learnt in between sessions. **(S11.1d)**

**Standard 8: When a person contacts you on your main telephone number (or on one of your main telephone numbers), or on any helpline numbers or call centre numbers, you must greet the person in Welsh.**

S8.1 The Council must develop a standard Welsh language telephone greeting.

### **3. Training**

**Standard 130: You must provide opportunities during working hours**

- a) for your employees to receive basic Welsh language lessons, and
- b) for employees who manage others to receive training on using the Welsh language in their role as managers.

**Standard 131: You must provide opportunities for your employees who have completed basic Welsh language training to receive further training free of charge to develop their language skills**

**Standard 132: You must provide training courses so that your employees develop –**

- a) awareness of the Welsh language (including awareness of the history of the language and its place in the culture of Wales);
- b) an understanding of the duty to operate in accordance with the Welsh language standards;
- c) an understanding of how the Welsh language can be used in the workplace

**Standard 133: When providing information to new employees (for example, by means of an induction process), you must provide information for the purpose of raising their awareness of the Welsh language.**

**Council Action:**

The Standards noted above are in place to ensure our organisation is providing Welsh related training opportunities for all staff. While the Council has provided training opportunities to staff since the Welsh Language Standards were introduced, the following update outlines the actions we have taken to be more proactive in encouraging staff to access our training provisions.

The 'Post-Entry Training Policy' (*see Appendix 12*) provides guidance to managers and their staff around the logistics of training during working hours. This policy concerns itself with courses that lead to a formally recognised qualification. We recognise the importance for staff who consult this document for guidance to know about all the Welsh courses at different levels, because we know that Welsh skills are beneficial for all roles (**S130.1a**). Therefore, we a section has been added to the policy (*see p.3 section 1.5 of appendix 12*) that directs staff to the Welsh language training procedure (**S131.1a**) (*see appendix 13*).

This action plan developed the training procedure to meet the training needs, (**S132.1a**) which included Welsh language awareness; the obligation to follow the standards; how to apply the Welsh language in the work setting; and language courses from beginner to advanced (**S132.1a, S132.1c**) (*See appendix 14 for examples of resources on the Council's intranet*). The changes to the procedure were noted in the managers' brief (*see appendix 15*) encouraging managers to familiarize themselves with the procedure and inform their staff of the updates (**S132.1d**). Furthermore, it is standard practice to attach the procedure when responding to any queries from staff regarding Welsh language training (**S130.1b, S131.1b**).

We also send regular reminders to all staff regarding the training opportunities available to them **(S132.2b)** *(see appendix 16 and 17 for some examples)*.

The training procedure and the recruitment authorisation form (see recruitment actions) state that managers must inform the Welsh Language Support Officer when their staff start any Welsh training. **(S130.2b, S131.2b)**.

One of the actions in the plan is to provide a Welsh language training package through the new e-learning portal that is being developed, by October 2023. However, the new portal will not be accessible to staff until mid-April 2024. Therefore, while Welsh language training is included in the portal's design, this action has been delayed. As a result, the development of a stronger monitoring procedure that ensures Welsh language training is repeated regularly through the e-learning portal will start once the portal is ready for staff use **(S132.2a)**. As an interim measure, our monitoring is done via email messages sent to our Welsh Language Officer when a staff member has finished an online unit, and quarterly summary reports obtained from Dysgu Cymraeg. Managers also need to inform the Welsh Language Officer if any of their staff starts any Welsh related training. As mentioned above, this message is emphasized in our training procedure, and recruitment authorization form. This information is shared in the Welsh Language Annual Report **(see Appendix 18)** **(S130.2a, S131.2a, S131.2b)**. We are close to launching the new training portal, 'Thinqi', where the Welsh Language will have a prominent role in the induction courses for staff.

The induction programme on the Council's intranet has been updated to encourage more active compliance with the Council's Welsh language requirements. A key improvement is directing employees to the Welsh language guidance and training aspects related to the telephone procedure **(S133.1Ai, S133.1Aii, S133.2a)** **(See Appendices 19, 20, 21)**. To ensure managers are applying these changes, the revisions to our induction procedure were included in the managers brief **(S133.1b, S133.2b)** **(see Appendix 15)**.

It is important to note that at this stage not all recruitment related documents are available in Welsh, this is due to budgetary matters. Our Organisational Development team are currently undergoing a review of all policies and procedures, including moving to a modified version of 'iTrent' and training portal 'Thinqi', as such the documents will be translated when the portfolio of work is undergoing transition.

**Standard 130: You must provide opportunities during working hours - (a) for your employees to receive basic Welsh language lessons, and (b) for employees who manage others to receive training on using the Welsh language in their role as managers.**

## **4. Recruitment**

**Standard 127:** You must assess the Welsh language skills of your employees.

**Standard 136:** When assessing the requirements for a new or vacant post, you must assess the need for Welsh language skills, and categorise it as a post where one or more of the following apply:

- a) Welsh language skills are essential
- b) Welsh language skills need to be learnt when appointed to the post;
- c) Welsh language skills are desirable; or
- d) Welsh language skills are not necessary

**Standard 136A:** If you have categorised a post as one in which Welsh language skills are essential, desirable or need to be learnt, you must:

- a) specify that when advertising the post, and
- b) advertise the post in Welsh

### **Council Action:**

The staff profiles on the 'iTrent' system allow the council to monitor the language abilities of the staff. The data is published as part of our Welsh Language Annual Report (***see Appendix 18***). The data also helps us with our service delivery, for example when we undertake Welsh Language monitoring calls (***S127.2a***).

The Council follow the Association of Language Testers in Europe's (ALTE) framework to evaluate the skills of staff, based on staff self-assessments on 'iTrent'. When considering the Welsh Language Skills Assessment Procedure, we had given thought using the Common European Framework of Reference (CEFR). However, after undertaking an initial trial with Managers, we identified that staff felt that the standards in the CEFR's beginner levels were too high and could make staff who would normally think they have the basic skills in the ALTE framework to lower their levels to a level 0. As a result, we continue to use the familiar ALTE framework but have amalgamated the Senedd's 'Courtesy' level and the ALTE frameworks level 1, (***see Appendix 22***) as we hope to break the stigma surrounding Welsh language abilities we have encountered when talking with our staff and learning from our Welsh language networks (***S136A.1b***). A copy of the framework is available to staff on the 'iTrent' system to make it a more simple and quicker for all staff to keep their language skill levels up to date. (***S127.1a, S127.2b***) (***see Appendix 23***).

The introduction of 'Courtesy Level' has helped staff to understand their own abilities and how they contribute to our organisation, as well as making them more aware of training opportunities available. We created an internal and external communication campaign that showed the benefit we as an employer get from this 'Courtesy Level' Welsh (***S127.1c, S127.2c, S136a.1c***). We were happy to see that this campaign was used as an example of good practice at a Regional Welsh in Education Network Meeting that discussed the Draft Engagement and Marketing Strategy in October 2023. (***see Appendices 24 and 25***)

The recruitment process has been updated and improved to include a check of the language skill requirements for each role before posting new vacancies. The Recruitment Authorisation Form has been changed (*see Appendix 26*) to include a flowchart that will decide the level of skills needed on the job advert and the training the successful applicant will have to complete (*S136.2a, 136a.1a*). The form now accounts for the Welsh language capacity of the existing staff in the group and the department's ability to offer services in Welsh (*see Appendix 26*). The form also considers how often the role needs to interact with customers to provide the right level and amount of mandatory training. The expected outcomes of these changes are to raise the number of roles that are advertised as requiring Welsh language and increase the number of staff who take training.

These pivotal updates have been promoted to managers through all manager correspondence (*see Appendix 27*), presentations at Departmental Management Team meetings, and is included within the Welsh at Work Guidance sessions being provided across the organisation via the Welsh Language Officer. (*S136.1a, S136.3a*)

We have trialled the use of online platforms to recruit Welsh speakers, for example when we posted the vacancy for our new Welsh Language Officer (*S127.1b*), and we anticipate that these platforms will be used more often now that more positions will require Welsh skills. However, given the current financial situation that we and most Councils face and the cost per advert between £100-£150, it is likely that the positions advertised through these platforms will be those that need the higher-level skills. Nevertheless, we will keep using our networks to share our vacancies that require Welsh language skills at any level to help us recruit more Welsh speaking staff. Also, in the last weeks of this action plan, we have revised the job advert template that managers use for internal and external roles, to include a statement that we welcome applications in Welsh and a link to the Welsh language application form. This statement is visible on the advert without having to click on the job description to find out if one can submit their application in Welsh. (*see Appendices 28 and 29*)

## **5. Promotion of improved Welsh language service**

**Standard 81: You must promote any Welsh language service you provide and advertise that service in Welsh.**

Council Action:

As part of concluding the CS092 Action Plan, we feel as a Council that we are in a better position in delivering our services bilingually we have started rolling our campaign created in accordance with Standard 81. We have mirrored Carmarthenshire County Council's '[Pa bynnag ffordd... / Whichever way...](#)' campaign as noted by the Welsh Language Commissioners Office as an example of good practice. We hope this will encourage our residents to utilize our Welsh language services, not only to increase their abilities and opportunities to use the language but also to use the practice as a tool to monitor the functioning of said services (***see Appendix 30***).

**Standard 81: You must promote any Welsh language service you provide and advertise that service in Welsh.**

**S81.1 For specific promotion campaign about the Welsh language telephone services would be advantageous. Such a campaign should be carried out when the body is confident that its Welsh language telephone services comply with the service delivery Standards.**

## **6. Next Steps**

- Revise Core Group Membership
- Welsh Language incorporated within Corporate Business Plans
- Funding Developments for 2024-25
- Communication and Engagement Plans

### **Overview of Key Steps**

As we conclude the Action Plan we would like to note the planning and dedication shown during its implementation. As a Council we feel the Action Plan has created positive change not only with the actions themselves but also in terms of staff's awareness of the Council's duty to work in line with the Welsh Language requirements.

The 'core group' has played a crucial role in the plans delivery of each action, serving as a consultation group to showcase progress and offer input. Therefore, we are proposing that going forward the group is re-named and revised to become focus group to assist, implement and review our Welsh Language requirements which will aim support our continuous improvement.

Furthermore, the increased awareness of the Welsh language requirements has supported the work to strengthen the inclusion of the Welsh language into our business plans. Working closely with the Corporate Performance Management Team we have developed internal monitoring/accountability arrangements, to ensure quarterly feedback from a range of departments on how their work has contributed to the aims set out in the Welsh Language Promotion Strategy.

Building on the progress made during this plan, we have been successful in securing Shared Prosperity Funding, which we are using to increase the visibility of the language and culture in the area. Part of this funding is being used to enhance the Welsh language capacity within the Council which is already receiving positive feedback through the delivery of Welsh language guidance support sessions throughout the organisations. The sessions help staff understand how to work in accordance with the Councils Welsh language policies, how to access the guidance and what opportunities there are for Welsh language training.

The funding is also being used to work closely with our Corporate Communications Team to deploy a Welsh language Communications Plan that educates and raises the profile of the language and its place in Blaenau Gwent culture. The Communications Plan has been endorsed at a corporate level with agreement from our Education department to support us in our endeavour to make Blaenau Gwent an actively Welsh area. We will also be using part of this funding to support the planning and delivery of local Welsh activities that will contribute to the increase in number of Welsh learners and speakers across the borough. We look forward to expanding on Welsh language work completed outside of the action detailed in the CS092 Action Plan in our forthcoming Welsh Language Annual Report.
